

# THE CONDON GLOBE.

FRIDAY, OCTOBER 14, 1892.

## NOTICE.

The yearly subscription to the GLOBE is \$1.50, in advance. No deviation from this rule. The paper will be stopped at the end of the time for which it is paid unless further ordered and paid for. A blue pencil mark around this notice indicates that your subscription has expired, and if you wish the paper continued you should remit the amount as soon as possible.

## GLOBOSITIES.

Notice change of dates in treasurer's notice.

Work on Miss May Wineland's new dwelling house was begun this week.

Mont Downing made a trip to Portland this week, stopping at The Dalles on the way.

Rev. Wise will preach at Mayville next Sunday morning at 11 o'clock and at 3:30 in the afternoon.

Mrs. Mary Brown has moved to her town residence, for school advantages. She had a barn built this week.

Dr. J. A. Lamberson of Lebanon, Linn county, arrived here Wednesday and is visiting his parents and relatives.

We notice by the Eugene Guard that A. G. Mathews, formerly of Mayville, is now deputy sheriff of Lane county.

The King of Siam has been asked to send something to the world's fair. He may answer: "Take me, just as Siam."

Mrs. Mary Jane Lamberson and children have moved to town for school purposes, and occupy the Hoss house in the lower end of town.

J. H. Miller and his father are visiting their relatives in the valley. The old gentleman will probably remain in the valley this winter.

Mrs. Belle Weatherford, after a brief visit to her old home on Trailfork, left this week for Portland, where she expects to remain several months.

Russia has the largest standing army in the world, there being 835,780 men and officers; France comes second with 528,114; Germany third with 400,862.

Pat Skelly is over on the sound this week looking after his real estate interests over there. S. V. Moore conducts the business here during Pat's absence.

The Condon Literary Society will meet at the school house this Friday evening. A short but interesting program has been prepared, and all are invited to attend.

Rev. Geo. E. Rawlins, the new Fossil minister, writes Mr. and Mrs. Henshaw that he will preach at Condon next Tuesday and Wednesday evenings, 18th and 19th.

Squire Clark has moved his justice mill from the law office on Main street to the sheriff's office, where justice will hereafter be ground out at the usual rates.

A large band of cattle belonging to W. S. Thompson and Jas. King of Fossil were delivered at Arlington Wednesday, to be shipped to the Portland and Sound markets.

The announcement is made that the Sultan of Johore will visit the world's fair. This intelligence is very gratifying indeed; but who in thunder is the Sultan of Johore?

Born, at Condon, Thursday, Oct. 13, 1892, to the wife of County Treasurer Halstead, an 8-pound daughter. Herbert now steps over 10-foot fences with the greatest ease.

Dr. Weldon, the dentist, came up from Arlington Friday and expects to remain here ten days. He is an excellent workman and those needing dental work should give him a call at his office in Maddock's hotel.

Hood River Glacier: The goods in M. V. Harrison's store were advertised for sale Saturday by the sheriff. But it is quite probable that arrangements will be made by which the sale will be indefinitely postponed.

Marshal Morgan passed through town Thursday on his way home to Fossil, accompanied by his family who have been visiting their relatives in California since last spring. Mrs. Morgan's mother returned with them.

Edward Smith, of Ballard, Cal., son of T. J. Smith, who ran the Butte creek sawmill several years ago, is visiting old friends in this section. He is an energetic young man and will probably conclude to locate here.

Clara—When the poor fellow fell into the water I suppose you tried to rescue him. George—Oh, yes! I telephoned for a doctor right away. But it was no use; the man drowned before he got there.—N. Y. Herald.

Mackey Bros., photographers, will be in Lone Rock from Oct. 24th till Nov. 1. These gentlemen never fail to give the best of satisfaction, and those over there wanting such work, cannot afford to miss this opportunity.

Any one desiring a plate made must call on Dr. Weldon before next Thursday, as he will not take any plate work after that date. The two Saturdays of his stay in Condon will be devoted exclusively to school children.

The GLOBE is having some improvements made, and everyone knows that it takes lots of money to build. Therefore, we are obliged to kindly request all who are indebted to this great and powerful weekly to settle without delay.

Geo. Tatam and A. J. Walker are putting a fence around the jail this week. It will be ten feet high, with barbed wire stretched several inches above the top, which will make it very difficult to scale, also for the boys to sit on to talk politics and cuss.

If it prove correct that Thos. Coleman, confined in the Oregon penitentiary, is Thomas Geoghegan and the murderer of Dr. Cronin of Chicago, of which there seems but little doubt, it will only be another confirmation of the truth of the proverb, "murder will out."

Married, at Mayville, Friday, Oct. 7, 1892, Mr. Arthur Stitt to Miss Eva J. Pentecost. They were married in the church by the Baptist minister, Rev. Howerton, before a large crowd of friends. The happy couple left Monday for Linn county, where they expect to reside.

In the matter of newspaper advertising, the Northern Pacific stands fourth in the list of railroads of the United States. During the last fiscal year it spent the sum of \$112,843 for advertising. The Pennsylvania line heads the list with an annual advertising account of \$230,111.

Dr. Eugene Clymer of Emmet, Idaho, made a flying visit trip to Fossil Tuesday, returning Wednesday. He informs us that he is doing well at his profession but is not married yet. His brother Vance is also doing well at Huntington. A little red-haired girl baby now adorns Vance's home.

The people of this country take at least enough interest in pugilistic matters to read with much gratification that Charley Mitchell at present forms part of the interior decoration of an English dungeon. He was sentenced to two months imprisonment at hard labor for an unprovoked brutal assault upon an old man.

A large crowd of invited guests, principally young folks, assembled at Maddock's spacious hotel Tuesday evening and gave Franky a delightful little party in honor of his 11th birthday. The evening was spent in plays, music and dancing, and at 12 o'clock a fine supper was served to the merry crowd, and all went home happy.

Great preparations are being made by our teachers and pupils for the exercises on the 21st inst. The program is very interesting and a large crowd is expected to be present. Five or six old veterans have already signified their intention to be present to take part in the proceedings, and the blowout will be worth coming miles to see and hear.

Mrs. E. E. Smith went over to their farm four miles east of Lone Rock last week and returned Saturday with a large quantity of as fine fruit as we have seen in the country. The GLOBE force sampled some of it and knows whereof it speaks. Mr. Smith has a splendid farm, well improved, with a fine young orchard growing thereon.

S. B. Barker returned home this week with his sheep which pastured in the mountains near Austin, Grant county, since spring. J. A. Spaulding and J. M. Cameron, who pastured their sheep in that vicinity also, are on their way home. Mr. Barker says all of them had splendid luck with their sheep, all being in excellent condition.

A. J. Smithson, one of the wealthiest men in Albina, posted a notice in a prominent place this week, offering to bet \$15,000 to \$10,000 that Cleveland will be elected president, the offer to hold good till election day. In New York City a number of heavy 4 to 3 bets have been made that Cleveland will carry New York by \$10,000 plurality.

The presidential election takes place in three weeks from Tuesday, and yet very little interest has been awakened in the campaign. The only election news of the past week that is anywise sensational is that of the defection of Judge Gresham and Wayne McVeigh, who was attorney general under Arthur, both of whom declare their intention to vote for Cleveland.

Billy Mack met with a painful accident Saturday while in the vicinity of Wagner. About 1/2 of the only thumb the poor fellow had, was caught between the saddle-horn and rope with which he was leading another horse, and was so badly torn and cut as to make amputation necessary. Dr. Nicklin performing the operation: Billy has but one arm and can ill afford to lose the thumb.

Chas. Slater has made preparations for another week's racing at his place in Lone Rock, commencing Oct. 17th, next Monday. First day—400-yd race, purse \$10, entrance \$10, to be added to purse. 2d day—300-yd race, purse \$15, entrance \$10 to be added to purse. Both races free to all. Dancing each night. No whiskey or rackets allowed on the ground. Meals 50c. Everybody bring their blankets.

The GLOBE is very thankful to the thoughtful friends who send in items occasionally from their respective localities. No matter what happens that you think will make an item, either drop in and tell us, or drop us a line by mail. The GLOBE already has the reputation of being the best local paper in Eastern Oregon, and it is the aim of the editor to keep it up to its present high standard.

W. L. Vanderpool of Dufur, manager of the S. B. Medicine Co., visited Fossil Friday, in the interest of this excellent remedy. He is greatly pleased with the large sales of his medicine in this section, which he very properly attributes, in addition to the medicine's merits, to the GLOBE's excellence as an advertising medium. It pays to advertise in a paper having a large and healthy circulation.

There are a few pretty hard roosters about Fossil, who manage to live somehow, even if they have to violate the rules as laid down by our friend Moses. A few nights ago, during the absence of Mr. and Mrs. H. B. Hendricks, some one broke into a commandment, also their hen-house and extracted therefrom several very fine fowls, which, up to the hour of going to press, have not yet been returned. They also pillaged the cellar.

The famous Dalton gang of desperadoes were wiped out at Coffeyville, Kansas, Wednesday of last week. They were robbing the banks of that place when the citizens surrounded them, killing five out of the six of the gang. Four citizens were killed and several more wounded. Rewards aggregating \$10,000 had been offered for their capture, and the amount will be distributed among the families of the murdered citizens and those who exterminated the gang.

The dance given on Cantwell's large new platform in Lost Valley Friday night was a very enjoyable affair and a complete success, socially and financially. Over 100 persons ate supper, and about 40 numbers were sold. The only unfortunate occurrence was the stealing of a pair of spurs from a saddle. The fellow was discovered in the act, and Mr. Cantwell takes this opportunity to request him to return them at once if he wishes to avoid some very unpleasant litigation. No questions asked.

Milton Eagle: With the exception of a few mossbacks, all the business houses of the town patronize the Eagle's advertising columns. The readers of the paper will notice also that it is the business men who advertise who get the bulk of the trade. The public knows that a business that cannot afford to advertise is a dangerous institution to meddle with, and should be shunned like a pestilence. Advertisers help out their town more in one day by their methods of doing business than the mossbacks would in twenty years.

See the new ads of J. H. Downing and Halstead, Rinehart & Co. These enterprising gentlemen know the value of printers ink, and notwithstanding the dull season, they do an enormous business every day. They have learned from long and successful experience that the best investment they ever made is that spent for advertising their business. The public knows that if business men do not ask for patronage through their local paper, that they do not want the trade—and would not appreciate it if they got it. Patronize those who ask for your trade, and you will always get the worth of your money.

## Is Our Ben One of 'Em?

St. Louis Republic: For years I have collected and carefully indexed every newspaper item in any way bearing upon the subject of the tallest American family. From careful analysis of this truly imposing array of giant literature I have come to the conclusion that the Pettijohn family of Walla Walla county, Wash., deserves the cake. My data on the score are hardly as recent as I would like, but they are the "best in the shop" and here they are: The family consists of ten children, seven boys and three girls, the average height of the ten being 6 1/2 feet, and the average weight 244 pounds, including the two children not yet grown. The "baby," a boy of 17, is 7 feet and one inch high and weighs 265 pounds.

## Lone Rock Rumbblings.

R. G. Robinson went to Heppner Wednesday.

Tom Johnson was here posting election notices Saturday.

Heavy rains the 1st of the week and wound up with cold windy weather.

Mat Halverson went over to Heppner Sunday and returned Tuesday. He says times are very dull over there; but all the same we noticed quite a bit of bark off one side of Mat's mug when he came home.

Times are pretty dull up here, especially among those of us who are about "strapped." The word strapped will no doubt recall to the dear reader's mind the days of his boyhood, when he used to be snaked out of bed every morning by means of another style of strap, in the hands of an infuriated paternal ancestor. Those are the good old times that a fellow never forgets.

It appears that Joe Keeney is somewhat disappointed in not being able to find a sucker to take the Fossil-Lone Rock mail contract off his hands, since he has taken it at about half what it can be carried for, if such contractors as Mr. Keeney were forced to carry the mail a few months themselves over some of our mountain roads and winds, we think they would use a little better judgment when bidding on such contracts.

Monday's races at this burg did not bring out many people, owing to the cold weather; but a large crowd attended the dance in the evening, while the sports repaired to the gambling hall and played 'ell and poker all night. Tuesday the races were more interesting. A purse race was run, the contestants being Earhart's horse, Ward's mare and Ed Smith's horse. The way the fire flew from their hoofs and the hair from their ribs was amazing. But "Otha's Old Cow" got there all spraddled out, winning by about the length of a coon's tail—if you know how long that is. Coward.

## To the Veterans.

If all those who are willing to assist us in the Columbus celebration will report to me at the school house on the 21st inst. at 11:30 a. m., arrangements for their part in the program can be made so that there can be no clash. I would say that quite a number have reported for duty on that day, and we trust that others will fall in and help to make the day a memorable one for Condon. J. H. HILL.

## To Our School Patrons.

The amount of public money on hand in our district at present is \$250, which falls short about \$350 of being sufficient to run the six months term of school, at the rate of \$100 per month, the amount it will take.

After careful consideration, we have concluded that the most practical and satisfactory manner, to the district at large, by which to raise the necessary amount is to levy a rate bill, and thus raise the amount among the patrons of the district who send children to the school. This rate tax will be collected at the end of the term. All scholars attending our school from outside the district will be charged as follows: For the grammar department, \$6 per quarter, and the primary department, \$5 per quarter, payable strictly in advance.

## Valuable Farm for Sale.

I have concluded to sell my farm in Lost Valley, consisting of 320 acres, of which 120 are under cultivation, with 5 miles of fence thereon; also 8000 feet of sheep sheds, bunk house, good dwelling house, smoke house, milk house, chicken house, blacksmith shop and tools, stable, granary and barn connected; and other out-buildings and improvements too numerous to mention, and all kinds of farming implements, all of which I will sell or trade for sheep. This is a great bargain if applied for while I'm in the notion of selling. Address me at Lone Rock, Or. T. F. BARTON.

## The Famous Ross Bucks.

We have for sale here at Arlington 300 head of these noted bucks, both Grades and Thoroughbreds. Sheep owners will find these bucks to be the very best, and were the choice of 2000 head.
