FRIDAY, JANUARY 6, 1892.

## NOTICE.

The yearly subscription to the GLOBE is \$1.50, payable in advance. No deviation from this rule. The paper will be stopped at the end of the time for which it is paid unless further ordered and paid for. A blue pencil mark around this notice indicates that your subscription has expired, and if you wish the paper continued you should remit the amount as soon as possible.

## GLOBOSITIES.

Don't forget to write it 1893.  
County court is in session this week.  
Dr. Howard of Fossil was in town the first of the week.

The trial of the Roslyn bank robbers began at Ellensburg Thursday.

The ball Friday evening was well attended and was a social success.

We noticed W. W. Kennedy and Jack Yantis of Fossil on our streets to-day.

Surprise (?) parties have been the order of the day, or rather evening, in our city during the last week or 2.

Frank P. Watson, supervisor of the Fossil road district, was in town Tuesday on business with the county court.

Register John W. Lewis is able to resume his duties in the land office again. Likewise Geo. P. Morgan on the Sun.

Marriage is considerably of a failure in Butte, Mont. There are 100 divorce cases on the court docket of that town.

Mr. and Mrs. T. Cul Keizer returned home last week from a pleasant visit to their relatives in Western and Southern Oregon.

Stevens Bros., Frank and Charlie, accompanied by their brand-new wives and Mrs. A. C. Stevens, visited Condon Sunday last.

Minister-Bobby, let me hear you spell kitten. Bobby—I'm getting too big a boy to spell kitten, sir; try me on cat.—Tit-Bits.

An Oregon candidate complains that so many lies were told about him during the campaign that he cannot get credit from his tailor.

Misses Daisy Downing and Julia Couture expect to leave tomorrow, Saturday for The Dalles, to resume their studies in St. Mary's academy.

The lyceum met again Friday night, the first for several weeks. The "Tribune," edited by L. W. Darling, was an amusing feature of the evening.

All persons indebted to me are requested to settle their accounts before Jan. 15, 1893, either by cash or note. Please be prompt.

J. W. BARR, Condon.  
Mr. Wilkinson White of Paper Sack had been very sick the past week with lung fever. Dr. Nicklin was summoned, and the old gentleman is recovering, we are glad to state.

"Blinkie tells me he has a leading part in the company he is with." How's that? "He's with the Uncle Tom's Cabin Troupe and he leads the bloodhounds to and from the theater."

The "bang" must not go. It becomes every forehead on which it appears, and many a pretty woman without a bang would be so plain that she would never go off without one.—Judge.

Chas. Dahlke, who had been stopping in town several weeks having his broken arm treated, concluded to go to Portland and remain in the hospital until he fully recovers. Mont Downing took him to Arlington Tuesday.

Our jovial assessor Val Wheeler was in town several days this week on business connected with his office. Val has entirely quit the use of tobacco and intoxicants of any kind, and is a new man out and out, as it were.

The highest place in the world regularly inhabited is the Buddhist town of Haine, in Tibet, which is 16,000 feet above the sea level. The highest inhabited place in the Americas is at Galera, Peru, 15,625 feet above sea level.

Wife—John, dear, you know how I have been skimping and stinting myself to be able to get a sealskin sack. Now I wish you would help me some. John—How much do you want? Wife—The sack is \$200 and I have it all but \$155.

The supreme court has decided the political case in favor of Pierce. The court held that while it may have been an error in printing the name on the ballot twice, the vote should not be lost. This will leave Oregon standing, one people and three republican Pres. electors.

A Kentucky man recently got a prize for the following definition of a gentleman: "A man of refinement and culture whose aims are noble, whose truth is constant, and not only constant in its kind, but elevated in its degree; whose want of meanness makes him simple, and who can look the whole world in the face with a true manly sympathy for the great and small."

Chicago Tribune: Take your home paper; it gives you more news of immediate interest than the big city papers; it talks for you when others baffle you; it stands up for your rights; you always have a champion in your home paper, and those who stand up for you should be well sustained. Your interests are kindred and equal, and you must rise or fall together. Therefore it is to your interest to support your home paper; not grudgingly, but in a liberal spirit, as a pleasure, not as a disagreeable duty, but as an investment that will amply repay all expenditures.

Remaining unclaimed in the postoffice at Condon, Oregon, for the month ending, Dec. 31, 1892:

Ladies—Mrs M Wright.  
Gentlemen—Geo Dennis, Alvin C Ebert, W J Feker, D M Hayden, George Harries, W F Harmon, Thomas Mania, O F Moore, Wm Welles, 2.

Persons claiming the above will please say "advertised" and give date of this list. HERBERT HALSTEAD, P. M.

Important Notice.  
Look here! Do you know R. L. Sabin? We do. We must have what is due us, and unless prompt payment is made, we will enforce collection at once. No foolishness; we can not wait any longer.

L. W. DARLING & CO.  
Lumber For Grain.  
We will take any kind of grain in exchange for lumber, at Arlington prices, at our saw mill. MILLER & HILL.

Col. Bob Ingersol, one of the world's most eminent lawyers, says: "No lawyer has any right to say anything against the opposite party or against any witness that he does not firmly believe to be true; and a lawyer that will attack a witness or attack a party simply for success and gain a victory is simply a dog that men hire to set upon other men. I am not that kind of a dog."

Our citizens have re-considered the matter and have decided to incorporate under the name of "City of Condon," instead of town, as was at first intended. We will wake up one of these fine mornings and realize that we are actually living in a city—which, according to our friend Webster, means an incorporated town. The petition for incorporation is signed by all of our citizens.

Jan. A. Brown announces in last week's Arlington Record that he has sold out and turned the paper over to Mr. J. M. Johns. The only surprising thing about it is that the paper ran as long as it did under the old management. It is the inevitable result when a person attempts to make a success at anything without first learning the business—and especially the newspaper business. With a fatherly feeling the GLOBE pointed out to Mr. Brown when he first launched the paper that it was a dangerous undertaking, but he would not heed our warning. Mr. Johns is a gentleman and a scholar, and we wish the paper success under his management.

It seems that the useless beast called the gossip, infests all sections of the country. A queer story is told by the Cincinnati Times as the failure of a Clermont county merchant recently. While in that city he was attracted by the watches displayed in a pawn shop window, and stepped inside to examine them. Two or three persons from his village happened to pass and saw him. They went home and gossiped about the matter. A report was spread that he was hard up, and had been pawing his watch in Cincinnati. The report injured his business, and his creditors also began to press him. In a short time he was compelled to make an assignment.

New counties up here in the Inland Empire are getting as thick as "dog on a flea's back." It is said a bill is already drawn for Hood county, with Hood River as county seat; the new territory to include Cascade Locks. The Mitchell people want a slicing of counties to be done by the legislature. They want a slice cut off from the west part of Grant and some of the northern part of Crook to form Mitchell county, with Mitchell as county seat. Antelope has also put a bill in motion and has a petition signed by about 200 names, asking the legislature to cut a strip off from the northern part of Crook and all of that portion of Wasco lying east of Deshutes, and create the county of Antelope, with Antelope as county seat. Of the three proposed changes, the Mitchell people need it the worst, as at present they are obliged to travel about 100 miles over the roughest country in Oregon, in going to their present county seat, Canyon City.

The Escaped Prisoners Captured.  
Murray and Rein, who escaped from the Condon jail last week, are again locked up—this time in the steel cell. After escaping from jail they traveled in the direction of the railroad at Blalock, and it appears they stole something in the way of clothing, provisions, guns, etc., from nearly every house they passed during night time.

Sunday night they stole a Win. rifle, a razor, some rope and a number of other articles from the house of H. L. Wiseman on lower Rock creek. Next day Mr. Wiseman finding them near there with the stolen property, arrested them both and took them to Blalock, where they had their preliminary examination Tuesday before Justice O. Parrish. They were bound over to the grand jury in the sum of \$300 each, and the constable, J. E. Sindle, brought them to Condon, arriving here Wednesday night.

At their examination, Rein told that he had never seen Murry until two or three days before, and it was not known to the Blalock people that these were the escaped prisoners until they reached Clem on their way back. When Squire Parrish placed their bonds at \$200, they seemed greatly astonished, and made some lengthy arguments to have the bonds reduced, and spoke of a great many places in different portions of the country where they had been, where bonds were not placed so high for stealing similar articles. It is very easy to predict how they learned all this information. It is presumed they stole the rope with the intention of catching horses with which to make their escape out of the country.

They evidently are a hard set, and their chances for going over the road are extremely good. It is not probable that they will receive much mercy or accommodation at the hands of the sheriff hereafter.

## Fossil Flashes.

School started again Monday, after a week's vacation.

Mrs. J. Nicklin of Condon is visiting friends in town.

Mrs. M. Caven is in town visiting her sister Mrs. Sprague.

Mrs. G. J. Caven of Pine creek is visiting friends in town.

Rev. Rawlins appears to be taking a well-earned rest for several days.

Born, at Fossil, Jan. 3, 1893, to the wife of Dr. B. F. Nott, a 11-lb boy. Bully for Doc!

Mrs. P. C. Buffington became dangerously sick Saturday evening, but is considerably improved.

Mr. J. Q. Zachary is in Ellensburg this week. His wife is visiting friends in town and vicinity during his absence.

Mrs. Zach Keys is very sick from the effects of a tumor. As soon as she is able to travel she will be taken to Portland to have it removed.

J. L. Combs left this week for Albany to visit his parents whom he has not seen for several years. He expects to return in about a month.

L. D. Spear has the lumber on the ground for his new store, work on which has been delayed several weeks, owing to the sickness of Mr. Spear.

Among these present at the I. O. O. F. festivities here Wednesday night were Sheriff Wilcox and wife and Mr. and Mrs. E. E. Smith, of Condon.

T. J. Smith left here Saturday for a visit to Ohio. He is going to work in his brother's mill, enlarging the same and putting in new machinery.

Rev. Jas. Howerton is holding a series of Baptist meetings here this week, beginning Sunday evening. He is a pleasant speaker, and has a large congregation each evening.

We are having some delightful weather at present, but will probably come to an abrupt terminus before long; it is too early in the winter to expect this kind of weather to last long.

Eshlon Hall, the celebrated Antelope-Fossil stage driver, failed to "git thar on time" last Thursday. He did not arrive until Friday, and then laid up for repairs until Monday "you bet!"

Saturday night some of the boys rang out the old year and in the new, in the most vigorous manner by ringing bells and blowing horns. The noise was sufficient to scare all the horses within ten miles.

Lots of dances now. Wednesday night the I. O. O. F.'s gave a ball and supper which was largely attended and was a most enjoyable event. Previous to this the Lodge had a public installation of officers.

A few farmers hereabouts are already plowing, while some of our townspeople show every symptom of being severely afflicted with spring fever. But likely that is a very natural feeling with them—I know it is with me.

We heartily congratulate Condon on her conclusion to incorporate. Since we incorporated two years ago there has been a grand change and improvement in our town, and we do not believe there is a law-abiding citizen in Fossil who regrets the change.

Quarterly inspection of Co. E was well attended Saturday night, and we must say the boys made a splendid appearance. Our boys feel more encouraged since they were visited by Col. Lucas and Adjutant Collins, and seem to take renewed interest in the militia.

H. H. Hendricks and wife and John Hendricks visited their relatives H. B. Hendricks and family at Condon the first of the week, returning home Monday evening. Senator W. W. Steiwer accompanied them to Condon Sunday and proceeded next day on his way to Salem, expecting to stop off at The Dalles and Portland several days.

Madam Rumor is straddling all over town, whispering in everybody's ears that there will be a wedding in Fossil next Sunday. Wonder who the lucky Muldoon is? Allow us to suggest, just privately, that should it turn out to be only a rumor, there are several couples in this vicinity that seem to want to be married bad enough—that is, they have all the prevailing symptoms of the malady—or whatever you call it.—Later.

We learn that the first letters of their names are Jack Yantis and Miss Nellie Kennedy. Congratulations in advance.

John Hendricks, brother of our attorney, the bright young man who taught a short term of school near Mayville about three years ago, is visiting his relatives here, having come over last week from his home at Lawen, Harney county. The school board at Lone Rock engaged him to teach their school, and he wrote telling them he would come at once, which he did, riding through on horseback. But when he arrived he found that they had engaged another teacher. It is a sad disappointment to John, as it was an expensive trip, and he feels that the school board has not done the fair thing by him. VERDANT.

Grangers, Attention.

W. J. EDWARDS, President.

I am compelled to ask all those indebted to me to settle the same either by cash or note before January 1, 1893. Please do not delay, as I must have my money in order to continue in business.

The Best Wagons.  
The best wagon in the world is the new Peter Schuttler tabular axle wagon. The Steel Skein Schuttler wagon has been in the lead for the past 50 years; the new tabular axle Schuttler will be in the lead for the next 50 years. For sale by L. W. Darling & Co., Condon, Or.

Good shoes cost a little more, but the wear is out of all proportion to the cost. Remember this when buying and take nothing but the genuine Buckinghams & Blocht. They have a world-wide reputation for over a quarter of a century, for solid merit. Halstead, Kinchard & Co.

We are agents for Knapp, Burrell & Co.'s complete line of goods, consisting of wagons, carriages, bicycles, buckboards, harness, gang, sleds and common plows, harrows, reapers, mill, binders, self-binders, mowers, reapers, rakes and all kinds of farming machinery. Descriptive catalogues full of information and prices upon application. Business, Linchard & Co.

## Lone Rock Rumbings.

Perry L. Ham, one of our merchants, started Monday for a six weeks visit to his old home in Arkansas.

Our school began Monday with Mr. Straton as teacher. Our school is so promising that one of our most charming widows, aged about two score years, is attending.

The first of the week Jim Bennett sold four town lots, one to Mr. Nielson, the Lone Rock-Heppner stage man and the other three to Ed Wineland. It is encouraging to see such citizens as these buying property and locating in our town.

The United States contains 70,000 lawyers, 11,000 of whom are in New York City, making the proportion there about one to every 160 of the population. France, with a population of 40,000,000, has but 6,000 lawyers, and Germany has only 7,000 out of a population of 50,000,000.

Lost Monday Joe Combs, sheriff of Grant county, paid our town a visit and arrested Geo. Madsen, who has been acting in a manner as to create suspicion since his chum, Albert Smith, went to the lock-up and made a confession of larceny. We hope the young man will be able to clear himself of the serious charge.

The hills and valleys have exchanged their mantle of white for that of a beautiful green. The roads are dry and getting dusty already; and the weather is so delightful that only for an occasional peep in the almanac, one might think it was time to round up the "old-fashioned incubator" or make garden.

Most of our people do not seem very much pleased to learn of the re-capture of Murray and Rein, as they would prefer seeing their tax money applied to a more worthy cause than to help feed such worthless vagabonds. It is probable, however, that after the next term of circuit court they will board at the expense of the state awhile. COWBOY.

The Revival.  
Condon, Jan. 3, 1893.

Ed. GLOBE:—The revival closed at Condon Sunday night, with a full house. God blessed the work, the result being several converts, and the church very much strengthened by several accessions to the Congregational church, and the organization of a M. E. class.

We have many thanks to offer those who assisted in the music, among whom are Miss Anna Clarke, organist, and Messrs. H. N. Frazer and S. P. Shutt, who assisted with the violin and guitar, together with a number of leading voices, sent wave after wave of sacred song over the large congregation. Several solos and duets were sung with power and effect.

We feel that God has owned his work and that many lives have been made happier and many homes brightened by the power Divine.

Yours for the Master,  
GEO. E. RAWLINS.

The Coming Legislature.  
Every member is interested to know what is coming up before the next legislature, and especially in what that legislature will do with public issues. The Capital Journal of Salem will publish every week from now until this body meets strong editorial articles on the reforms that are current, and later will give the fullest reports of its doings. Its editorial discussions are from the standpoint of the people. The Journal seeks no offices or political favors for itself or its friends, and speaks of public matters with a freedom possessed by few newspapers. If you would have an independent newspaper that proposes to publish all the true facts concerning legislation, you should take the Capital Journal at once. Special price, 50c for four months.
