

THE CONDON GLOBE.

FRIDAY, SEPTEMBER 9, 1892.

GLOBOSITIES.

J. H. Miller made a business trip to Portland this week.

Miss Carrie Danneman of Clem visited friends in town this week.

Geo. Neale and wife moved into their new house just east of town this week.

Judge Bradshaw held a term of circuit court at Heppner this week, beginning Monday.

W. A. Goodwin purchased a lot on the hill in East Condon and moved his house onto it.

Miss Susie Dunn has been engaged to teach the Olex school this fall, to begin next Monday.

Arthur Myers and family of Butte creek visited their relatives in this section this week.

Johnny Maddock and daughter, Miss Louella, visited relatives at Heppner the first of the week.

D. S. Brown and family returned home this week from their trip to the mountains near Ritter.

Miss Neva Graham of the John Day river is visiting her friends, the Misses Fitzwater, at Condon.

Geo. W. Rinehart of Condon, Gilliam county, arrived here Friday for a short stay.—Eugene Guard.

The Heppner Record has changed hands, Vauter Crawford of that place having purchased the plant.

Couture Bros., Geo. Schott and Frank Billard delivered a bunch of fine beef cattle at Arlington Thursday.

Alex Berry has been very sick the last few days with biliousness, caused probably by an over-dose of melon.

The Globe is indebted to Mr. George Coffin of Thirtymile for a splendid melon of great height. Thanks, awfully!

Mrs. Frank Palmer and child of Fossil are visiting her parents, Mr. and Mrs. Lamberson in Ferry Canyon this week.

Mrs. E. J. McMorris returned home this week from Snake river, where she had been visiting relatives since spring.

County court is in session this week, Judge Mariner and Commissioners Edwards and Ralston being in attendance.

Dr. Weldon, the dentist, expects to return to Condon in about three weeks, and wants all who need work in his line to wait for him.

Miss Julia Couture left Saturday, accompanied by her brother Ed, for The Dalles, where she expects to attend the St. Mary's Academy.

Are we of Condon to have a visit from any of the national speakers during this political campaign? Don't overlook us; we're a power in the land.

W. L. Barker is having another new dwelling house built on his property near the school house, by Squire Clark and his force of carpenters.

"Nancy Hanks" is surely queen of the turf. On August 31st, at Independence, Iowa, she trotted a mile in 2:54, beating her own world record of 2:74.

Edgar Moore, the steady, bright young clerk for L. W. Darling & Co., left on Thursday for a week's pleasant visit to friends at Kelso and Catlin, Wash.

See the new S. B. ad, "Judge Nelson's Decision." The S. B. medicine is among the best remedies in the world, and is becoming more popular every day.

The smoke has been so dense this week that at 6 o'clock in the evening the sun looks like a bright \$20 gold piece—if our memory of the coin serves us right.

The Globe thankfully acknowledges receipt of a complimentary ticket to the Portland Industrial Exposition, which opens Sept. 21st and closes Oct. 22d.

Owing to a very important engagement, Rev. Wise will not be able to preach at Matney next Sunday, but will preach at Condon in the evening at 7:45.

W. A. Goodwin, our painter, is papering and painting Herbert Halstead's new house this week, and is making a splendid job of it. He is a good workman.

The lumber is being hauled this week for the large armory building, also for the residences of Squire Clark, A. Henshaw, Wm. Dunlap, S. P. Shutt and several others.

Several of H. Greenfield's children on Trafford were very sick with summer complaint during the last week. Dr. Nicklin was called over to prescribe for them, and they are improving.

An agent is expected through this section soon, selling a non-explosive powder to be used in coal oil. He is a fraud and should be aided out over the fence by means of a No. 13 brogan.

Our friend Jno. A. Brown has returned home from Forest Grove where he took a course of treatment in the Keeley Institute for the liquor habit. He seems to be much benefited thereby.

Mr. Cole and wife, H. G. Hurlburt and Jno. A. Brown all were up to the county seat the first of the week, on business connected with the estates of W. G. Brown and Mrs. Hurlburt, deceased.

In the wilds of Borneo the thirsty cannibal throws a knife, sticks a man and drinks blood; at Condon the thirsty man throws dice, sticks his friend and drinks beer.

The directors of this district request us to announce that our school will begin next Monday, 12th inst. Mr. Hill, the teacher, is having the lumber hauled for a new house, which will be built at once.

Twenty more dwelling houses could be rented here within a week by families who are anxious to move here this fall to get the benefit of our excellent school, which is by large odds the best in the county.

Both of the strayed horses advertised last week by Dr. Nicklin, have been found in the Lone Rock country. Stockmen, it pays to advertise for your lost stock. The rates for this kind of advertising are very low.

J. H. Downing, Manley and Jim and Steve Couture returned home this week from their trip to the mountains, not having struck anything very rich in the way of mines. But they had a splendid time, anyway.

Grant County News: We have a man over here who won't subscribe for the News because he can borrow his neighbors'. And that same man has invented a method of using tobacco by the smoke from his neighbors' pipe.

Conceivably, county seat of Okanogan county, Wash., and Rocky Bar, Elmore county, Idaho, were both totally destroyed by fire last week, the former's loss being over \$100,000 and the latter about \$200,000, with but little insurance.

A. Vinson, of the firm of Niles & Vinson, tombstone dealers of Walla Walla, visited Condon this week and took a large number of orders. This reliable firm believes in advertising, and their business is rapidly increasing in consequence.

The annual State Press meeting will be held this year at The Dalles, October 4th being the date selected. A full attendance of the members of the press throughout the state is desired, so we are informed by the secretary, Albert Tozier of Portland.

A young man, just from Heppner, reports that potatoes sell there at 3c per lb and that the town is literally dried up, and that all the gardens are withered.

A conflagration would sweep Heppner from the face of the plain, as there is no water to put out a fire.—Eugene Guard.

Brigadier-General Compton has returned to his home in Klamath county, after inspecting the entire militia of the state. He expresses himself highly pleased with the condition of the Oregon soldiers, but admits that there are several items in the matter of equipments that should at once be looked after.

Jas. Royce of Gooseberry was in town Monday, and informed us that he has just sold one of his claims near Idea, to Davidson Bros. As soon as he disposes of his other property over there he expects to leave that section for the benefit of his health, as he says the alkali water does not agree with him.

Mrs. C. Schott and daughter, Miss Annie of Rock creek visited their friends in Condon this week. Miss Schott has been engaged to teach the fall term of school at Lone, to commence next Monday. After her school is out she expects to go to Boise, Idaho, to visit at the home of her uncle, Mr. Mobley, until spring.

A private letter this week from our old friend John Brandenburg of Keswick, Iowa, informs us that he is in the merchandise and grocery business at that place, and that he has a large trade and is doing well, which his many friends out here are glad to learn. He sends his best regards to all his old friends in this section.

Senator J. A. Smith and attorney J. C. Burkes of Wasco, Sherman county, were in town during the last week, abstracting the entire Blalock ranch in this county, consisting of about 7,000 acres. Senator Smith and his brother recently purchased this vast and valuable tract of land. We are glad indeed to have these enterprising gentlemen identified with our county.

Sheriff Wilcox and his deputies have been busy the last week summoning the 31 jurors for the September term of circuit court, the list of which is published elsewhere. A more honorable class of men could not have been selected, and as all of these gentlemen have the best interests of the county at heart, it is safe to conclude that the people can depend upon getting justice at their hands.

Wasco News: Last Wednesday J. C. Burkes, our genial lawyer, abstractor, cook, hash-slinger and all-round man, accompanied by Senator J. A. Smith, went to Condon to make an abstract of the entire Blalock ranch, belonging to Smith Bros. Senator Smith was not able to secure a man in Gilliam county competent to do the work, hence he secured the services of Mr. Burkes, who is an old hand at the business.

Archbishop Gross delivered a very learned and interesting discourse in the Catholic church at this place Tuesday evening, also at 10 o'clock next morning, to large congregations. He is indeed a brilliant and gifted speaker, and it is a pleasure and treat for any one to hear him, whatsoever denomination they belong to. He went to Mayville and preached there Wednesday evening and expects to return and preach here again this (Thursday) evening at 7 o'clock.

East Oregonian (Dem): It is idle for the democrats of this state to talk about carrying it for Cleveland and Stevenson this year, although we would like to see it done. The best thing for the democrats to do is to fuse with the Peoples party men and wrest the state from the republicans by such combination. This is feasible and practical, and we believe the result would be victory for the fusion ticket. Otherwise the republicans will carry the state by at least 6000, if not 10,000.

Somebody kindly remembered the Globe Tuesday by sending a 40-pound watermelon, carefully packed in a keg, which came in on the morning stage. Whoever it was, evidently has a heart as large as the melon, and has our profoundest thanks. It was the largest melon we ever saw, and had the kind donor send us back off a rod or two and make a dive at it, he would have no doubt of our appreciation of his present. Later, we have since learned that it was Mr. Geo. Hamilton of Rowe creek who sent the melon, and we hereby extend our most polished thanks to him.

Hugh Strickland returned home this week from the valley, where he disposed of the horses he took to market. He informs us that the "lively attachment suit" article as published in last week's Journal grossly misrepresents the true facts of the case. He says that, notwithstanding the selfish disposition of some people "who glory in the downfall of their more successful neighbors," he expects to be able to meet all his obligations without any inconvenience. We hope Hugh will get out safe, even if he was "kicked while down," as he terms it. We have just learned that Mr. Strickland has effected a settlement with the parties who were about to commence suit against him, and that the matter is amicably settled, which we are indeed glad to hear.

We are very glad indeed to note that the Fossil Justice and all interested parties took the Globe's advice concerning the Alderson-Newman elopement case. As per our advice, legal proceedings against Mr. Alderson were dropped and he was allowed to marry the girl. Mr. Alderson came over to Condon Saturday and procured the license, and next day at 11 o'clock he and Miss Newman were married in the church by the Baptist minister, Rev. Howerton. It appears that they couldn't make much of a case against Mr. Alderson, anyhow; but in order to let the county "in for the costs," he was (for a blind) bound over to appear before the grand jury in the sum of \$100, which was promptly furnished. This practically ends the case. After court, it is probable the somewhat notorious but happy couple will go to Portland where they expect to reside.

Distressing Accident.

Early Tuesday morning while hunting along the river a short distance east of Arlington, Attorney A. A. Jayne met with a frightful accident. His shot-gun was accidentally discharged, the load going through his right arm between the wrist and elbow. He was in a boat and alone at the time. Dr. Rinehart of The Dalles was telegraphed for, and Mr. Jayne was removed to his home in Arlington. Amputation was found to be necessary and his arm was taken off below the elbow. At last accounts he was resting easy, with no fear of serious results. It is an extremely sad accident. Mr. Jayne is an energetic young attorney of unusual ability, and this will indeed be very discouraging to him. He and his family have the entire sympathy of the community.

Jury List.

Following is a list of the jurors drawn and summoned for the September term of circuit court for this county, which convenes the 19th:

P. Potterton, A. C. Herndon, Chas. L. Prindle, Harvey C. Martin, John Maxwell and Jas. D. Fredenburg of Fossil; L. A. Henderson, Chas. B. Sears, H. W. Pentecost, J. P. Greiner, Geo. Gibbons, F. B. Moore, Chas. E. Golden and Sam'l Llewellyn of Mayville; H. F. Downer, T. C. Keizer, W. N. Brown, Geo. Hansen, W. L. Barker and D. C. Henry of Condon; John Berthold, John W. Brown and Clayton Shane of Arlington; W. C. Brown and Lewis A. Miller of Lone Rock; H. J. Nott and Pope Catlin of Olex; H. C. Dodson and H. T. Frost of Clem; Jas. Royce of Idea, and J. J. Bush of Blalock.

Settle Up Notice.

E. E. SAFF, Condon.

Lone Rock Rumbings.

Dr. Nicklin was with us Sunday.

Chas. Mote moved his family to their town residence Monday.

The Brown families returned last week from their mountain pleasure trip, and report having had a splendid time.

Married, at Lone Rock—oh! they're not exactly married yet; but the way they are brushing and rattling around here, the event isn't far off, now I tell you.

D. M. Rinehart, the Condon-Lone Rock stage man, has employed Arthur Harlow, a young man who recently came out from Iowa, to carry the mail. Mr. Pressler has gone to Heppner.

Bob Johnson informed us by letter a few days ago that he would start home shortly—but we noticed that he did not indicate by any visible signs that he would fall heir to any fruit upon his return.

Would it not be as well—perhaps weller—for the petitioners for the proposed Fossil-Lone Rock mail route to first see to getting a public road between the two places, over which to carry the mail? We do not think the U. S. mail can legally be carried over any but a public highway.

Joe Ralston returned home this week from a two-months pleasant visit to his relatives in the valley and on the Sound. His daughter, Mrs. A. M. Adams, lives at Tacoma, where her husband has large interests; and his mother and two brothers live at Albany and Lebanon, where his brothers do a large banking business.

Dr. Griffin came up a few days ago from Arlington and expects to rusticate in this vicinity a couple of weeks. In the meantime he will be prepared to fix up some of the mouths in this vicinity so that they will look a little better—and some of them surely need improvement in that direction. It would be a blessing if a number of months all over this part of the country could be fixed so they couldn't gossip so much about other people's business.
