Fisher paid a tribute to the Irish: "They have proved themselves among America's best citizens, a type we welcome to our shores, loyal to American, witty among America's best citizens, a type we welcome to our shores, loyal to America, witty among their friends and hard workers on the job. After centuries of oppression by England, and now to become the Irish Free State. In our own memories of 1776-I dare say that the sun shines a little brighter on the Emerald Isle this St. Patrick's day—even the shamrock is a little greener—and Shure Mike, those smiles on Irish faces have come to stay."

ALOHA RESIDENT

ANSWERS LAST CALL

E. A. Wolf, for 30 years a resident of Aloha, passed away at his home there last Sunday, March 19th. Had he lived until yesterday, he would have been 81 years of age. For the past two years he has been in failing health but it was only the Thursday before his death that he was confined to his bed. Gangrene, resulting from an injury to his foot was the cause of his death.

Funeral arrangements were in charge of W. E. Pegg and services were held in the Congregational church at Beaverton Tuesday afternoon, with Mrs. Maud Whitcomb, Christian Science practitioner of Portland, officiating. Interment was at the Crescent Grove cemetery.

E. A. Wolf was born in Germany, March 23, 1841, and came to America when just a young man, locating in Illinois. There on the 27th of May, 1871, he married Miss Lucetta Steinmill. Shortly after their marriage they removed to Nebraska, where they spent nearly 20 years before coming to Oregon.

To them were born ten children, seven of whom survive him. They are: Mrs. Anna Jensen, Stella, Wash.; Charles Wolf, of Portland; Otto Wolf, of Albany; William Wolf, of Los Angeles, California; Rudolph Wolf, of Beaverton; and John and Ernest Wolf at home. A brother, E. J. Wolf, of Portland, 87 years of age, also survives him.

In his early manhood Mr. Wolf learned the cigar maker's trade and followed it for many years. He retained his membership in the Portland local of the Cigar Makers' Union, but for the past ten years has lived upon his farm at Aloha.

During the latter years of his life he became interested in the teachings of Christian Science and followed them faithfully.

A wide circle of friends and acquaintances mourn his death and extend their sympathy to the bereaved family.

Miss Edna Hocken is home from O. A. C. spending her Easter vacation with her parents, Mr. and Mrs. R. J. Hocken.

W. O. Roberts, the genial president of the Transportation Club of Portland, possesses a normal amount of curiosity. He is a commuter and Saturday morning when the train stopped suddenly he wanted to know why. He put his head out of the window. It was not an accident, but merely a quick stop to avoid one, and just as he pulled his head in, the train started and the window caught his hat. Roberts equally several famous football rushes in getting over his fellow passengers and off the train. Fortunately the stop had been made at Madison street and the rear car was little past Jefferson.

K. E. Britch, of Huber, who had just alighted from the train, rescued the truant hat and Mr. Roberts recovered head gear without much difficulty, but next time he will hold onto his hat.

Good progress is being made on the house which A. M. Hocken is building for his brother, Frank H. Hocken, just south of the depot. They have plans under way for another house in the same addition. After leaving this city Mr. Foote was on the police force in Portland, but when this streak of economy struck that city recently, he was let out. He expects, however, to go on duty again soon.

C. C. Nelson, well known county road man, was in town Thursday for the first time since the accident last year in which he received injuries which have confined him ever since to a Portland hospital. A falling rock fractured both legs and he has undergone a number of operations, but surgeons predict that he will recover use of both. At present he has steel plates in one wound, but is able to move about with crutches.

Just before he made the leap, he discarded his crutch, cane and overcoat, leaving them on the bridge. He is survived by a daughter and a son in Portland and a daughter in Seattle.

FACTS OF LIFE ARE SHOWN BY MOVIES

Oregon Social Hygiene Society Lecturer Coming to Beaverton Monday Night. Admission is Free.

In accordance with plans made at the meeting of the Commercial Club last week, J. E. Waggoner, of the Oregon Social Hygiene Society, will be in Beaverton Monday night for the purpose of showing the film and delivering the explanatory lecture which accompanies them, which comprise this educational organization's showing for the general public. The films will be shown at Pacific Theatre, beginning at 8:00 o'clock and admission is free to everyone.

This show is said to be very interesting and entertaining and at the same time to present those universal facts of good health that everyone should know in a manner that makes them stick in the memory. The Times editor has not seen the films and can only repeat what others say of them, but if they are half as good as the reports that come from their showing, they present a lesson that is very important in a manner that you will enjoy.

There are two other lectures to follow this one in case the people of the community desire to see them and hear them. One of these lectures is for men only, for boys over 16 and for such under that age as their parents, teachers or others in a position to appreciate their development may desire to send. The other is a lecture by a lady which is given to women and girls only.

The following outline of the films is given by Mr. Waggoner:

Four Reels, Strictly Scientific Deals with Biology with special reference to Reproduction in general.

Shows by the aid of the microscope and moving picture camera, certain phases of life, such as:

Division of single celled animal of lowest forms.

Union of cells to form new individual as in starfish.

Fertilization and development of sweet pea.

Life cycle of butterfly and frog.

Development and hatching of chick from egg.

Embryo of rat in various stages.

INTERESTING MEET OF LEGION HERE

Beaverton and Sherwood Posts Formally Elected to County Council—Sherwood Gets Next Meeting.

Washington County Council, American Legion, met Monday evening with the Omer O. Akin Post No. 108 in the Grange hall. About 135 of the Legionnaires were in attendance, representing every Post in Washington County—Banks, Forest Grove, Hillsboro, Aloha, Sherwood and Beaverton.

At the business meeting Beaverton and Sherwood Posts were formally elected members of the Council and Sherwood's invitation to hold the Council meeting there in April was accepted.

State Adjutant Harry Nelson, was present and made a fine address on the aims and ideals of the American Legion. The unemployment situation was discussed and information given regarding the questionnaires soon to be distributed. The question of leasing land to Orientals also came up for discussion, and a resolution was adopted protesting such action.

After the business meeting a lively smoker was held under the direction of Carl Desinger and then the boys adjourned to eat "hot dog" sandwiches, cake and coffee. Incidentally we'll tell the world that "Swede" Erickson is a splendid coffee maker.

This meeting is but a forerunner of the splendid county meetings to be enjoyed by the American Legion, and a determined effort will be made immediately by the local Post to increase in membership and make it a factor in community life.

DURYEA COMING APRIL 5

M. J. Duryea, recently appointed community service expert of the Oregon Chamber of Commerce, will be in Beaverton April 5 and will speak before the commercial club in the evening. The public is cordially invited to attend the meeting of the club.
