Why Deep Streams Run Still.
Deep streams run still—and why? Not because there are no obstacles, but because they altogether overlook these stones or rocks round which the shallow stream has to make its noisy way.—William Smith.

OREGON BLOOD PURIFIER
A Tonic, Alterative and Resolvent. The best remedy for Kidneys, Liver and Bowels. Eradicates Pimples, Eruptions and Disorders of the Skin. Purifies the Blood and gives Tone, Strength and Vigor to the entire system.

The Last Dollar.
When a man has a dollar to spend and knows where to get many more he blows it in heedlessly and then rails at its small buying capacity. To be sure a dollar isn't much, but if it's the last a man has, and he knows not where in the world to get another, and if he turns that coin over and over and thinks and plans how to make every mill of every cent do its utmost, he will make it elastic enough to cover many needs, and then is amazed at its great purchasing power.—New York Press.

Since the Telephone.
In 1876, the year in which Alexander Graham Bell invented the telephone, there were no skyscrapers, no trolley cars, no electric lights, no gasoline engines, no self-binders, no bicycles nor motor cars.—Magazine of American History.

SEVEN YEARS OF MISERY
How Mrs. Bethune was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I had cramps, backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do all my own housework, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

Genuine Maple Sugar Search.
There are few people outside the maple sugar making districts, says a writer in the Country Gentleman, who really know what the genuine article tastes like. The superior flavor that is spoken of is probably due in a great measure to the same causes that make strawberries eaten off the vine and cherries consumed on the tree so delectable. The writer quoted, however, puts some of the blame for the poor flavor of commercial maple sugar on the "wily wholesale dealer and mixer."

Would That This Were True.
The principal authors met and formed a union for the sake of publishing a set of rules of writing. As a preliminary, they agreed that after this no hero would be permitted to flick the ashes from his cigarette or cigar. Also that no heroine shall hereafter bury her head in her hands or drop her eyes to the floor. The full set of restrictions will be announced later.—Life.

Modern Medical Doctrines.
At a conference on hospital social service in New York city one of the speakers said that the hospital of the future must keep a record of the social histories of all patients, just as now their medical histories are kept. Rhubarb and soda, said another speaker, illustrating the necessity for psychological remedies for patients, had in one case proved useless as a cure for indigestion until the sufferer, a grief-stricken mother, was relieved from worry over an absent boy.

The Modern Voice.
"The voice what is cryin' in the wilderness this day an' time is advertising real estate—stakin' off mansions on earth: an' if the voice is only loud enough it's sure to catch the crowd."—Atlanta Constitution.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

The Elevating Touch.
"Don't you think music has a refining influence?" "It must have," replied Miss Cayenne. "Some of the popular songs contain language that it would be impossible to employ in any other way."

Simple Cure for Indigestion.
When suffering from indigestion drink a cup of hot water, and at once lie on the right side. This will promote the passage of the food from the stomach to the intestine.

The Domestic Bourbons.
Some men's idea of keeping abreast of the times is to stay home and read the stories in the magazines when it rains on Sunday afternoons, and there isn't any ball game.—Ohio State Journal.

Electrical Thief Catcher.

Have Used Spare Time Well.
On the question of how working people, on the whole, have spent the added hour or hours of freedom from work, an author says that where cynics prophesied more drunken idleness and rowdiness, fairer observers found a kind of regeneration—no sudden millennium, but wherever sufficient time has elapsed an extraordinary advance in physique and morals.

Always Have Something to Say.
Speak not at all, in any wise, till you have somewhat to speak; care not for the reward of your speaking but simply and with undivided mind for the truth of your speaking.—Carlyle.

Learn to Be Happy.
All men can learn to be happy; and the teaching of it is easy. If you live among those who daily call blessing on life, it shall not be long ere you will call blessing on yours.—Master Luck.

Useless Without Understanding.
We may be in the universe as dogs and cats are in our libraries, seeing the books and hearing the conversation, but having no inkling of the meaning of it all.—William James.

Trouble Helmses Have.
"My helmses have many rivals for our hands." "Yes," replied Miss Cayenne, "you must feel as if the pathway of life were filled with peck-stoob snatchers."

Model Husband.
Our ideal of a model married man is one who would rather eat out at a midnight supper than to miss working in the garden before breakfast.—Galveston News.

Not a Lover of Music.
"We've got a brand-new mahogany piano," said Mr. Cumrox. "But nobody in your family can play it." "Yes, that's the best thing about it."

CURRENT EVENTS OF THE WEEK

Doings of the World at Large Told in Brief.

General Resume of Important Events Presented in Condensed Form for Our Busy Readers.

Hartford, Conn., has a milk famine, being short about 10,000 quarts a day. Denver authorities turned down a bill for autos used to haul voters to the polls.

Canal tolls issue leads to protest from England, and a diplomatic struggle is on. Poyallup valley, Washington, is calling loudly for harvest hands and berry pickers.

Two women were killed and a third badly injured by being run down by a Milwaukee train near Seattle. Burglars stole some wine and several boxes of cigars from the residence of Bishop Scannell, in Omaha.

A plague of gnats hit Wenatchee, Wash., and surrounding country, many horses being seriously injured by the pests. A three-hours' conference has been arranged between Champ Clark and his successful rival for the Democratic nomination.

Water Commissioner Howell, of Omaha, rejected all bids for water meters for that city, declaring dealers were in a combine.

The Hoteliers' association has already subscribed many thousand dollars for the entertainment of the Elks grand lodge in 1913.

The big new Austrian dreadnaught, built at a cost of \$12,000,000, is found to be practically useless, owing to faulty designing and construction.

It is estimated that 10,000 Elks were in line in the grand parade in Portland. Street cars and railroads leading to the city did the heaviest traffic ever known.

President Mohler, of the Union Pacific, announces that an order has been given for \$2,000,000 worth of new rolling stock for the Union Pacific and Oregon Short Line.

Mexican rebels are preparing to invade the state of Sonora.

Nine Camorristas who have been on trial two years in Italy for murder, have been convicted.

Hot weather continues in the East and many deaths result. New York had the hottest July 8 since 1876.

A move is on foot in Washington to induce both Taft and Roosevelt to withdraw from the presidential race.

Severe earthquake shocks have been felt in Alaska, wireless communication was interrupted and another eruption of Mt. Katmai is feared.

A young Socialist in Switzerland has inherited \$130,000, and his friends are now waiting to see if he will distribute it according to his belief.

REBELS DEFEATED.

Portuguese Regulars Twice Whip Returning Royalists.

Lisbon—Royalist rebels captured Caldeiras de Baato and the Portuguese government troops immediately prepared to bombard the town. The monarchists, commanded by Homom Christo, penetrated Portugal from Ciudad Rodrigo, Spain.

The Royalists had played a ruse on the Republican troops, but in the end it cost them dearly. While being pursued to Montalegre, in Province Traz-as-Montes, they returned to Chaves, and arriving unsuspected by the Republicans, bombarded the city with their newly-acquired artillery bombs. The Republican troops later discovering that the Royalists had doubled on their course, hastened back to defend the town.

The attacking rebel force consisted of two united bands. After a battle which lasted three hours the Royalists retreated slowly and finally disappeared into the mountains. The Republican loss included two officers.

The news of the victory was received with cheers in the chamber of deputies, and a law was passed at once authorizing the government to suspend the constitutional guarantees wherever necessary to extend the state of siege to the district of Cilla Real.

Other bills adopted to provide for the passing of summary judgment on persons accused of sedition or rebellion by military tribunals, and for pensions to families of soldiers "dying for the republic."

Many of the inhabitants in disturbed districts display open sympathy with the Royalists, but the army and navy remain loyal. The belief is general that unless there are defections among the military the monarchist incursions cannot be successful.

RACING AUTO WRECKED.

Rock on Track Throws Machine—Driver May Live.

Portland—A small stone, tossed with criminal carelessness upon the Country Club track, or dislodged from an abutting hillock by the foot of a spectator, resulted in the marring of the Portland Automobile Club's race meet with an accident which may bring death to Chris Dundee, a Portland automobile driver.

Rounding the east turn of the mile track at the daring clip of nearly a mile a minute, determined to take second place in the first lap of the five-mile free-for-all race, Dundee's nerve and the power of his racing car, "Whistling Billy," fell victim to the stone, the car careened sharply, failed to right itself, and then crashed through the board fence, casting its driver 25 feet into the air and upon a mass of grass-hidden rock at the foot of a 40-foot grade.

A fracture of the skull over the right eye, a badly injured left leg, broken nose, broken middle finger on left hand and contusions of the face, with an automobile shattered beyond repair, were the results of the hazardous effort to pit his skill against that of the best racing drivers in the world.

Dr. S. C. Slocum, who, with Dr. William Killingsworth, was the first physician at the side of the injured man, reported that his patient has an even chance for life.

PLAGUE UNDER CONTROL.

Work of Killing Rats Progresses on Eastern Seaboard.

Washington, D. C.—No new cases of bubonic plague are reported from Cuba or Porto Rico to the public health and marine hospital service.

Three steerage passengers who had come from the plague zone in Havana were taken off the steamer Chalmette at the New Orleans quarantine station. They will be detained until there is absolute assurance that they are not infected.

Surgeon Stoner, chief medical officer at Ellis Island, telegraphed here that the work of destroying rats along the New York waterfront was well under way. Similar work came from Galveston, Tex., and other ports.

Patent Bill prepared.

Washington, D. C.—Senator Borah had another conference with Representative Mann regarding his bill directing the issuance of patents to homesteaders on government irrigation projects, when they comply with the homestead law. Final agreement was reached on everything except the question of cultivation. The present law requires the cultivation of half the irrigable area before patent issues. Borah is urging the substitution of one-quarter. Mann thinks the bill cannot pass in that form.

Steamer's Injury Slight.

San Francisco—The Pacific Mail steamer City of Panama, which sent wireless signals for assistance when one of its engines broke down 250 miles southwest of San Pedro Sunday, was towed into port here by the steamer Rose City, of San Pedro. The City of Panama was en route to Panama from this port. The injury to the machinery was found to be slight and the City of Panama will sail for Mexican ports and Panama July 15.

French Victors at Fez.

Fez—A crushing defeat was inflicted by the French general, Gouraud, with 3000 men, on one of the most persistent enemies of France in Morocco, who is known as the Rogui of Sichtsalla. The French surprised him near Moulay Boucht. After a severe fight the Rogui fled, leaving 60 dead and abandoning his camp. The French lost three killed, 18 wounded.

CHAFIN TO LEAD FIGHT ON RUM

Prohibitionists Also Nominate Same Running Mate.

Offer to Make Large Contribution If Party Will Adopt New Name is Shouted Down.

Atlantic City, N. J.—The National Prohibition convention concluded its labors here Saturday with the nomination of the party standard bearers of four years ago—Eugene W. Chafin, of Arizona, for president, and Aaron S. Watkins, of Ohio, for vice president. In each case the nomination was made by acclamation after a single ballot had indicated the preference of the delegates.

Four candidates for president were placed in nomination against Mr. Chafin. They were F. W. Emerson, of California; Finley C. Hendricksen,

EUGENE W. CHAFIN.

of Maryland; Aaron S. Watkins, of Ohio, and Andrew J. Houston, of Texas. Each in turn withdrew his name after the first ballot.

The leading candidates against Mr. Watkins for vice president were Mr. Emerson, of California and George E. Stockwell, of New York. Mr. Chafin, addressing the convention, promised not to stand for a third nomination. Because of a rush to adjourn, the plan to change the name of the party was not taken up for general discussion.

A. J. Orem, of Massachusetts, in a brief speech, promised to pledge more money to the campaign fund should the name be changed.

"I believe we could make the campaign doubly effective if we should adopt a new name," said Mr. Orem. "We would be greatly aided in carrying our banner to success if we should adopt the name 'Progressive.'"

There were shouts of protest to this as well as to the name "conservative party," suggested by Rev. S. H. Taft, of California.

Fair Mission is Success.
New York—W. T. Sesnon and Theodore Hardee, chairman and executive officer respectively of the commission extraordinary to Europe for the Panama-Pacific exposition in San Francisco, returned on the Lusitania. They said their mission, which was to support President Taft's invitation to the governments of Europe to participate in the Panama exposition had been successful far beyond expectations. In every country they received assurance from the governments and manufacturers extensive exhibits.

Militia Aid is Favored.
Washington, D. C.—The Pepper bill to bring the National Guard into closer touch with the Regular Army was favorably reported by the house military affairs committee. Under the bill, the Federal government would disburse about \$8,000,000 a year to the 10,000 commissioned officers and the 112,000 enlisted men of the National Guard. The secretary of war and the militia boards of the state would be authorized to cooperate.

Montreal Faces Strike.

Montreal—This port faces a complete tieup of business on account of trouble between transport handlers, checkers, freight handlers and longshoremen and their employers, the Dominion Telephone company and the Canadian Pacific railroad. The transportation handlers demand a leveling up of wages from the minimum of 22 cents an hour, received now, to 25, the maximum paid.

Eberhard Will Not Join.

St. Paul—In a letter to Hugh T. Halbert, Minnesota Roosevelt leader, who recently mailed a circular letter to all candidates for governor in this state, asking them to go on record in support of the proposed new third party movement, Governor Eberhard positively refused to join the third party movement. "I can see no need of organizing a new party," he wrote.
