### YOU'LL HAVE TO HURRY!

It is a funny sight every day as regular as they roll around to see somebody make a "hot foot" for the car, it is no respecter of persons, from Grandpa to Jackie you will see all of them "going down the pike" "getting there Eli" and part of the time missing the car, then they will stroll up town to "while away" the time for the next car until they hear "Der Bell" down there at the crossing then they take the "second heat" and one old timer missed "em both times" then he came up town and took the Steam Car to Portland. This bell not only serves a grand purpose in its warnings, but those who have seen the races at the circus have noticed how fast the "old nags" run on the home stretch when the clown taps the bell in the grand stand. So we have "a little circus every day."

In a "hot old game" of ball, one with its thrill and "very near fights" The Beaver walloped the Union Meat Co's Big team last Sunday—His ump the "old timer" from Portland, started the rumpus, by calling a "U. M." player safe at the Keystone station that Aiken had tagged out by a mile. The home boys let this go by until the next inning when "his umps" begins to win the game—hethought by calling every thing balls instead of strikes that Howell was shooting "straight across the oyster"

Things got so near a "rough house" right here that his umps thought it was a "bully time" to "take a sneak." Morg Hardy from East the Mountains run the Indicator in dandy shape but the opposing catcher and first baseman "were sore" and kept ragging about nothing until Hardy told them in very short words what a "good opinion" he had of them being good sports, and then as it was getting towards dusk the "Owl" was on deck to finish the judging of the "bad and good ones" "Rickey" Donovan the pitcher of the Beavers last season pitched a pretty good game for U. M. Co. but he was "in the right town but on the wrong team. Those Union Meat fellows are some ball players don't forget that but oh those Beavers, they are terrors, and the way Howell mowed 'em down—"15 big fellows brought up on Hamburger" "ien't that that going some" and the whole Beaver Team played the best game of their lives, this makes seven straight wins and no defeats Best team in the World.

The Oregon Electric have installed the electric bell at the crossing down in front of W. E. Squires residence and sounds forth its timely warning of all approaching trains.

At the Annual school meeting a big attendance was present F. W. Cady Chairman called the meeting to order at 2 P. M. Clerk C. E. Hedge had the Financial Report Written on the black board the same being complete and concise in every expenditure nominations for director to serve for 3 years were; F. W. Cady and W. B. Emmons, and resulted in Mr. Emmons elected 33 to 29. C. E. Hedge was unanimously elected clerk.

The Children's Day Exercises were held at the M. E. Church, were a big success, the decorations were composed chiefly of roses arranged in an artistic manner. The Church orchestra played well for their first appearance. The choir sang sweetly and the little ones carried out their part in splendid shape. The church with the gallery and wings were crowded to its full capacity. The Pastor, Supt. Teachers and scholars of the M. E. Sunday School are to be congratulated on this, one of their most successful entertainments.

Through the progressive spirit of Beaverton Business Men, the Main Streets in the business District of Town have been well oiled, receiving four strips this year. Oiling the streets in Summer is money well spent, for it not only eliminates the dust but it kills the thousands of flies, gnats and mosquitoes that otherwise hatch along the streets annually. Hon. W. E. Pegg mayor has the hearty thanks of citizens for his time taken in passing and collecting the subscription to make it a success.

The boys ball team of Beaverton, team No. 3 the "Diamond Dicks" played the St. Mary's Home team last Sunday and came out "on top" in a 13 to 12 score, the batting was "so fierce" that our young friends almost walloped the hide off the ball. Beaverton is pretty well fixed for upholders of the national Sport.

"The wagon that stands up like the reputation of its makers"

When you buy a Studebaker wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give you full return for your outlay. It is built on honor. Iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a Studebaker vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—with harness of the same high standard.
