

# THE CONDON GLOBE.

FRIDAY, OCTOBER 7, 1892.

## NOTICE.

The yearly subscription to the Globe is \$1.00, invariably in advance. No deviation from this rule. The paper will be stopped at the end of the time for which it is paid unless further ordered and paid for. A blue pencil mark around this notice indicates that your subscription has expired, and if you wish the paper continued you should remit the amount as soon as possible.

## GLOBOSITIES.

H. M. Hoss is visiting his relatives in Arlington.

Thos. Young is having his house in town enlarged and improved.

J. H. Downing now sells flour at \$4.25 a barrel. See his new ad next week.

Miss May Wineland of Lone Rock visited friends in town Friday and Saturday.

Wm. May has secured a job in the barber shop of Ross Beardsley at Arlington.

The latest statistics show that the total wealth of the United States is \$66,000,000,000.

Mr. Hardin Neel and wife of Lone Rock are visiting their friends in town, Mr. and Mrs. E. E. Smith.

Attorneys Goode and Burnham returned Monday from a week's visit to Salem and Portland. H. N. Frazer returned same day.

The action of the grand jury in returning 169 indictments against the strikers at Homestead has caused quite a sensation there.

Mrs. L. Lafferty started the first of the week for Bloomfield, Nebraska, where she expects to visit her old home until spring.

Work on the enormous armory was commenced this week. The boys aim to have it completed in time for a rousing blowout on Thanksgiving.

Wm. Stephens and family have returned to their home in Ferry Canyon from Lost Valley, where Bill pastured his sheep during the summer.

Rev. Wise returned home Monday from the valley. He will preach at Matney next Sunday morning at 11 o'clock, and at Condon in the evening.

There are at present 381 prisoners in the Oregon penitentiary. The total number that have been incarcerated there is 2,845, so that Oregon has opened her doors to 2464 ex-convicts.

The Northwest Fire & Marine insurance adjuster was down to Grant Wade's place Tuesday and paid his claim in full for the loss by fire last week. H. B. Hendricks' went down with him.

Work on A. Henshaw's new dwelling house was begun this week on the corner just north of his barn. This building will be for rent. H. B. Hendricks' house is also nearing completion.

A statement has been published that 6 out of every 10 men who have reached the age of 30 years in this country are single. This being Leap Year, the ladies should remedy this matter at once.

Mrs. C. H. Ogle visited her sister Mrs. W. P. Scribner at Heppner last week, the latter returning with her Tuesday to visit her mother, Mrs. Meek. Louis Meek will attend the Heppner school this winter.

Alex Berry has traded his ranch just west of town to Geo. W. Goode for a farm near Salem, and will make the exchange at once. Mr. Goode informs us that he will build a house on the Berry place at once.

Prof. Hill and wife moved into their new house this week. Mrs. Hill's sister, Miss Sophia Miller of Lone Rock visited her several days this week. Wiley Miller and family have moved into their new house also.

Wm. Cunningham, mention of whom we made last week, went to Fossil Saturday for his preliminary examination, which he waived, and was held in the sum of \$5000, in default of which he was committed to jail.

The privilege of selling peanuts at the world's fair has been knocked down to a confident bidder at \$170,000. This brave man has accepted the idea that the public expects to have nothing else but peanuts to eat while at the fair.

Heppner Gazette: Jas. and Charley Royse were in the city from Gooseberry Friday. In conversation with Charley he informs us that he has accepted a position as instructor over at Mayville, where he will begin teaching Monday.

Considerable excitement was created here Tuesday by a report that the Roslyn bank-robber fugitives were heading this way. The report proved to be without foundation, however. The reward for their capture has been raised to \$5,000.

Chas. Fix has the thanks of the town for filling in and levelling up the street in front of his property, a much-needed improvement. Dan Rinehart is also making a very necessary improvement by filling up the ditch in front of his stable.

Notwithstanding the fact that times are a little quieter than usual, the roar of the hammer and saw still continues unabated all over our little city. Condon is building up very rapidly, and is of the permanent and substantial kind, too. There is no longer any doubt that it is destined to lead all other towns in Eastern Oregon within five years. Now is the time to invest and build here while property is yet cheap.

An exchange says: "The man who can run a newspaper so as to please everybody is too good for this world and would soon be carried by angels to that happy home where the man who does not help support his home newspaper cannot enter. That place is heaven."

Quarterly inspection of H Co. took place Saturday evening, and was largely attended. The boys are taking renewed interest in military affairs, and feel greatly encouraged over the prospect for war with the Chinese Empire. They would be delighted to kill off a few millions of the rat-eating heathen.

M. V. Harrison of Hood River seems to be in a hard row of stumps. Eastern creditors have closed his store again, his goods being attached last week. It is somewhat of a mystery how Mr. Harrison manages to keep on making costly improvements and yet apparently seems to always be deeply involved in debt.

The Oregonian has quite a lengthy article on convict labor being put on public highways. This would undoubtedly be the proper thing to do, as it would improve our roads and not take work from the man who wants it and is trying to make an honest living. The way criminal labor has been managed for the past few years has almost been an inducement for a man to commit crime to keep from starving in many places, as they have been deprived of work because it could be done cheaper by convict labor.

Nancy Hanks has again lowered her record, this time on the regulation track at Terre Haute, Indiana, changing the mark from 2:07 to 2:04. This eclipses all previous records, not excepting those of the kite-shaped track. By this feat, Doble, Nancy's driver, wins the \$5000 prize offered by Robt. Bonner to the first horse that went 2:05 on a regulation track. Those who have kept a careful eye on Nancy Hanks have about concluded that the mare will never be entirely happy until she has kept up her two-minute gait for four consecutive quarters.

There is no occasion whatever for our business men to get discouraged at the slight dullness of trade. It is true, trade at present is not quite so brisk as it has been; but all the travelling men tell us that more business is done at Condon, for the size of the place than at any town in the state. Our business men cannot expect to do a "land office business" when all other towns in the country are even duller than ours. They also inform us that Condon cannot be excelled anywhere in the West for thrift and enterprise, which is the result of its live newspaper.

**Lone Rock Rumbblings.**  
Wm. Stahl and wife went over to Heppner Monday, returning Tuesday.

Our day school is progressing nicely, with the largest attendance on record.

Billy Mack passed through here Tuesday on his way to the Haystack and Jno Day country.

H. Clay Myers of Blalock was here last week contracting for beef cattle, to be delivered shortly. Mr. John Spay is buying also, and paying the highest price we have yet heard of.

Fred Monroe was in from his sheep camp a few days ago. He reports heavy rains in the mountains, which have started the new grass nicely, and that sheep are in excellent condition.

Billy Colwell and wife left for their home at Portland last week, after a very pleasant week's pow-wow with their many friends here. Mrs. Lucy Miller and Miss Lillian Rohrer accompanied them on their homeward trip.

Commissioner Ralston is about to begin painting his new house. From the neat and tidy manner in which Uncle Joe is having things fixed up, one can hardly avoid suspecting that he has matrimonial intentions—or something of that sort.

John M. Brown finished threshing Tuesday. His crew of hands was well represented by our townspeople, Mat Halverson, representing Copner & Co.; J. B. Goff, the postoffice; and R. G. Robinson wielded the pitchfork, to the tune of \$1.50 per day.

Quite an extensive land trade was made here a few days ago between Mr. Silas Brown and his son Billy, by which the latter becomes the owner of the Camas Prairie ranch, while Grandpa gets the 1100-acre Rock creek farm. Both these tracts contain choice and valuable land. Cowboy.

## To Our School Patrons.

The amount of public money on hand in our district at present is \$250, which falls short about \$350 of being sufficient to run the six months term of school, at the rate of \$100 per month, the amount it will take.

After careful consideration, we have concluded that the most practical and satisfactory manner, to the district at large, by which to raise the necessary amount is to levy a rate bill, and thus raise the amount among the patrons of the district who send children to the school. This rate tax will be collected at the end of the term. All scholars attending our school from outside the district will be charged as follows: For the grammar department, \$6 per quarter, and the primary department, \$5 per quarter, payable strictly in advance.

## How to Destroy Squirrels.

Ed. GLOBE:—For the benefit of your many readers who are likely to be damaged by squirrels next season, I give my modus operandi in destroying them, which I believe is the best yet known. I speak from my experience last spring: Owing to the lateness of the spring and the frequent snowfall, it was very easy to find their holes in the snow, and making my rounds after the snow fell, dropping a little of the poison wherever squirrel tracks were found, and after repeating this five or six times, I found that not a single corn or cabbage plant was damaged and very little grain destroyed. The little pests must be "nipped in the bud;" after they get a start it is next to impossible to exterminate them.

The squirrels make their appearance about the middle of March, and in some favored localities they do not hole-up until about the middle of August. They do the most damage in July, before the grain is thoroughly ripe, when poison is of little, if any, use and when the grass and grain is so tall that the shotgun is of little effect in killing them. Therefore, use your poison early, and don't be fooled by thinking because there seems so few it is not worth bothering about them; they multiply with a rapidity that is astonishing. Another reason for beginning early is that the dead squirrels are eaten by their survivors.

I prefer strychnine, especially in wet weather. One dollar's worth is sufficient for 320 acres if judiciously used. I mix it as follows: Take a quart can and put into it  $\frac{1}{2}$  pint of molasses, pulverized strychnine about one-sixth of an ounce ( $\frac{1}{8}$  of an ounce will make about 6 quarts) after mixing the syrup and poison thoroughly. Stir in corn meal, graham or shorts; but not corn meal alone, as it will not stick together. Make it as stiff as you can with an old knife, then drop a piece the size of a bean in each hole, repeating as often as you see signs of life.

By following the above directions, I am satisfied your labor will be amply rewarded and the county saved from a great deal of annoyance and needless expense. Hoping my few remarks will prove of some benefit to my brother farmers, I subscribe myself, FARMER.

## Germany Gems.

Mr. Kelsay, brother of B. Kelsay of Fossil, passed through here Sunday from Long Creek, on his way to the valley with a band of horses.

Val Wheeler is building the new school house here, which will be 24x30 in size. No doubt it will be a good job. Val has a way about him that whenever he starts in to do anything, he generally "gits thar." We noticed that also when he ran for assessor. So did Val.

The bright warm weather has brought out the abominable fly again, with the vigor of a buzz-saw. After careful figuring we have discovered that we could have done without 'em, at least until the "beautiful snow flies" again. The foregoing joke is purely original—also a good one, as you have noticed. FRISKY.

## Special Notice.

All persons knowing themselves to be indebted to L. W. Darling in accounts, will please take notice that the same have been transferred to the undersigned, and are now due.

Request is made to settle at an early date, either by cash or secured note, and save costs. Wheat will be taken in settlement.

I further wish to state that all goods contained in L. W. Darling's drug and notion store have been marked down from 20 to 40 per cent, and will be sold at these reductions for the next 60 days, for cash. Inspection is solicited. See our advertisement.

Respectfully,  
R. L. SABIN.

## Valuable Farm for Sale.

I have concluded to sell my farm in Lost Valley, consisting of 320 acres, of which 120 are under cultivation, with 5 miles of fence thereon; also 8000 feet of sheep sheds, bunk house, good dwelling house, smoke house, milk house, chicken house, blacksmith shop and tools, stable, granary and barn connected; and other out-buildings and improvements too numerous to mention, and all kinds of farming implements, all of which I will sell or trade for sheep. This is a great bargain if applied for while I'm in the notion of selling. Address me at Lone Rock, Or.  
T. F. BARTON.

## The Famous Ross Bucks.

We have for sale here at Arlington 300 head of these noted bucks, both Grades and Thoroughbreds. Sheep owners will find these bucks to be the very best, and were the choice of 2000 head. They are noted for the dense wool, length of staple and whiteness of yolk, and will increase the weight of your fleeces two pounds to the sheep. Will be in Arlington from Oct. 3 to 25th, at  
COFFIN & McFARLAND.

## PORTLAND EXPOSITION

September 21st to October 22, 1892.

The Union Pacific System will extend to its patrons the usual reduced rates on round trip tickets which will include admission to the Exposition, selling on Mondays, Wednesdays and Fridays of each week. Detailed information can be had by applying to ticket agents.

S. COLLINS, Ag't, Arlington.

## For Sale.

I have at my place in Lost Valley 50 head of young Merino high-grade bucks, ranging in age from one to two years, which I will sell very cheap if applied for soon. Sheepmen should take advantage of this excellent opportunity.  
T. F. BARTON.

## Lumber For Grain.

We will take any kind of grain in exchange for lumber, at Arlington prices, at our saw mill.  
MILLER & HILL.

## To Friends of Education.

The president of the United States has by proclamation set apart the 21st day of October next as a public holiday, it being the four hundredth anniversary of the landing of Columbus. In his proclamation the president recommended that it be especially observed by the public schools; that the American flag be raised on every school house in the land, and that appropriate exercises be had in all the school houses at that time.

Not wishing to be behind in anything that will tend to make our school one of the best and most attractive in the state, we have decided to celebrate this day with appropriate exercises, and to this end we would respectfully ask the hearty co-operation of all those who are interested in the cause of education.

We would especially request all old veterans to assist, as to them will be assigned the task of raising the flag. These veterans are to include not only those who wore the blue, but also those who donned the gray, as it is the aim of the public school system to teach the rising generation the oneness of our nation and our flag. So let all veterans, either of the "blue" or the "gray" that are willing to assist, report to me as soon as possible so that arrangements can be made for their part in the program, as well as for their entertainment at that time. There will be a parade of the school on this occasion, and the military and civic organizations will receive formal invitations to take part.

We expect to have a general good time and would earnestly request all who have an interest in the general welfare of the country, and especially of the future of the country, to assist the children in commemorating this the greatest discovery that the world has ever known.

J. H. HILL,  
Principal Public School, Condon.

## Photographs Enlarged.

I will enlarge photographs in crayon at very low prices—to suit the times, as follows: For size 8x10 inch, \$3.90; 11x14 with frame, \$5.90; 30x25, in a 6-inch-deep frame, \$19.50. I guarantee my work in every respect.

MRS. MONT WARD, Condon.

## Strayed Again—\$5 Reward.

My old brown horse, branded small WK on left shoulder; light or switch mane and tail. Was seen last on Hay creek in a pasture. He may point towards Goldendale, Wash. I will pay \$5 reward for his delivery to me at Condon.  
DR. J. NICKLIN.

## The Best Wagons.

The best wagon in the world is the new Peter Schuttler tabular axle wagon. The Steel Skein Schuttler wagon has been in the lead for the past 50 years; the new tabular axle Schuttler will be in the lead for the next 50 years. For sale by L. W. Darling & Co., Condon, Or.

## Treasurer's Notice.

All county warrants registered prior to June 1, 1892, will be paid on presentation at my office. Interest ceases on and after this date.

HERBERT HALSTEAD,  
County Treasurer.  
Dated July 21, 1892.

## Hay For Sale.

I have 500 tons of excellent hay, all kinds, for sale at my ranch on the John Day, which I will sell very cheap. I will take any kind of stock to feed this winter. Address J. H. Parsons, Fossil, or inquire at this office. I will pay cash for about 300 head of calves.  
J. H. PARSONS.

## For Sale Cheap.

Hundreds of deadened dry trees on my Buckhorn Mountain Ranch, for wood, at 50c, 75c and \$1 per cord. Pasture for horses, 25c a span.  
H. M. BRITAN.
