BEYOND THE ROCKIES. Marriages Between Chinese and Europeans in New York.

OMAHA TO HAVE ANOTHER BRIDGE. The Baltimore and Ohio Railroad Will Control the Ohio and Mississippi Road—Etc.

The orange crop of Leon county, Fla., is larger than for many years past. Toledo has a boodle scandal.

Owing to the scarcity of hay, Kansas farmers are harvesting their corn fodder. A Chicago man has sued his doctor for \$20,000 for breaking the drum of his ear.

Now that the cholera scare is over, the streets of New York are resuming their dirty state. The Canadian government is to follow our example in making postal cards of various sizes.

Negroes are turning handits in Mississippi. Several murders and one double lynching have occurred. At New York marriages between Chinese laborers and Europeans of the poorer classes are increasingly frequent.

The Baltimore and Ohio party seem to have carried their point, and will gain control of the Ohio and Mississippi road. Spurious silver dollars are plentiful in some of the Eastern States.

The net gold fund in the Treasury is still growing. Two months ago it amounted to \$110,000,000, and now it is \$123,000,000.

Pittsburg thinks of damming Indian creek forty-three miles away to get a supply of water, if needed, of 150,000,000 gallons a day.

While driving a well at Linwood, Mich., "a vein of soft coal, two feet thick, and one of hard coal, six and one-half feet thick, were struck."

The contractor for the construction of the Canadian Soo canal binds himself to have the canal completed by the opening of navigation in 1894.

The story that the grasshoppers are eating up the early wheat in Kansas has been traced to the State Central Committee of the People's party.

An Omaha sport in red clothes is walking from Omaha to Chicago and return, begging his food, and to do it in thirty-seven days for \$4,000.

It is estimated that the voting lists of Boston will contain at least 80,000 names. In 1888 the number of registered voters at the national election was 72,115.

The Daltons were second cousins to the James boys and distantly related to the Youngers, who are now in the Minnesota penitentiary for the Northfield bank robbery.

Mr. Whitney, President of the West End road of Boston, and a syndicate of capitalists are reported to have purchased all the open coal mines of Nova Scotia.

The County Commissioners of Carbon county, Pa., week before last sold 10,000 acres of unneeded mountain land. Some of it was sold for less than 8 cents an acre.

A Canadian official has gone to Hudson's Bay to investigate the truth of the reports that American whalers are smuggling large quantities of goods into that district.

The street railway conductors of Cincinnati who used the old punched tickets over and over again and cheated the company out of \$100,000 or thereabouts are out of a job.

Three big law firms in New York are having a vast amount of real estate business, and are inserting a clause of their mortgages now requiring all future payments to be made in gold.

EDUCATIONAL NOTES. Sweden the First Country in Which Were Established Cooking and Housekeeping Schools.

Every Northern State west of the Alleghenies has a State university. Sweden has 2,000 school gardens.

Three thousand students, it is estimated, will attend Harvard College this year. Of the public-school teachers in the United States more than 65 per cent. are women.

Edinburgh University is one of the chief medical centers in the world. It was founded in 1582. The freshmen classes of Harvard and Yale both show noticeable increase.

The oldest living teacher is Miss Clara Whiting of New York. She served continuously fifty-seven years. The elementary-school statistics of Hungary are thus reported: In 1892 2,015,612 children attended school, while in 1889 only 1,162,115.

There will be no color line at the University of Chicago. Quite a number of colored persons of both sexes have applied for matriculation. The oldest and largest medical school in America is that of the University of Pennsylvania. It was founded in 1765, and has graduated 10,458 men.

Wonderful progress has been made in this country of late years in teaching the dumb to speak. Last year articulation was taught to 4,235 pupils. Twenty-five graduates and former students of John Hopkins University of Baltimore, Md., have accepted positions on the staff of the new University of Chicago.

In 1870 the London School Board began its work with not a single school under its control. In 1891 it possessed 410 schools, affording accommodations for 428,000 children.

The University of Berlin, with its 6,000 students and scores of famous professors, has a capital of about \$750,000. Its largest endowment, that of the Countess Bose, is only \$550,000.

Yale College entered upon its one hundred and ninety-third year September 29. Over \$1,000,000 have been expended on new buildings and other improvements during the past year.

Sweden was the first country in which cooking and housekeeping schools were established, and here these schools show a great variety. One of its cooking schools supports a restaurant of about 100 persons.

OCCIDENTAL MELANGE. Merchant Certificates of Entry Being Sold to Chinese. A TRUCK FARMER IS HELD UP. Fined for Evading Customs Officers—Poisonous Weed Causes Death Among Utah Sheep.

Dryden's agents are in New Mexico endeavoring to produce rain. The British Columbia sealing fleet has brought down only 1,271 skins.

Sacramento is to spend \$100,000 in enlarging and strengthening her levee system. The owners of the Halcyon have been fined \$800 at Victoria, B. C., for evading the customs officers.

Hans Nelson and Juan Alvarez have been captured at Phoenix, A. T., while passing counterfeit money. The Nez Perce reservation in Idaho, a very rich land section, will be open for settlement in a few months.

The cattlemen in Southern New Mexico are moving off the ranges, the drought having made them barren. Silver salmon are now very plentiful at Yaquina Bay, and are being caught with trolling lines in great numbers.

The vintage is fully on in Napa Valley. The wine-grape crop is two-thirds short, and many large wineries are not crushing. There are thirty-seven pupils in attendance at the Oregon Deaf Mute School this year, the highest number ever present.

The High Court of California Foresters concluded its work at Eurekafield the other day. Monterey was selected as the next annual meeting place. Another murder is reported by "Kid," the Apache, in the Swisheim Mountains. A woodchopper was shot and his head beaten off with stones.

The opal fields on the Snake river near Caldwell, about thirty miles from Boise, Idaho, are the cause of considerable excitement among mining men. By a ruling from Washington the Nogales (A. T.) custom authorities are authorized to permit the free entry into the United States of calves that were born to cattle that had strayed into Mexican soil.

The contract for a new county jail has been let at San Diego by the "Solid Three" of the five Supervisors who refused to submit the proposition to a vote of the people, on the ground that they did not know what was good for them.

The British Pacific Construction Company, with a capital of \$5,000,000, has been incorporated at Victoria, B. C., for the purpose of laying out, building and equipping the Canada Western railway from Victoria to Yellowhead Pass. Matt Hinderton, who owns over \$30,000 worth of real estate in Los Angeles, has been detected stealing walnuts on the Briewater place. His coat and trousers had their pockets extended for the work. He pleaded guilty, and was fined \$20.

Los Angeles thinks the reported mishap to the Charleston at Ballast Point should have been thoroughly investigated, and that grave responsibility will rest on some one if the vessel meets with bad weather and is injured. It is stated the propeller blades were bent.

The steam combined harvester which has been employed in Umatilla county during the present season will be used in plowing this fall. It is thought that the machine can pull 30 plows with ease. It has harvested the grain on 3,000 acres this fall at the rate of about sixty acres per day.

A California botanist, who has been making a prolonged visit to Mount Hood and Hood River Valley in quest of specimens of fruit and foliage of cone-bearing trees, succeeded in obtaining specimens of sixteen different species of cone-bearers out of a possible twenty-five, and is very enthusiastic over the results of the search.

Samuel McFadden, a truck farmer living near Los Angeles, while driving home was robbed by a man who slipped into the rear of the wagon, placed a pistol to his head and told him to drive slow and not open his mouth or he would blow his brains out. With his other hand the stranger went through the farmer's pockets and secured \$305.

Evans and Sontag when last heard from were in Squaw Valley, and were seen the day after the alleged interview with them which was printed in a San Francisco sensational newspaper. The distance between the place where seen and where the "interviewer" talked with them would require four days' travel to overcome.

There is a company with headquarters in Portland, Or., which furnishes Chinamen with merchant certificates of entry into the United States, properly signed and sealed, bearing a photograph of the party desiring to enter at a cost of \$60 a head. These certificates are sent from Portland to agents at Vancouver, B. C., who have no difficulty in disposing of them at the price stated.

The San Francisco lumbermen interested in controlling the cargo output of the Pacific Coast have prepared a schedule of the amount of lumber each mill may cut under the pool arrangements. The schedule is based upon the output of 1891, and is unattractive to most of the small mill owners on Puget Sound, who may be subsidized, although it is said it is not the plan now to subsidize mills.
