POMONA GRANGE HOLDS MEETING

Large Attendance Is Had and Resolutions Are Passed.—Splendid Dinner Is Enjoyed.

Washington County Pomona Grange met in Forest Grove on Wednesday of last week with an attendance of 250. During the business session the following resolutions were adopted and ordered published in the Oregon Journal, The Oregonian, News-Times, Hillsboro Argus, the Hillsboro Independent and Beaverton Times.

Whereas, the Federal Board having reduced the wages of the employees of the R. R. last July to the extent of \$400,000,000 annually and Railroad rates have not been reduced accordingly; therefore, Be it

RESOLVED, That Washington County Pomona Grange in session Oct. 26, 1921, goes on record as demanding a reduction of rates in keeping with the reductions of the employees wages. Be it

RESOLVED, By the Pomona Grange of Washington County, that we endorse and approve the stand of State Treasurer O. P. Hoff in declaring that the increased salary offered Mr. Kuser as Superintendent of the State Training School is excessive and wholly out of reason for the services required from that officer. There is no good reason for paying him a greater salary than he and Mrs. Kuser now receive in Iowa, which is the equivalent of about \$4,000 per year. The proposed salary is equivalent to more than \$8,000 per year.

To the Worthy Master and members of Washington County Pomona Grange:

Whereas: The Steel Trust has not made any material reduction in the price of their products, and the price of farm products has decreased anywhere from 50 to 200%. Be it

RESOLVED, That the members of Washington County Pomona Grange agree not to buy any of the products of the Steel Trust or any farm machinery manufactured from their products that can possibly do without until prices reach near a pre-war level. Be it further

RESOLVED, That a copy of these resolutions be published in the National Grange Monthly with the request that all Granges in the United States take action and endorse these resolutions.

During the Lecture hour W. S. U'Ren explained the "Proposed Constitutional Amendment for Basing Election of Representatives on the Voter's Business Occupation, instead of Partisan Politics, Abolition of State Senate and Subordinating Executive Department.

A committee of five was appointed to arrange for an exhibit at the National Grange Convention to be held in Portland, Nov. 18th to 25th. Mr. Burkhalter, of Hillsboro, is chairman.

At the noon hour over 300 sat down to tables loaded with the good things provided by the ladies of Gale and Dilley Granges. If you had been there you would have seen that the Grangers of Washington County do not believe in sending all of the best to market but want a part of the fruits of their labors themselves. There were roasted chickens, fried chicken, cold boiled ham, beef and all kinds of salads, baked beans and green beans, pies and cakes and apples and the best coffee you ever drank.

In the evening there was a community sing led by one of our over-seers Y. M. C. A. Song Leaders. This was followed by a delightful literary program by members of the Grange.

After the program sixty-five took the degree of Pomona, after which all present were served to cider, cake and grapes, and everyone went home feeling that they had had a day profitably spent in discussing subjects of vital importance to the farmers of the County and meeting many old friends and making new ones.

Dance at Haber Saturday Night
The Haber Commercial Club will give a dance Saturday night, November 5, for the benefit of the Council Crest-Ross Island site fund. All are cordially invited to attend.

Prospects for Light Good
A committee headed by D. A. Norton, of Haber, has been busy with the State Public Service Commission in an attempt to secure electric lights along the highway between St. Mary's and Reedville. A survey is being made of the possible revenues and the probable cost and a hearing will be held in Haber in the near future which will probably result in an order being made for the North Coast Power Company to supply this service on the payment of approximately \$25 by each of the property owners.

BEAVERTON BEATS SCAPPOOSE 19 TO 0

Hillsboro High to Be Met next Friday—Junior Paper Appears—One Day of School Next Week.

Coach Mather's Beaverton High School eleven walked onto the field last Saturday morning at 10:00 o'clock, full of confidence of their ability to hold the Scappoose All-Stars. Within a few minutes they had justified all the hopes of the fans. The first quarter opened up decidedly in Beaverton's favor, and before it had progressed very far Ernest Masters went over the line for touchdown. Cook failed to convert the rather difficult try into a goal. Score, Beaverton 8; Scappoose 0.

The second quarter was equally in Beaverton's favor. Shortly after the kick-off, Scappoose fumbled and Beaverton recovered the ball and soon carried it to a touchdown. Cook again failed at goal and the score stood 12 to 0 in favor of the locals at the end of the half.

The third quarter was hard fought until near the end when Beaverton secured the ball on Scappoose's 15-yard line and Kearns sent Jake Smith over the line for the third touchdown. Cook converted the try into a goal and the score was 19 to 0 as the quarter closed.

The fourth quarter opened up with the ball in Scappoose territory. Determination seemed written on both teams and they struggled hard and evenly back and forth across the field, exchanging punts and attempting open football at times. The ball was kept mostly in the possession of the locals, however, and the game closed with the ball on Scappoose's five-yard line and in possession of the B. H. S. plungers. It was freely predicted that another minute would have meant another touchdown.

The stars for Beaverton were Masters, Smith, Kemner and Merrill. Sprout and Jones also showed up well and Kearns showed remarkable generalship in handling his men. Mather's coaching against the line tactics of the Scappoose aggregation showed up well to those who saw the previous game. The lineup was as follows:

BEAVERTON—Sprout, re; Kemner, rt; Stephens, rg; Stump, lg; Kearns, q; Masters, rh; Merrill, lb; Smith, f. Substitutes: Jones for Mather; Baldwin for Sprout; Throop for Stephens; Graif for Jones. Linemen—Miller and McKay; referee, Schraeder.

HIGH SCHOOL

Tuesday morning was the morning after the night before. The school-house presented a very demoralized appearance. Books, pens, papers and notebooks were scattered in wild confusion and the insignia of the Hillsboro High School, "H. H. S." were emblazoned on windows and the front of the building. We hope that our neighbor students of Hillsboro High were not represented in the party which visited Beaverton that night.

Lotam Cromwell, who attended Beaverton grade school in 1919, has just completed an enlistment in the army and visited high school classes here this week.

Owing to the Teachers' Institute at Hillsboro three days of next week and Armistice Day on Friday, we will have school only on Monday.

Mrs. J. T. McGlasson visited school Thursday. She is from Hillsboro and the wife of our Professor McGlasson.

The Juniors are putting out a school paper. The first issue sold readily and the second issue will be out soon. It will be better than the first for we have our new stencils now. Now is the time to subscribe and advertise and boost your school.

Eloise Parker is back in school after a two weeks' absence. She spent a week at Hillsboro but likes the local school best, especially after Hillsboro took the short end of a score of 69 to 0 with McMinnville at football.

Beaverton will play Hillsboro Friday at Hillsboro. A big turnout is expected.

One of the features of Saturday's game was the big crowd of rooters led by Cecil Emmers. They certainly did their part in winning the game.

Mrs. A. E. Norris and daughter Ines left last Thursday for Roy, Idaho, where they will spend a month visiting Mrs. Norris' mother.

Dr. and Mrs. Karl Swenson and son Reed, of Portland, were guests of Mr. and Mrs. E. E. Swenson last Sunday. The W. C. T. U. will meet next Wednesday, Nov. 9th, with Mrs. R. D. Williams.

GRANGE TO DEBATE NEXT SATURDAY P. M.

Members Will Discuss "Resolved, that a Child Should Choose its Own Occupation."—Everyone Welcome.

Next Saturday afternoon, November 12, at 2:00 o'clock, members of Beaverton Grange will take part in a debate on the question, "Resolved, that a Child Should Choose its Own Occupation." Mrs. Doy Gray will lead the affirmative and J. W. Barnes will sustain the negative.

As this is a question of interest to everyone and as the admission during the lecture hour is free to everyone, it is hoped that a large number of local residents will avail themselves of the opportunity to take part whether members of the grange or not.

ARTHUR HAULENBECK

Saturday the community was shocked by the announcement that Arthur Haulenbeck, Beaverton resident and well-known Portland musician, had dropped dead in his studio in Portland while awaiting the arrival of a pupil. He was perfectly well when he left Beaverton in the morning and conversed with passengers on the train. Arriving at his studio, he greeted attendants and other occupants of the building whom he met in his usual cheery manner and entered his studio. A few minutes later, a student entering the studio, found him active and about his work. He gave instruction, the pupil departed and he sat down for a few minutes' rest, awaiting the arrival of the next pupil. The second pupil, a little girl, entered the studio to find him sitting in his chair without a sign of life. She gave the alarm and medical aid was summoned. Dr. Edward Allen Pierce found that death had come instantly and without pain and had resulted from heart disease.

Professor Haulenbeck came to Portland six years ago from Manhattan, Kansas, where he was a recognized leader in musical endeavor. He at once became a leader here and was recently elected president of the Portland Symphony Orchestra. He was 50 years of age.

He leaves to mourn his untimely going a widow, his parents, Mr. and Mrs. C. A. Haulenbeck of Beaverton, three brothers, George of Sappula, Okla., and Frank and John of Beaverton, and one sister, Mrs. Gertrude Johnston, of Houston, Texas. He had a large acquaintance in both Beaverton and Portland and his list of friends was limited only by the people he had met.

Funeral services were held Wednesday at the Portland Crematorium.

THE GIRL THAT WAS IN LOVE

There peered upon life's pictured screen,
A lovely child, I called her "queen."
She grew into a charming girl
With laughing eyes and hair a-curl,
And oh, she was so full of fun
Her laughter cheered up everyone.

All seemed to recognize her worth,
For she was bubbling o'er with mirth.
Then sorrow came and gazed awhile
But fled before her laughing smile.
She looked on earth and heaven above
And said she really was in love.

She was in love with all the flowers,
The waving trees and shady bowers,
The sun rose came and gazed awhile
But fled before her laughing smile.
She looked on earth and heaven above
And said she really was in love.

She loved the stars, the winds that blow,
And loved to watch the drifting snow.
She loved the pattering raindrops' fall
But loved the sunshine best of all.
She loved the lurid lightning's flash,
But loved still more the thunder's crash.

She loved to wander in the night
Beneath the moonbeam's dreamy light,
She loved to listen, when she could,
To tinkling sleigh bells thru the wood,
And loved to join the hearty cheers
When she came in with frozen ears.

When asked if put down to a tent
What object did she like the best,
She seemed to hesitate to say,
But in a far off dreamy way,
With cheeks as rosy as the west,
She said she loved the boys the best.
And so, to crown her earthly joy
She went and wed a romping boy.

LIGHTNING STRIKES GEESE

Note—In a recent electric storm near Seattle, lightning struck a flock of geese and they fell from the sky like rain.

It rained pitchforks a saying old
It rained like cats and dogs
We know that aneurisms have rolled
From clouds as well as frogs.

But when it comes to raining geese
From the orbs in the sky
Our belief in such things will cease
And brand it as a lie.

And as the geese fly south somewhere
To miss the cold and snow
We hear their honking in the air
And honks from cars below.

A flock of them flew overhead
'Twas somewhere on the Sound
A flash of lightning left them dead
And they fell to the ground.

Seattle out not very far
A man went for a ride
Some of the geese fell on his car
And many dropped beside.

And then he eased up on his gas
When the thud thud was heard
The rear cars did not try to pass
They were after a bird.

The people living by the road
From home out themselves loose
And by their actions quickly showed
They planned to get a goose.

Mr. and Mrs. Jacob Schmitt, of Yakima, Wash., visited last week with his Uncle Jacob Schmitt and family, of Beaverton.

Mrs. D. R. Wheeler, of Aloha, is seriously ill in Portland. Mrs. Wheeler is the mother of Mrs. A. M. Hocken.

GEO. KLINE HIT AND ROBBED NEAR HOME

Former Employees of Standard Oil Company Relieve Him of \$150 After Assault and Holdup.

Saturday night as George N. Klein was closing the Standard Oil filling station at Carruthers Street, Portland, two former employees of the company came up to buy some oil. They succeeded in ascertaining that Klein had the money with him and then drove to the top of the hill where they allowed him to pass. They followed him to Beaverton and after turning their flashlights through the windows of his residence to ascertain whether he had entered the house, awaited his return from the garage in the John Frohauer yard. When Klein approached, they ordered him to put up his hands and when he complied, they hit him over the head with a board, choked him and tramped on his arms. Then they secured the company money amounting to \$150 and fled.

Klein recovered consciousness and sought to gain admission to his house, but Mrs. Klein, frightened by the action of the two men, had fastened the doors and had fallen asleep. She did not hear him call so he went to the Thyrng confectionery and called the sheriff. No clues were obtained in this manner but the suspicions of the Standard Oil authorities had been aroused and they succeeded in locating the driver who brought the men out to Beaverton and thus got their names and description. As a result two men giving the names of Cooper and Lamson are in jail in Hillsboro. Both are discharged employees of the Standard Oil Company. They have made a full confession.

Mr. Klein is again able to be up and about.

COUNTY AGENT'S REPORT SHOWS MUCH WORK DONE

The report of the County Agricultural Agent for the past year shows that 394 farm visits have been made; 183 meetings held and attended; that 1717 persons have called at the office for information or assistance of one kind or another; that 1651 personal letters have been written in handling the duties of the office, and 112 circular letters. Also 114 newspaper articles and news items have been sent out of the office.

The work of the County Agent naturally falls under two divisions, first, that of giving assistance in agricultural problems in organized communities, and second, giving assistance to individual farmers. The organized problems takes in dairy farming, horticulture, poultry, rodent control, farm crops. The reports of many of these activities have already been made through the press.

Kenneth Biersdorf, Leo Herb and Edgar Westcott will compose the stock judging team to represent the Banks Calf Club at the Pacific International Livestock Show, Henry Herb has been chosen as alternate. There will be fifteen teams represented at this show which takes place November 5th to 12th. The stock judging will be done November 7th.

FOREST GROVE APPLES ARE SHIPPED ABROAD

This is the first year that apples have been exported direct to Europe from Pacific Coast ports. Forest Grove has a consignment. During the last year several large steam ships have been equipped with refrigerated space for handling apples and a number of the large apple shipping organizations of the Northwest have been taking advantage of this means of securing cheaper transportation rates.

A box of apples shipped by the water route can be landed in England for a dollar a box, which means a saving of nearly 25 cents a box over shipping by rail to New York and thence by water.

The Oregon Growers association has exported nearly 15,000 boxes from the Unquapa and Willamette valleys and it is expected that the total will pass the 25,000 mark before the season is over.

Small sized apples bring higher prices on foreign markets than in the United States and the association has segregated its small apples for export in order to take advantage of the condition.

Care for export have been shipped from Forest Grove, Roseburg, The Dalles, Sutherlin, Sheridan and Corvallis.

Mrs. Bert Taylor, of Garden Home, visited last Monday with Mrs. E. E. Swenson.

Mrs. F. H. Allhands, of Portland, was the guest of her parents, Mr. and Mrs. H. O. Stipe Thursday.

Mrs. R. J. Hocken was called to Corvallis last week by the serious illness of her daughter Edna, who is attending O. A. C. Mrs. Hocken returned home leaving Miss Edna much improved. It was feared she had diphtheria, but it proved to be a very serious case of tonsillitis.

MEMORIAL HIGHWAY NAME GIVEN LOOP

Committee Meets, Organizes, Pickets Objectors and Selects Name for Highway Loop.

The organization of the Oregon Memorial Highway commission was completed at a meeting of delegates from the various towns along the west side loop highway held at McMinnville last Saturday. The idea was originated by the Women's Advancing club of that city and has been carried through by the persevering efforts of the chairman, Mrs. Winnie Braden, and her assistants, Miss Lenore Shulte and Miss Mamie Zielelman.

The residents of McMinnville and Newberg disliked the idea of relinquishing the name of the Pacific highway, but were convinced of the greater value of the name Oregon Memorial highway, so the committee presented the following resolution which was adopted:

We recommend that the road from Portland by way of Newberg to McMinnville and thence south to Eugene, on the west side of the Willamette River, be designated as the "West Side Pacific Highway." And we further recommend that the road now commonly known as the "Tualatin Highway" from Portland through Hillsboro to McMinnville and from McMinnville by way of Newberg to Portland be designated as the "Oregon Memorial Highway."

And that such steps be taken as may be necessary, to secure the designation of said Highway as herein recommended, by the proper legally constituted authorities.

Signed by: W. T. Vinton, R. J. Dennis, W. B. Dennis, G. S. Wright, S. B. Vincent, Paul Abraham, O. B. Gates.

The next meeting of the association will be held in McMinnville, November 10, when reports will be received from the following committees:

State highway commission—W. B. Dennis, Carlton; Major E. J. Elvers, Portland; Senator Vinton, McMinnville; Mrs. Braden, Portland; Paul Abraham, Forest Grove; Mrs. C. W. Rollins, Hillsboro.

The Portland Woman's Advertising club has pledged itself to plant the memorial trees representing the women of Oregon who made the supreme sacrifice in the late war, and it is proposed that a park space for this purpose be obtained at some place near the half-way point of the loop and dedicated to Oregon women.

COUNTY NURSE IS DOING GOOD WORK

Get-Together Meeting to Be Held in High School Building Monday Night.

There will be a get-together meeting of the Beaverton division of the Washington County Health Association Monday, Nov. 7th, 2 P. M. in the High School.

Mrs. H. L. Hudson, district chairman, earnestly asks all mothers and those interested in what this association is doing to come. Tea will be served. Many people in our community are unaware of the wonderful work being done by this Association, mainly through Miss Charlotte Walker, our County Health Nurse. When we realize the fact that she goes into every district in our county, not only on school work, but welfare work of all kinds, we conceive only in a small measure what her great work is. She goes into the homes of want, of sickness and sorrow, of filth and carelessness, all for the one purpose of helping to better that condition. Mothers are taught to care for babies in a better way and help given in general. These cases are kept under observation until all inharmonious conditions have disappeared.

Many cases of illness are reported to her and after careful investigation are reported to the proper authorities. But we, as an Association, need help and the co-operation and the good will of the people in our community. Many do not understand the why and wherefore of our Association and the great necessity of our work. Kindly come to our meeting Monday, Nov. 7, 2 P. M. and hear more of our work and meet our Health Nurse, Miss Walker.
