## In The DITCH

STRANGER LOSES WAY

Last Tuesday Evening a stranger by name of Jake Smith was coming towards Beaverton from the East with a heavy load, when he was down by Gaskills Place in looking towards the Electric lights of the City he couldn't tell where the edge of the road was, with the result that one of his horses went "overboard" into the ditch on his back Smith had a narrow escape, one teamster "hooked on" but his team couldn't pull him out finally after about an hour, Smith got Billy Stitt with his team Bill "hooks on" in front with one big unl, he got wagon horses "and all" out of the Ditch. — When Billy gets hold of the reins and "yells coming up" — something has got to come.

## More Light

When we bid adieu to nineteen twelve—  
We should, with one accord,  
Our voices raise, with thanks  
and praise,  
To our generous, loving Lord;  
When creating this vast universe  
He showed wisdom, power and  
might,  
And love, when at creation's  
dawn,  
He said, "Let there be light."  
We thank him for the genius,  
To men, on earth, that's given,  
When we acknowledge the electric  
power  
Was sent, to Earth, from Heaven;  
By its improved plan of speed  
and heat,  
It has made man's prospects  
bright,  
But the gift, it was not quite  
complete  
Until he said, "Let there be  
light."  
Let it ever be with grateful  
hearts,  
That we, to the Lord, doth  
pray,  
For it is his guiding providence  
That sustains us day by day;  
He has inspired our aldermen  
To dispell the gloom of night,  
They have given voice to his  
holy Will,  
When they said, "Let there be  
light." J. A. F.

## Then & Now

One of our most popular young ladies played a cruel joke on her mother, and this is how it happened. She accidentally found a love letter that her father had written to her mother in their halcyon days of courtship. She read the letter to her mother substituting her own name and that of her lover. The mother raved with anger and stamped her foot in disgust, forbidding her daughter to have anything to do with a man who could write such nonsensical stuff to a girl. The girl then gave the letter to her mother to read and the home suddenly became so quiet that she could hear the snowflakes falling in the back yard.

## GET BELL

DON'T WAIT UNTIL SOME ONE IS KILLED.

There is a very dangerous crossing in Beaverton, and that is where the O.E.R.R. crosses the main street just west of their depot. Everybody in town realizes that it is dangerous to cross the track on account, you cannot see the Cars coming from the West until you are on the track. Messrs. Fred Summers, Nelson and others have had close calls with their teams, Emil Anderson came near being killed last Friday night and Monday night this week, Mr. Rowes little boy going home from school was almost run over by a gasoline car. This paper believes now is the time to take action immediately and ask the O. E. Company to install an Electric Bell to protect our Citizens lives and especially the little children as they come and go to school.
