BACK TO THE FARM

(Chapter 2.)

How to keep country boys and girls at home during impressionable years, therefore, has become a vital issue in the work of our association. This means boost the country town, and to this end the rural community must be induced to patronize itself in the two great spheres of human interest—BUSINESS and PLEASURE. First, to secure the former, merchants must display their wares attractively in their windows and fill the space of their local papers with catchy suggestions. The very things that are now drawing country trade to the city. Nothing gives a town a more thriving appearance than attractive windows of business display. If you haven't a good window, tear out the end of your store and put in one. It will pay you big in interest.

Second, provide the young people with wholesome amusements. Promote clean, legitimate recreations of every kind. Remember there are children's games, young ladies' games, young men's games and old people's games. (Alas, for the person who has grown too old to play.) Do not try to make an old lady, however, out of a young man. That only disgusts him and drives him to the city.

Young couples want some place to go in the evening. If you have no theatre, why not build one? At least, you could maintain a moving picture show. Young men love to play billiards. See that they have a good clean room for that purpose. Open up a large, well ventilated hall. See that it is properly supervised. Do not become hostile and prohibitive. But appoint a sane censor committee to inspect all public places of recreation, something like the recently established commission in Detroit, Mich.

These two things, gentlemen, advertise your business and entertain your people! Therein lies the hope of the country town.

Pres. Nat. Indoor Game Ass'n.

THE FISHERMAN'S PRAYER

Lord, let me catch a school of fish
So large that ever I
When talking of it afterwards
Will have no cause to lie,
And let the weather be so nice
That I can ship them without ice.
Send me a buyer who'll pay freight
And furnish boxes free,
And then, Lord, put the prices up
And I'll contended be.
