EDITORIAL

THE IRISH

America the greatest Country on Earth, we are a union of many nations. From Andrew Jackson down to the Irish lad working with pick and shovel on the section, the land of Shamrock has furnished the United States with a witty, industrious and patriotic class of citizens.

HELLO SANDY!

We received a welcome visitor, first of the week. It was a copy of the first issue of The Sandy News, a bright newsy 5-column paper, with Chas. R. Bennett, editor, and he is a booster of the first class. Good Luck, Bro. Bennett.

PASS THE HAT

At the hearing before the R.R. Commission in Portland this week in regard to having a lower fare between Portland-Garden Home and Beaverton, the railroad attorneys stated that the Oregon Electric between Portland-Forest Grove has not been paying 1-2 of 1 per cent. Is there one person in Washington County that believe the assertion? On the contrary it is the opinion of every citizen of this county, we venture to say that this is the best paying 26 miles of railroad in the U.S. Is it not a fact for the last 5 yrs, that passengers have had to stand on most cars leaving Portland via Oregon Electric for want of seats—Poor Jim Hill! won't someone "pass the hat."

SOCIETY.

Rev. E. R. Horner of Cooper Mountain was in town, Wednesday.

Orton McLeod and Arthur Ball, two former Skookumville citizens, were in town, Tuesday.

John Peterson and Daniel Moore have been repairing the board walk north of town, of last week.

Cash Johnson, living east of town, has been burning the brush around his fences, of late, which makes a big improvement.

A. C. Allen and family were the guests of C. W. Allen, Sunday.

H. G. Vincent was mowing his lawn Monday with a lawn mower. He is about the first one of the season to "make hay" around here.

George Mazzei of Milwaukie, Ore., was over on legal business, Monday.

Samuel Rice of Garden Home was in our city, Wednesday. He is an expert in pruning orchards. Anyone wishing to have their orchard "fixed up right," would do well to have him do the work. His rates are reasonable.

Elder R. D. Benham and wife of Cornelius were visiting relatives here, Sunday. Mr. Benham gave this office a pleasant call. He says he likes his home at Cornelius splendidly.

Rowell Bros., representing Beaverton Hardware company for Scholl's district, sold four Ford auto this week.

Firemen! Regular meeting Wednesday night at 8 p. m., City Hall. Important business.

The editor met Mr. and Mrs. George Newmah at Muesig's store Friday evening, and he nearly passed by before recognizing them. They look so much younger this spring.

The Beaverton Hardware company fitted out Frank Ludington with a complete line of furniture last week.

W. H. Boyd, the genial mail carrier, bought a 1914 Ford of the Beaverton Hardware company.

Sam Boice of Newton was down Saturday, greeting friends. He looks as young as ever.

Elmer Davis and L. B. Stichler, the two boys arrested some weeks ago at Sherwood with their fathers on a charge of robbery, have been released from jail. The boys pleaded not guilty to the charge. Young Stichler was under 14 years of age, and his case came under the jurisdiction of the juvenile court. Davis could not give bonds, and Judge Campbell released him on his own recognizance, telling him to report to Sheriff Reeves at intervals.

Have you tried the new odors of Perfumes. City Pharmacy Robert Johnson of Cedar Mills drove through town Wednesday.

S. B. McCarthy of Oswego was over Saturday. He is looking fine this spring, and finds plenty to do in his new home.

Alexander Weir of Cooper Mountain was down, Tuesday.

Christian Jenne of Elmonica was down, first of the week, and had butter wrappers printed at this office.

Keith's Purity Lawn Stationery. City Pharmacy

James Wilnot of Progress was over Saturday on business.

BUY your landplaster at the Flour Mill, Beaverton, Ore.

All trash about the farm should be burned during the first dry weather. Weeds, rodents, insects, germs, and bad air, find refuge in piles of decaying plant and animal matter. "An ounce of prevention is worth many pounds of cure," says A. L. Lovett, crop-pest specialist, at the Agricultural college.

Why is Billy Hinchy not so happy lately? somebody poisoned his pet dog a short time ago. Anyone, who does a trick of this kind, will have few friends in this world and a hot time in the next.

Farmers—Get your formaldehyde for dipping seed grain 40c per pint. City Pharmacy

John McLeod of skookumville called the other morning. He had a good word for Charles Essig, our local "hello boy" at the Telephone office. He stated the other evening an urgent message was sent to the Beaverton office at midnight. Charles couldn't get the party, so he delivered the message personally.

Herbert Webber was carrying a well wheel through town, last of the week. He says his well is half full of frogs, and he has got to "get them out."

Adam George, an old-timer of this place, now of Portland, came out, by way of Cedar Mills, Wednesday, on his bike. He had some exciting experience on the Cornell road, sailing down the hill about 40 miles per hour; coming around a bend he had to dodge two cows, but missed 'em both. Adam is always a rough rider and gets there on time.

New Drug Store

A new up-to-date drug store, to be known as the City Pharmacy, has been installed in the building, formerly owned by F. W. Cady. The proprietors are R. L. Dean and D. S. Doering. A full line of new first-class drugs will be constantly on hand. Buy your drugs in Beaverton.

School News

Reports for the spelling contest, ending February 20, 1914, shows six schools in the county, having an average of more than 77.5 points out of 78. They are districts 108 Hiteon; 95 Raleigh; 92 Garden Home; 19 Shute; 17 Jacktown; 9 Jackson.

Schools, in which one or more grades were perfect, are: Laurel, Leisceyville, North Plains, Jackson, Gaston; Forest Dale, Jacktown; Shute, Watts; Schofield, Rock Camp, Barnes, Farmington, Harrison, Buxton; Mulloy, Witch Hazel, Mountain Home, Oak Grove, Garden Home, Raleigh, Hiteon.

B. W. BARNES.

Good Tonic

The chivari at Grand George's place Friday night awoke quite a number of the old-timers. It is pretty good tonic for the boys to have a little vocal exercise, such as chivaris and exciting ball games furnish. It is a taste of the Spirit of the West and a bully preventive for consumption.

New Location

Elmer Stipe, the plumber, and Robert Summers, carpenter, on account of increasing business, have found it necessary to engage larger quarters. So they have rented the room east of the new drug store, and have been working early and late, getting it ready to move in. It seems good to be in a town, where everything is "coming up."

FEEDING CHICKS

Young chicks receive their first feed at the Oregon station when about 24 to 36 hours old. They are given bran, mixed crumbly with raw egg, or bread dipped in milk and squeezed dry, twice a day for the first week, and equal parts of cracked wheat and cracked corn on clean sand three times a day. About two or three days the grain mixture is fed in the litter. Clean water, grit, charcoal, and cracked bone, in separate dishes, are kept before them. They also have access to green food. When one week old the chicks are fed a moist mash of three parts bran, one part wheat middlings, one pound cornmeal, and a pinch of salt—about what they will eat up in an hour—grain mixture two or three times a day; beef scraps in a hopper, and other supplies as before. When three weeks old, they have milk added to the ration.

Painting Lessons

To the ladies of Beaverton, who are interested in china and oil painting. Call on Mrs. Robinson, at the Beaverton pharmacy, who will give information, regarding organizing an art class, to meet once a week.

A New Crop

A fellow came in the office the other day, and he seemed to be about "three sheets in the wind." He said "Ah, ah Nic! Have you got business prop-prop-po-position." We told him that we had a rock quarry for sale, and that he could plant rye on top, and in the fall he would have a dandy stand of "rock and rye." He said "he would like to der der drop all right, but di-di-didn't li-like to-to-wa-wa-wait fo-for fall-for ha-ha-ha-ha."
