This company has at its steam saw and planing mills on Butte creek, 6 miles east of Fossil, constantly on hand a large and well-assorted stock o

It is the aim of this company to keep a full supply of seasoned rough lumber and flooring, ceiling, rustic and surfaced lumber, always ready for its customers. Its facilities for turning out lumber are superior to any in Gilliam county, with respect to quantity, quality and variety. The best six miles of road in the county leads from this mill to Fossil-a slight down-grade from the yard to town. We sawed 750,000 feet during the season of 1891, of which about 250,000 remains in the yard, thoroughly seasoned for the spring trade of 1802. We have a building 24x60 in which is stored about 50,000 feet of fine rustic, flooring, ceiling and other dressed lumber, all which we sell at the customary prices. We are sparing no pains nor expense to furnish our customers with all kinds of seasoned lumber, at any season of the year. We will pay the highest market price for steers-either calves, yearlings or two-year-olds, on old or new accounts.
