FRIDAY, APRIL 1, 1892. THE OFFICIAL PAPER OF GILLIAM

> COUNTY, OREGON THE DUNBAR CASE.

The entire press throughout the state is loud in its denunciation of the outrageous verdict and sentence imposed upon O. W. Dunbar, of the Astoria Town Talk, who is the first man ever convicted and sentenced paper in the state has had their say about it, in language similar to lest they sin, are not worth worrythe two clippings below:

He is the judge who sentenced Sandy Olds to one year's Imprisonment for murder, and sent a poor fellow who stole two fish to the penitentiary for three years. He also sentenced an O. W. Dunbar to a year's imprisonment for libel. It is possible the judge who tried and sentenced Dunbar was prejudiced against him, on account of severe strictures that had been published by Dunbar about the judge himself. If so, he was disqualified from trying the case, and a change of venue should have been had. Judging from the way the delegates are speaking in conventions, they have had all they want of Judge Paylor, and desire a change. A good judge should be kept continuously in his place, term after term, tenced an O. W. Dunbar to a year's ously in his place, term after term, because after one term, and still after two, he can serve the people better than any new man; but a bad judge is something that should be gotten rid of at the carliest opportunity. The Times-Mountaineer commen-

ting on this subject says: A lawyer, before a jury, could have been more severe in his criticism on the character of an innocent witness, Land OFFICE at THE Dalles, On, Feb. 25, 1872. and enjoyed perfect immunity; but settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before county judge of Gilliam county at Condon, Or., on April 16, 1892, viz: substantial foundation, cannot let sunlight shine on the rougues and swindlers for the benefit of the community without incurring the penalty of the law. Freedom of the press is an empty sound and a farce, and in this free country, where every man is supposed to be equal, if an editor desires to paint a thief in his true colors, he should hire an attorney to do it before a jury. The latter is above the law, because it was made by him, and for his sole benefit.

Those Americans have henored themselves and their country who have contributed to the relief of the starving people of Russia, the only country which was our firm friend during the darkest days of our Civil War. The 3000 tons of flour and corn-meal have been sent to Russia from the West in a manner nobly and characteristically Amernobly and characteristically American. The railroads have charged nothing for transportation; the steamship Missouri has been charteristically Americans and characteristically American for the steamship Missouri has been charteristically American form of the fill of the steamship Missouri has been char-tered gratis; the officers and crew do not draw a dollar from the fam-ine fund, the longehoremen and statement of the black of steamship Missouri has been charstevedores loaded the cargo without accepting a cent for their labors. Thus the Missouri is freighted, not only with provisions for the starving, but with the heartfelt sympathies and hearty good-will of the whole American people. No breeze will dare to blow a hostile blast against that sacred ship, and the ild waves will smoothe themselves re her to make her voyage safe, and pleasant. Within a week Il have a message across the of such biendliness and tride that all who have assisted work of relief will feel proud
