April water, per warrant 1004

We, the undersigned, hereby certify that the foregoing is a true statement of the receipts and disbursements from January 5, 1914, to April 6, 1914.

C. H. FRY, Recorder.  
J. L. HARDY, Treasurer.

There were only two schools perfect in 5th grade spelling this year—Watt's district and Skookumville school.

## PROGRESS

Mrs. Lewton of Forest Grove was a visitor of the Progress school last Monday.

The Progress school visited the Garden Home school last Friday.

The Progress Industrial club had their first meeting last Friday (April 24.)

The Progress school visited the spelling contest at Hillsboro May 2.

Paul Newman of Orengo got first prize at the spelling contest Saturday, May 2. 7th. grade

Rev. Horner of South Hiton, near the old Livermore sawmill, died last Wednesday morning at 8 a. m., from the effects of an operation. He was taken to Corvallis to be buried.

Bro. Person, the village blacksmith, had a big campfire burning Monday night.

Mr. Kosmalka is not feeling very well at this writing, and is thinking about going to the Springs.

Fanno Bros. have a fine stand of onions this year.

Peter Olson, one of the "happy fellows" of Progress, went over Saturday, and made Owl's pleasant call. He graduated from Progress school in 1913.

Quite a number of good-looking people were strolling along Scholls Ferry road Monday night.

Balance all!

The S. P. Co. sent a bill of \$1 to the town council for a year's lease on nine inches of the eaves on the southwest corner of the fire engine house projecting over the S. P. right-of-way. Then Mayor Hocken proposed that a bill of \$3 be sent to the company for a year's lease on three-foot eaves of S. P. freight house projecting over Front street, south side of building. The motion was carried, and the bill sent in.

## M. E. CHURCH NOTES

The parsonage has received a thorough overhauling during the past three weeks. The whole upper floor has been papered and celled, porches repaired, floors painted, and much other work besides, thanks to the very efficient Ladies' Aid society.

The membership of the church has well nigh doubled during the past six months.

Rev. E. R. Horner, our beloved superlative preacher and once pastor here, has passed away to a better country, and we miss his cherry smile and kind greetings.

Our third quarterly conference was held at Cedar Mills Tuesday, May 12. And what an enjoyable time it was!

A business session closed the day's program. Several teams came from Beaverton.

## New Power

David Reghetta is using "goat power" to roll his onions this spring. Goats have so small feet that not many of the onions are trampled, and if they can't "pull the load" they are bully on the bunt "work, both ways."

## Surprise Party

There was a surprise party at Hite's place, Hiton, Saturday evening, in honor of Miss Evelyn Heath. The evening was spent in playing games. The toothpulling machine "blew up," and near putting the doctor out of commission.

"The oldtime circus," Robinson of Robinson and Bailey's famous shows of trick giraffes of the sunny past, was present, and put on the wonderful Tornado Trick, catching "half a dollar in the funnel," which was a hummer and brought down the house. This man Robinson builds some of the best rock roads, and is "figuring on" a patent for a new design of "corn-shucker."

A big crowd was present, and had a merry time, and report comes in that one fellow going West came near getting lost, the "night being so dark."
