WITH THE OAKS

Here is some good news about one of Beaverton's Best Ball Players taken from last week's issue of the Oakland Tribune Frank Howell an "Oakland" Boy who has been playing in the Northwest, this year will try out with the Oaks in Livermore, having obtained permission with manager Mitze.

Howell is said to have a good batting eye and is quick on his feet he will try as an out fielder. This is good news for Frank's many friends around here and "we bet he makes good".

'IRISH TOO'

A Detachment of British soldiers were about to attack a tribe of rebel Indian tribesmen, who awaited them drawn up in battle order. A seasoned old sergeant noticed a young soldier, fresh from home, visibly affected by the nearness of the coming fight.

His face was pale, his teeth chattered, and his knees tried hard to knock each other out.

It was sheer nervousness, but the sergeant thought it was downright funk. "Callahan" he whispered, "is it trimblin' ye are fur yer own dirty skin?" "N-no sergint", replied Callahan, making a brave attempt to still his shaking limbs. "O'im trimblin' fur the inimy. They don't know Callahan's here."

Orencia CITY

OFFICERS ELECTED

Orencia is now a full-fledged city — the county commissioners court canvassed the ballot of Jan. 6 1913, and on Thursday last declared that Orencia is duly incorporated and would have the legal rights of a city as soon as the order could be filed with the Secretary of State, Ben Olcott. The court also declared duly elected and qualified the officers elected on the above date; the list being: Mayor, M. McDonald, Herb McDonough, Recorder; Miss Edna Purdy, Treasurer; Roy A. McDowell, Marshal; and following as aldermen: L. M. Boozer, L. A. Brush, Gabriel Dobra, J. V. Mead, Robert Schneider, E. A. Mincemoyer.

The court estimates that the Burkhalter quarry will furnish enough material, with the rock now in sight, to say nothing of what may be underneath, to cover a stretch of road 200 miles in length.

CIRCUIT COURT

E. H. Anderson has brought suit in the circuit court against Ed C. Allen and O. C. Wright, doing business as Allen & Wright and H. W. Hurley to collect a note for \$850 made April 16, 1912 to the Scandinavian bank of Portland. Hurley is included as an indorser of the paper.

William Daretz alleges in a suit filed in the circuit court that on Nov. 16, 1911, he was hired by W. J. Quinn as bartender at a stipend of \$2.50 per day. He claims to have worked until Sept. 11, 1912, when there was due him a balance of \$260.80, which is still unpaid and which he asks the court to award him.

E. E. Wells has brought suit against A. W. Marks to recover \$200 on a note made Oct. 30, 1911.

Other parties having claims against real property involved are made parties defendant.

The Oregon Electric has brought a condemnation suit against Peter Rahn for right of way across property owned by defendant in Township 1 north 2.

Last Sunday a big crowd of young people enjoyed the skating at Fannos. The morning was chilly the ice smooth and the skating ideal two fellows broke through the ice which added to the excitement.

TURN-TABLE

The S. P. Co. have a crew of men removing the "old turn table" just East of the Flour mill.

The original turn table here was built in the early Seventies, Mr. Alfred Davies had a saw mill located just North East of where Mrs. Alexanders barn is at the present time and he sawed the timbers for the first turn table the length of these timbers were 54 ft. while the carriage in his mill he could saw 30 ft. only, so the boys run the logs through by hand for the extra 24 ft.

In days gone by the Co. sent the helper out here to help the freight trains over the hill, since "Cut Off" has been built it is down hill to Portland.

Coming WEST

STORY WRITTEN BY NELLIE SNYDER PROGRESS SCHOOL

On Wednesday evening Dec. 6, 1906, the six o'clock train came puffing into the station at West Point Mississippi over the M & O road. Bidding our friends and relatives good-bye we boarded the train and were on our way to Oregon. I was very sorry to leave the darkies and the cotton-fields, we went through Fern to Cairo Ill. and from there to St. Louis in Missouri. The union depot was one of the finest I have ever seen. It covers a whole block and is made of gray granite with marble floors. We engaged a room at one of the Hotels for the day and left the same day on the eight o'clock train. We changed cars again at Parsons Kansas, and arrived at Hartford Friday noon. It was so cold that icicles were hanging from the freight cars, we made our home in Hartford for about a year and a half, and in March on Monday the second we boarded a Pullman Car for Oregon. We traveled all that afternoon and part of the night in Kansas, a good deal of Kansas was very hilly.

The morning we were in Colorado and that noon the train arrived at Denver where it was delayed four hours. We traveled one day and night in each state we went through Always in the morning when we awoke the cars were in a new state. Wyoming was covered with sage brush and was a very barren looking country. when we got in Idaho the ground was covered with snow. The train followed the snake river for a long while Thur. There were sanddunes all along the river. Fri. we had crossed the river and were in Oregon. Oregon looked very different to us from Idaho. For Idaho was covered with snow while everything in Oregon was green. Fri. morning the train steamed into Portland and we had arrived at the end of our journey. I was very glad that it was over although I had enjoyed it very much.
