

THE CONDON GLOBE.

FRIDAY, APRIL 20, 1894.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

The first serious movement in the direction of electing senators by a popular vote is being made by this congress, and, while we are not hopeful that it will be accomplished, we are gratified that it is making so much progress as to even receive the serious attention of congress. It will have to be done by a constitutional amendment submitted by congress and ratified by two-thirds of the state legislatures. If the amendment were submitted, there is but little doubt about its ratification. There is a strong popular feeling against the present method of electing senators, and, in fact, there is a growing feeling in favor of abolishing the senate altogether. The tendency the world over is toward popular government and of keeping all power as close to the people as it is possible to keep it. The result of the late civil war in a measure obviated the necessity for an upper branch of congress. When the doctrine of state sovereignty was extinguished it removed the basis principle upon which the senate rested. Since it has been established that this is a nation of the whole people and not a confederacy of states, there seems to be an inconsistency in maintaining a department of the government that was founded upon the idea that the states as independent sovereignties were entitled to distinct representation. But, be that as it may, there is still a popular notion that the senators should be brought into closer touch with the body of people and should be directly responsible to them. It is safe to say that out of the whole number of senators now occupying seats one-third of them could not be elected to any public office by a popular vote. This is a travesty on popular government, and the sooner it is mended the better.

It wouldn't take many such terms of court like the present one to bankrupt little Gilliam county. The severest condemnation is expressed by everybody against the Fossil paper and its editor for bringing such a trifling, flimsy case into circuit court, running the county into hundreds of dollars expense simply for a little malicious spite work and to get a few dollars fees out of it. What is the city government for if not to settle such little differences? The taxpayers and every body are justly indignant at such small work. It is an insult to the taxpayers and all good citizens. Of course the jury returned a verdict of not guilty, and the verdict gives universal satisfaction. But it does not exclude Mr. Stewart from getting his fees, which he boasted was his object in prosecuting. What a pity it is that the costs can not be saddled onto the prosecutor in such cases. The grand jury may have done their duty in this case, but a very large majority of the public think that a true bill should not have been found. Mr. Stewart testified under oath that the mayor and councilmen of Fossil advised him to take the case before the grand jury. Afterwards these gentlemen were asked if this was true, and they positively deny having ever done anything of the kind. Even the judge was indignant because of this bill, and said that the next grand jury that returns a true bill for simple assault and battery he will impose a fine upon each one of them.

The following is the meaning of two big words that have been used considerably lately: The initiative means that when a certain percentage of all the voters sign a petition in favor of the enactment of any new law, or the repeal of any old one, and file their petition with the proper officers, the proposed law or repeal must be submitted to all the voters at the ballot box at the next election. If the proposal receives a majority of the votes cast it becomes a law, otherwise not. Laws made by the initiative are not presented to the legislature at all. The referendum means that all bills passed by the legislature must be referred to the voters at the ballot box at the next election, and that no bill can become a law unless it receives a majority of the votes cast.

A False Rumor.

So long as men will go on supporting a party, regardless of the record they make, just so long will they witness extravagance, trickery and rottenness. Parties who have been too long in power never fail to grow corrupt, and so long as the people support them just so long will they continue to be corrupt. Let us thank God for the independent voter. It is they and they alone that purify the atmosphere of party rottenness. As long as men will vote for a party through thick and thin—through evil as well as through good report—just so long will that party continue to misrepresent the people. We like to see men of the Jackson type in all shades of politics. It is to such men that we owe it that we have any purity at all in the politics of the country.—Salem Independent.

In the case of the state vs. Geo. Zachary, Jas. Barnard, Coe Barnard and Myron Hamilton, a motion was made for a change of venue on the ground of prejudice. On the argument, counsel for defendant urged that the case should be sent to Sherman county for trial; that the people of this county would be glad to get rid of them, while in Sherman county they were actually clamoring for criminal cases. It seems that at the last term of court in that county some cases were removed to Wasco county for trial, and some of the citizens feeling that their county had been unfairly treated, it was urged that this was an excellent opportunity to gratify the demands of that county for criminal work. It is too bad that they could not have been transferred, thus gratifying both counties and killing two birds with one stone.

The editor of an exchange says he knows some people so exceedingly modest that in speaking of a person's leg they persist in calling it a limb; but the young lady who, in speaking of a certain breed of chickens, called them "Brown Limbchens" is, he thinks, entitled to the cake and the whole bakery.

By using Hall's Hair Renewer, gray, faded or discolored hair assumes the natural color of youth, and grows luxuriant and strong, pleasing everybody.

Anyone desiring a first-class, brand-new wagon, hack or buggy, at about one-third less than the price usually charged, will find it to their advantage to see the Globe man.

Increase the appetite by the use of Ayer's Cathartic Pills. They cause the stomach, liver and bowels to perform their functions properly, do not debilitate by excessive stimulation, and are not irritating in their action. As an after-dinner pill they are unequalled.

It would be worth while for the ladies to bear in mind that if they take a gentle course of Ayer's Sarsaparilla in the spring, they will have no trouble with "prickly heat," "hives," "sties," "boils" or "black heads," when summer comes. Prevention is better than cure.

Those who never read the advertisements in their newspapers miss more than they presume. Jonathan Kenison, of Bolan, Worth Co., Iowa, who has been troubled with rheumatism in his back, arms and shoulders read an item in his paper about how a prominent German citizen of Ft. Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also said: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad he had to do the cooking. I told him of Chamberlain's Pain Balm and how it had cured me, he got a bottle and it cured them up in a week. 50c bottles for sale by all druggists."

Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences. Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Harris, Tenn., says: "Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

No Better Medicine, and have induced many to use it. "Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 50 years old; but I believe that if I had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 24 boxes up to this time, and I would not more be without them than without bread."—H. H. Ingraham, Rockland, Me.

Every Dose Effective

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 25 and 50 cent bottles for sale by all druggists.

Our better halves say they could not keep house without Chamberlain's Cough Remedy. It is used in more than half the houses in Leeds, Sins Bros., Leeds, Iowa. This shows the esteem in which that remedy is held where it has been sold for years and is well known. Mothers have learned that there is nothing so good for colds, croup and whooping cough, that it cures these ailments quickly and permanently, and that it is pleasant and safe for children to take. 50c bottles for sale by all druggists.
