TWO LAWYERS WILL HELP IN CHILDREN'S FARM HOME DRIVE

Miss Manche Langley will be chairman for Washington county in the campaign to be conducted in the interests of the Children's Farm, which will be established near Corvallis by the Oregon W. C. T. U. She will be assisted by Thomas Tongue.

"We feel extremely grateful to think that these two busy attorneys have consented to help us in our work," says Mrs. Ada Wallace Unruh, campaign director of the farm home.

Miss Langley, who has been studying biology under Professor Strong, of Pacific University, said recently that her research work had led her to believe that it is much wiser to save children first than to try to make amends to them later.

The farm home is making a wide appeal to citizens all over the state. A recent contribution, which came unsolicited, was a check for \$50 from Mrs. Ellen F. Scott, of Forest Grove.

overland to Portland arriving in that city in July of that year. Two years later the family moved to Washington County where the daughter married Mr. Tongue on Christmas day, 1899. Following Mr. Tongue's death January 11, 1903, Mrs. Tongue, seven years later, returned to Portland where she lived until her death.

HOLSTEIN BREEDERS MAKE EXTENSIVE PLANS

Twenty supporters of the Black and White met at Hillsboro Saturday at the call of W. N. Hathorn, President of the Washington County Holstein Club.

Completing plans to support Boy's and Girl's Holstein Club reorganized the most attention from the members assembled.

It was voted by the Club to award a valuable silver cup as a trophy to the winner in Holstein classes of the Boy's and Girl's club work at the Banks Hog & Dairy Show, and also at the Scholls Community Fair. It is provided however, that both cups cannot be awarded to the same individual.

A committee from the various communities was appointed by the club to encourage Holstein Boy's and Girl's Club in the county as follows: A. D. Hill, Laurel; Thos. Carnichael, Gaston; Frank Connel, North Plains; J. W. Martin, Forest Grove; J. P. Vandervoort, Vesper; Robt. Warren, Watts; Chas. Herb, Roy; S. C. Inley, Banks and Grant; Brown, Reedville.

FOREST GROVE HAS MODERN MIRACLE

During recent weeks the News-Times has published testimonials of the healing of people at Hillside, at Thatcher, at Gales Creek, at Greham, at Portland and other cities where Bishop Lake has been conducting Divine Healing meetings.

This week Forest Grove joins the list with a real miracle of Divine Healing. At the Free Methodist Church on Monday night, where Dr. Lake is holding meetings, he asked any who had been truly healed of God to tell the story of their healing.

Mr. Lake—"What is your name?" Answer—"Charles L. Lousignont." Mr. Lake—"How long have you lived in Forest Grove and locality?" Answer—"All my life. Lousignont Lake near Thatcher was named after my grandfather. Two years ago I became a cripple, the result of a logging accident. A log higher up the mountain side broke loose and rolled down, striking me to the earth, and rolling over me. My hip was crushed and I have been a cripple and a constant sufferer ever since."

"At length the Medical Board passed on my case. I was reported PERMANENTLY DISABLED, and the Industrial Accident Commission paid me the sum of \$1,214.25. My claim was allowed Dec. 30th, 1920.

"Last week I attended Dr. Lake's meeting at the Free Methodist Church and Dr. Lake, Rev. Jerome Barber and Rev. Mrs. Barber prayed for my salvation from sin and the healing of my body, laying their hands on me as prayer was offered. There was no immediate result. I went home and during the night prayed and the Lord came and saved my soul."

"The next day I was ministered to again, and this time experienced partial relief. Then the following day I was ministered to for the third time, and before I reached my seat, walking perhaps fifteen feet, my pains had entirely gone, and the grinding in my hip ceased. I am perfectly well, my hip is free and strong, just as it used to be, and best of all I have become a Christian and purpose to honor my Lord with a Godly life, as a Christian should."

"I desire to thank God for it all, and to thank Dr. Lake, Rev. Barber, Rev. Mrs. Barber and all the dear people who so lovingly and patiently brought me to this boon of holiness and health."

FARM POINTERS

Seed Potatoes Inspected. Since there is so little certified seed potatoes this year the experiment station is receiving samples of potatoes which are being inspected for seed purposes.

Clean-Up Spray Due. The clean-up spray of lime-sulfur should be applied this month or early in March, choosing days when the weather is good.

Telephone Franchise Granted. The county court has granted a franchise to the Western Oregon Telephone and Telegraph Co., granting it permission to operate telephone lines on various roads between Forest Grove and the Columbia county line.

Our Liner Column is always interesting. There are bargains your neighbors have to dispose of. Read and use it weekly to your advantage.

The Orient is expected to be the greatest market for American products. We are nearest to it.

PNEUMATOLOGY OF HIGH ESTATE

From last week's study of the limitations of science, we may learn two lessons: First, that in the physical, the psychical, and the spiritual, science consists in what we know, in what we can demonstrate and prove experimentally.

The Law of Investigation. If we are to become acquainted with any department of science, we must comply with the laws governing the phenomena to be studied.

The Spiritually Blind. A blind man cannot apprehend light nor color. If blind from birth, words descriptive of light and color are meaningless to him, for there is nothing in his mind corresponding to such words.

The Search for a Soul. The physical senses are limited to the perception of things, physical laws, facts and phenomena. How unscientific, then, is the search for a soul with a soul!

Christ was Scientific. Jesus Christ was scientific both in the way He gained His wisdom and in what He taught. His knowledge of the higher life was experimental.

Christ was a Specialist. Christ was a specialist in the spiritual realm. If He knew more than others of the material universe, He did not reveal it.

Christ was a Specialist. Christ was a specialist in the spiritual realm. If He knew more than others of the material universe, He did not reveal it.

Christ was a Specialist. Christ was a specialist in the spiritual realm. If He knew more than others of the material universe, He did not reveal it.

The Washington Elm at Cambridge, Mass. Under which the General took Command of the Continental Army, July 3, 1775.

First. There was nothing in him tolerant of the West. England and its best allies with her shrews and snakes and fairfaxes and Lancelots.

He believed in the primacy of great possessions. Social justice in his time did not exist of American's attention given to economic justice--the right to work and trade, and be properly paid for the doing--and that in turn gave way in the public mind to the related rule of political justice.

OLD BULGRAVE MANOR HOUSE

BRICK INDUSTRY WOULD HELP PEOPLE OWN HOMES
"The brick industry is working out a scheme to raise a million dollars to aid home builders and is pushing a new and economical method of brick-laying so a brick home can be built more cheaply," said Ralph P. Stoddard, Secretary of the Common Brick
