THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

Circuit court convenes Monday next, April 11th. The docket is unusually large for this term, that published elsewhere not being much ket. Will sell on time for six or nine published elsewhere not being much more than half the business that will come before the grand jury.

Notatible to discuss the purchaser, on approved notes. Intending buyers will do well to consult me before buying elsewhere.

FRANK STRICKLIN, Shelby, Or. Notwithstanding the long docket, it is very probable that Judge Bradshaw will dispose of all the business in one week. He is noted for the very prompt and efficient manner in which he discharges his

Sealed proposals will be received at the office of the county clerk of Gilliam county, Oregon, for the erection of a juil and court house, to be built according to plans and specifications now on file at said office. delay in court proceedings, and
while he listens attentively to what
the attorneys have to say, and exhibits every needful courtesy, yet
he invariably waives aside all unnecessary quibbling and proceeds
with the case at hand. This is
right. Unnecessary intermissions
during a session of circuit court are
taken at the taxpayers' expense,
and they usually have enough to
bear in the way of financial burdens without being weighted down

H. C. Strickland, Condon, Or. with unnecessary matters of the kind mentioned. Every fair-minded man who has at heart the best interests of his community, endorses Judge Bradshaw's style. Our efficient Prosecuting Attorney, W. H. Wilson, also deserves much credit for the promtness with which court matters are dealt with, and wastes no time unnecessarily. He also Land Office at The Dalles, OR, Mch. 28, '92. understands his business thoroughly, and is eminently qualified for the important position he holds.

The parties who are so earnest in the work of trying to leave the impression that no water can be found in North Condon will be somewhat disappointed when they learn that at W. L. Barker's new residence near the school house, two feet of good water has been reached within seven feet of the surface. It is of the very best quality too-clear as crystal and as cool as mountain spring water.

It is just the proper distance and hight to build a large reservoir somewhere near the school house and thus establish pear the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish to large reservoir somewhere near the school house and thus establish the large reservoir somewhere near the school house and thus establish the large reservoir somewhere near the school house and thus establish the large reservoir somewhere near the school house and thus establish the school house and thus establish the large reservoir somewhere near the school house and thus establish the school house and the school house and t a water works system for our town. Steps of this kind should be taken at once and the entire city could then be supplied with good, pure water, free from the nauseating drainage from all the stables, outhouses, etc., the drainage proof in support of his claim, and that said proof will be made before county judge of Gilliam stables, outhouses, etc., the drainage pr from which is extremely unhealthy.
