SUBSCRIPTION PRICE, \$1.00 PER YEAR.

NEW ICE PLANT IN BEAVERTON

With the installation of the new Siberian compressor at A. H. Spraner's, Beaverton, will be supplied with ice during the hot summer months. The compressor has the capacity of 1000 pounds of ice in one day, besides the refrigeration of one large cooling box and one sanitary cooled meat counter. The benefits of this plant are far too numerous to mention to the community, as our town-people will know the advantage of the keeping qualities of all produce, such as vegetables, butter, cheese and meats, when ice can be bought at half the sum as heretofore.

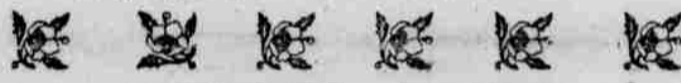

We all know that the main topic of the business men is "patronizing home industry." Keeping the dollar at home; we are sure to get a second or more whack at it. But sending it away, there is whack, which we do not have the pleasure of extending to it. Now we know that when the farmer brings in his produce, such as vegetables, pork, etc., the money is left at home, and also when he buys hams, lard, bacon, and so on here, he is not sending his money away East, where there are no benefits harvested at all. The money then is left at home and kept in circulation, where we all gain.

Now, again, do not we all work hard for our dollars? And also entertain ourselves over it? We also like to receive that same dollar back again.

Then consideration of this subject will prove to you that keeping money at home is not useless after all.

Consider then before stepping on the stepping stones of mail order houses that your money is doing its duty and giving you face value in value.

After all the machinery is installed, we extend an invitation to the public an inspection. You'll be shown in what way that this means a saving to you at Beaverton ice plant.

SCHOOL NEWS

Mrs. Kelly, state school nurse, visited the public school on Tuesday, and inspected the pupils with the following results: Measles 26 cases, mumps 10, adenoid 9, enlarged tonsils 7, goiters 3, weak eyes 3. She was very well pleased with the condition of the school building, and Beaverton has the record of the best kept building in Washington county. We are proud of the work of Mr. Summers. On Thursday the school board put the city water into the basement, and now we have a fountain of clear good water.

Watch for the date of the next school entertainment. It will be a good one.

CAUGHT LARGE COYOTE

Dom Lels, son of B. Lels, the fruitgrower east of town, enjoys trapping, and for a young fellow, gets his share of the game. Wednesday he brought to the city a large coyote, measuring 4 feet from tip to tip. This is the largest that has been caught in this vicinity. It is on exhibition at Harrison Hughson's place.

In Memorial

At the regular meeting of the Socialist Local of Beaverton a resolution of condolence was passed for our late comrade and brother, Louis Moyer, deceased.

Big horse race recently on the Irish racetracks. Bud Hunter's pony wins the money.

The stock at the Toggery (what was remaining) was shipped to Portland, Saturday.

The livery stable eat has got the mumps.

NEW WAGON ROAD AT RALEIGH

A petition has been circulated to have the County court establish a new road around Jensen's Hill, beginning at Whitford and swinging eastward around the hill, and connecting with the old road again south of Raleigh station. This will save heavy pull over the hill each way to Portland. Some day in the near future there will be a tunnel dug through Council Crest. In making a trip around to avoid one hill, why not avoid two hills, both Jensen and Patton, by continuing the survey from Whitford around Jensen's Hill, thence in a northeasterly direction, just above the low lands on the south side of the Southern Pacific railroad track south of Titus' store, thence east to the big trestle west of Olson's station, striking the road from Garden Home.

- (1) This would give a near-water grade.
- (2) It would cut out two hills.
- (3) Would be on a direct line to Council Crest proposed tunnel.
- (4) Farmers could take their choice of Scholis or Slavin road to Portland.
- (5) Would give fine facilities to get rock shipped by S. P. Co., as there now are rock bumpers built under the Olson trestle.
- (6) And it would avoid all the dangers of crossing the Southern Pacific track at Raleigh, by passing under the Olson trestle.

Boosts Country Towns to Save Civilization

Indoor Game Association Says Villages Must Patronize Themselves in Business and Pleasure or Vanish

Mr. Merchant: In my first letter some weeks ago I told you the country newspapers, properly used, were the best selling agents in America. Have you used them? If not, why not? I also sent out a sample form of advertising, taken from one of the Chicago dailies, showing how the big stores in the city get orders from the country trade. Perhaps you didn't see it. Perhaps your local editor was too modest to publish it lest it seem a mere bid for advertising. Or, possibly, you may have been sensitive about receiving advice from a stranger.

But, gentlemen, these are all false fears. One thing is certain. Either the country town must patronize itself or vanish, and I see no way for you to meet city competition, except by the city man's methods. What do I care, do you ask? Just this: The Indoor Game association has no interest in the matter, it is true. But we are interested in humanity, and the passing of the country town would be a calamity to civilization.

For years we have watched with growing concern the tide of country youth migrating to the city. We have seen the rural communities standing stationary and in many cases going back. Our efforts in the city to weed out gambling and to secure better supervision for billiard rooms, moving-picture theatres, etc., for the young people, reveals the fact that the worst danger arises from the "uninitiated" country boys and girls. Three-fourths of the "sad cases" coming under our observation are of this class. (To be continued.)

C. H. Fry, Candidate for Representative

C. H. Fry, who has been town recorder and justice of the peace for Beaverton for a number of years, announces his candidacy for Representative for the 15th District, Washington county. In his platform he favors: Two Payment, Tax Law with no penalty, Good Roads and Strict Economy. He states that he intends to make an aggressive campaign.

Among the Sick

Peter Carlson has been very sick of late.

Mrs. E. A. Hendricks is sick with the mumps.

Mrs. C. W. Allen has had a very bad cough this winter.

T. P. Miller got kicked while shoeing a horse first of the week, but is improving.

Aug. Poulson, who lost his thumb recently, is getting well again.

Ed. Barry is feeling fine this winter.

WEDDING BELLS

ALLEN-SWAIN

A happy romance of a number sweet years was brought to a happy close last Wednesday at Vancouver, Wash., when Miss Ruby Swain, the charming society belle of Stevenson, Wash., and Arthur Allen, the stalwart basketball player and all-around fine fellow, and son of C. W. Allen of this city, were united in the sweetest of all ties.

The fires of this friendship were kindled in the "good old hop-picking times" at Reedville, about 1910. Here's success and best wishes of The Owl.

Razzle dazzle Hearts is trumps

GASSNER-BANY

Rev. James P. O'Flynn, of St. Cecelia Catholic rectory at Beaverton, married Washington county couple on February 10. The beautiful services were held in the church. The contracting parties were Julius Gassner and Agnes Bany.

Best wishes and congratulation of The Owl.

Town Surveyed

The town council has employed Mr. Richards of Portland to survey the city, his bid being \$400.

MRS. MARY CHALMAN

Raleigh, Ore.—Funeral services were held here last week for Mrs. Mary Chalman, for the past 16 years a resident of Oregon. Mrs. Chalman, who was a native of Norway, was born August 27, 1846, being 67 years of age at the time of her death. She came to Oregon from Chicago in 1898. Mrs. Chalman is survived by her widower, Martin Chalman, and two children, Ella and Edward. Interment was made in Crescent Grove cemetery.

Card of Thanks

We wish to extend our sincere thanks to the many friends, who were so kind during the sickness and death of the late Lewis Moyer.

Mr. S. W. McLaine and wife

Leaves for Hospital

Councilman Dix Boring left for Portland, Ore., Saturday, to be operated upon for a small cancer on his side. Mr. Boring returned recently for another operation. It seems he is having more than his share of troubles, but quite likely this will be the last operation, as he is taking this one on the first symptoms.

He says they started in a peculiar way in the first way. When he had an operation for appendicitis in Portland over a year ago, it was necessary for him to lay on his back for 21 days. One day while the nurse was rubbing his back, a little mole was torn loose, and that was the beginning of the cancer.

The Owl Employment office is open for business day and night. It is the workingman that needs the help in this world. If you are out of job, SEE FISHER.

Fire at St. Marys Home

Last Friday, at about 5 p. m., fire broke out in the cloak room and the flames spread rapidly, and it was by the hardest kind of efforts that the fire was got under control. A hole was cut through the wall, so that water could be played on the blaze, as it was fire burnt through the upper floor in the middle of the building. If it hadn't been lined with tin, undoubtedly the building would have been burnt.

The Home building was erected in 1890. About two years ago an addition was built on the west side. It is one of the largest buildings in the county. The Insurance company awarded \$600 damages on the fire.

There are two propositions that come up again:

No. 1—There should be fire hydrants at St. Mary's.

No. 2—The road on north side of Southern Pacific track should be opened to Beaverton. In the future if one of these buildings should get on fire, the fire department would have a chance to help save the other one; now both would be liable to burn.

In time of smoke prepare for fire.

Prompt Subscribers

E. G. Anderson, Hemlock, Ore.
Carl Behm, Portland, Ore.

Anita Frances Allen
Anita Frances Allen, infant daughter of Mr. and Mrs. F. W. Allen of Forest Grove, Ore., died Saturday, February 21. The funeral was held at their home; interment at Crescent Grove cemetery, Ames chapel.

Clean up Notice

Notice is hereby given to each and every person in the town limits of Beaverton to clean up all rubbish, cans and trash on or near their respective places, burn the same or haul it away. Also to trim all the lower branches of trees projecting over sidewalks or streets, interfering with travel on the same.

If this notice is not complied with, the work will be done and the cost will be assessed against the owner of said property.

By order of the Town Council.
FRED PAPPEL, Marshal
Dated March 2, 1914.

Special Town Election

A special town election will be held Saturday, March 7, 1914, commencing at 12 noon and closing at 7 p. m. for the purpose of voting on \$7,700 water bonds.

Judges:
H. G. Vincent
C. E. Hedge
