BIG TIME AT HITON

The Basket Social given at the Hiton School house was a big success a large "good looking" crowd was in attendance, the program was fine.

Ernest Hite was auctioneer and "sold em' high", the quickest sale was to Jim Downing, 32 Baskets were sold bringing \$59. A number of young people came from the thriving city of Progress and some of the boys were mighty hungry buying from two to four Baskets, but who could blame them, for Washington Co. cooks are the best in the world.

FLASHES FROM THE WIRES

Hop buyers have been scouring the county the past week, trying to buy on the present market. It said that experienced growers have been holding back, feeling that the market will open stronger in a short time, owing to the shortage in the crop in other parts of the U. S.

Miss Jenny Olson and Miss Ruth Caldwell of Hiton visited the Progress School last Tuesday.

TWO BAD MEN IN TOWN

Last Saturday night as the writer was going into the printing office after the moving picture show, a man was seen standing behind the Locust tree near A. Rossi's corner just across from the Morse Bldg. this fellow would look up the street then toward the New Meat Market which didn't look "just right" so Mr. McNamee owner of the market, he states during the late afternoon a fellow came in, trying to sell him a pair of glasses, so he went over and took a good look at him and the marshal was sent for, but before arriving this fellow and his Pal who a tall lim fellow beat it going west on the Railroad Track.

PASTOR RUSSELL'S VIEWS.

Churches of All Denominations and the Civil Powers of Earth Are About to Unite in Common Cause—Powerful Influence Preparing For the Battle of Armageddon—A Reign of Anarchy Will Be the Result of the Warfare Until The Messiah Takes Control.

Brooklyn, N. Y., Nov. 8.—The Brooklyn Academy of Music was crowded to the limit today to hear Pastor Russell's discourse on the "Battle of Armageddon." His text was: "He gathered them together unto a place called in the Hebrew tongue Armageddon." (Revelation xvi, 16.) The speaker said: "Armageddon in the Hebrew signifies the 'Hill of Megiddo' or Mount of Destruction. It was famous as a battlefield in Old Testament times.

The Lord has seen fit to associate the name Armageddon, with the great controversy between Truth and Error, right and wrong, God and Mammon, with which this age will close, perish, and the New Age of Messiah's glory be ushered in. He has purposely used highly symbolical figures of speech in the last book of the Bible, evidently with a view to hiding certain important truths until the due time for their revelation. But even in the due time, the Bible assures us, "None of the wicked shall understand" (Daniel xii, 9, 10)—none who are out of heart harmony with God—but only the wise of His people—the "wise virgin" class of the Master's parable.

"I have long avoided presentation of my understanding of our text and its context. I take it up now by request and because I believe it is due time to be understood. I disclaim any special inspiration." In some particulars my views agree with those of other Bible students, and in other respects they disagree. Each hearer must use his own judgment, do his own Bible study, and reach his own conclusions.

Kindly remember that I am not responsible for the figures of speech used by the Lord. My interpretations do indeed constitute a terrible arraignment of institutions which we have all revered and which embrace good people, of good words and good works. God's saintly people in these various institutions, being comparatively few, are ignored when systems as a whole are dealt with in prophecy.

The Dragon, Beast, False Prophet. Our context tells us that three impure spirits (teachings) will go forth from the mouths of the Dragon, the Beast and the False Prophet, and these three will be in accord, and symbolically the doctrines are represented by "frogs." These three doctrines are to have a mighty influence throughout the civilized earth. They are to gather the kings and their armies to the great Battle of Armageddon.

The ecclesiastical kings and princes, and their retinues of clergy and faithful adherents, will be gathered in solid phalanx—Protestant and Catholic. The kings and captains of industry, and as many as can be influenced by them, will be gathered to the same side. The political kings and princes, with all their henchmen and retainers, will follow in line on the same side. The financial kings and merchant princes, and all whom they can influence by the most gigantic power ever yet exercised in the world, will join the same side, according to this prophecy.

These "doctrines of demons," represented by the "frogs," will lead many noble people in this great army to assume an attitude quite contrary to their preference. For a time the wheels of liberty and progress will be turned backward and medieval restraints will be considered necessary for self-preservation—for the maintenance of the present order of things.

In giving this interpretation, it is necessary for us to indicate what is symbolized by the Dragon, the Beast, and the False Prophet. Bible students of nearly all denominations agree with us that the "Dragon" of Revelation represents the purely Civil Power. Protestant interpreters generally agree that the "Beast like a leopard" (Revelation xiii, 2) represents the Papacy. But fewer still, we fear, will be ready to support our view that Protestantism is the "Image of the Beast" (Revelation xiii, 15) is our context given another name, "the False Prophet." We urge no one to accept our interpretation, nor shall we think hard of any who refuse it. We will neither slander nor otherwise injure them now, nor threaten them with eternal torture. They have the same right to their views that I have, and the same right to make them known to others. And I, for one, will be very glad to consider anything which opponents may set forth as their interpretations of our text.

DIG THE HOLE

The great question that has been before the people of the East End, and confronts them today is the long heavy pull over the hills to Portland by wagon road and by train. The distance to Portland by wagon road over the Bacon Hill 7 miles around this hill 8 miles and by Railroad it is 11 miles and 17 miles by the Cut Off.

The Route that we must fight for is on a direct line to Council Crest, which is 4 miles away and then dig the Tunnel of one mile giving the people of the greatest farming region in the world a practically straight level road into Portland and only 5 miles. "Dig the Hole big enough for trains, automobiles and wagons so we can 'all go through' then then you can ride to Portland for 5 cts. at present you are paying 10 cts. now is the time to get everybody interested and get the hole through, don't wait for future generations to enjoy this great advantage but let the citizen of today sharpen up their Picks and Shovels.
