HURRAH FOR B.A.A.C.!

The Big Smoker given by the B.A.A.C. of Beaverton last Saturday night was one of the best ever held in Washington County. Arch, Chisholm and the hustling members of the Beaverton Club are "putting Beaverton high on the map of athletic fame." Also Hardy and Desinger covered themselves with glory in the athletic realm by bringing victory to the Blue and Gold. Here is good luck! May their future endeavors be crowned with even greater success.

SOCIETY.

Mr. Chalmers of Raleigh was in our city Saturday trading.

Henry Johnson of Cedar Mills was in town Saturday greeting friends, and didn't forget The Owl.

Ed. Barry and Joe Findo two husky farmers of this vicinity were fixing up their mowing machine Saturday "so they will soon begin to fall around the meadow."

Mr. Max Berg of Cedar Mills started for Germany last Wed. To his old home in Hanover where he will visit his father and remain awhile for his health.

Mr. Foegel of Elmonica was transacting business in the Garden City Saturday.

Mr. H. Ryan one of the progressive citizen of Kinton was in Beaverton Monday while in town, called and subscribed for one year to The Owl.

Mr. Preston of Manning Ore. was a Garden city caller, Wednesday.

J. Barden a new comer is running a dancing school Morse Hall.

J. H. Gernstenschlager of Reedville called at this office Wed. and listed his place for sale with The Owl Land Co.

Mr. Geo. Mazzei of Milwaukee, Ore. was in the Garden City Friday on business.

Marshal Pappel and Constable M. K. Emmons "run in" two suspicious Characters Thursday night and left them "in Limbo" over night.

Mr. Ben Wetherill wife and child of Sumpter, Oregon are visiting with Mrs. Wetherill's mother Mrs. Geo. Newman at the present writing.

Mrs. D. C. Fisher who has been away on a visit at Forest Grove came home Thursday.

Miss Maude Hamilton of Portland a cousin of Miss Marjorie Hedge of this place, graduated from the Portland Trades school receiving the highest honors of the class.

Rev. Snyder, formerly of the Cong. church of Beaverton, but now of San Francisco, with wife and son passed through Beaverton Monday evening 16 inst. enroute Gaston to visit Mrs. Snyder's folks. Mr. Snyder promised to give Beaverton a call before returning to San Francisco as he is out on a six week vacation.

Cecil Blum of Gaston, the "Old time South Paw" for the Beavers, passed through town Tuesday Morning. He is looking fine this Summer and is still single.

AROUND THE TOWN

Mr. W. O. Hocken of this place suggests that Store keepers procure gopher guns and load them with blank shells and put grease on the inside of the muzzle of the gun arranging them in their stores in such a manner that if a door or window is open these guns will shoot, not to kill but to give the alarm.

Father O'Flynn and a crowd of the young people of the Catholic Church took the Sheridan Train one day last week for Sucker Lake, where all spent a pleasant time playing games and boat riding at noon all partook of the basket dinner.

Just for an experiment the editor cleaned off five of the main crossings in town Saturday morning using broom, shovel and wheel barrow to haul on saw dust fixing 'em up in bully shape so the ladies won't have to wade through the mud—and it took 45 minutes this paper believes it would justify the town to have this work done twice a week while the roads are muddy.

The editor hates to see the ladies of our city wading through muddy crossings, and coming right down to the truth of the matter, it isn't very pleasant for us men—is it?

SUMMER'S RE-UNION

There was a happy home reunion at John Summer's residence last Sunday. Those present were Mr. and Mrs. Oglesby Young and daughter, Francis of Portland, A. W. Pike and wife of Beaverton Mrs. Bruce, Mrs. M. R. Summer, Fred Summers A. A. Pike and wife, Stanley Summers and Mr. and Mrs. John Summers.

Good Roads Are Cheaper

The farmer actually pays a premium for bad roads. He pays it in time expending in getting to market; in value of drafting animals and the food they eat, and in the extra hand for their care and handling; in increased number of vehicles and wear and on them, and in the decreased product of land that has less attention and care. If the country had a system of smooth and hard highways it would blossom like a rose, and prosperity would follow in the wake.

A Good Idea

J. H. Cloyd of Beaverton writes to say that there are many good horsemen who don't know how to relieve a horse that is choked on dry feed, and gives this simple remedy.

If you have a ditch two feet deep and three feet wide, make the horse jump it back and forth, or tie a pole three feet above the ground and make him jump it.

This will produce coughing and relief will soon come.

Nothing adds more to the attractiveness of a town, or makes a better impression on visiting strangers, than newly painted residences, neat fences, good sidewalks, clean streets and alleys, and withal a goodly number of shade trees and ornamental shrubbery and flowers in your yard. It is indicative of refinement, culture, good taste and thrift.

Muzzle The Dogs

Final warning is hereby given that all dogs must be muzzled by July 1, 1913. In the Town of Beaverton. Muzzles may be bought at Cady - Anderson or M. P. Cady's Store.

CHILDREN Love Bread

Children are great eaters of bread; in fact, bread may be said to be their chief food. That's why you should be careful, mothers, to feed them only the best bread, and that is why you should select

TIP TOP BREAD

to satisfy the appetites of the hungry, growing youngsters. Feed them TIP-TOP BREAD three times a day every day, and between meals if they want it. Watch them grow fat on this diet. TIP-TOP BREAD is pure wholesome, delicious, rich in body-building nourishment.

"That's the sixth Studebaker we've passed—the only kind to invest in"

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that talks—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'Be safe—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation now-a-days without delivering the goods. A Studebaker wagon has the best in it. That's why a man gets the most out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."
