THE CONDON GLOBE.

FRIDAY, OCTOBER 19, 1894.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

The lawyers' association of Salem met last week, among those present being Judges Burnett and Hewitt. They discussed legal matters, and their discussions will be a surprise to some who think lawyers want to cinch everybody. The general tend of the discussion was to reach the most feasible way of making litigation less expensive to the parties and criminal trials less expensive to the taxpayers. Both judges expressed the determination to set trials at positive dates, so that witnesses would know when to be present, and to see to it that cases are tried at the times for which they are set. This will probably do away with continuances for flimsy excuses, and will make lawyer and client certain to be ready with their testimony.

Corbett and Fitzsimmons are finally matched to fight for $10,000 a side. They met last week in New York, and after having a fight to the finish with their jaws, which was declared a draw, they agreed to fight some time after July 1, 1895. Several clubs were represented at the meeting, and as soon as the match was arranged, bids were made for it by them. Joe Vendig, on behalf of the Florida Athletic Club, offered a purse of $41,000, and so the fight will take place in Jacksonville. In addition to this there is a side bet of $10,000.

The nomination of United States Senator David B. Hill for governor of New York makes the issue of the contest in the Empire state at least doubtful, with the chances of success against the republicans. When the democrats are united and aggressive, New York has always elected the governor since 1868. There is no disguising the fact that David B. Hill is stronger than his party. He proved that in 1888 when Harrison carried the state by over 14,000 plurality, and yet Hill was elected governor by over 19,000 plurality.

It is quite certain that an attempt will be made to form a new county of portions of Crook and Grant, with the county seat at Mitchell. A new county would prove convenient to the people, who are now forced to travel a long distance to the county seat; but whether there is population or wealth enough in the district to maintain a county government, we are unable to say.—Chronicle.

"Which is the most profitable, $100 invested in cows or hens?" is a question going the rounds of the Eastern Agricultural press. We would suggest that our Oregon farmers try and see. We believe they will find them both more profitable as each has the better attention—and both are more profitable than raising wheat or whittling goods boxes at the stores. —Exchange.

A private letter from Minnesota says wheat sells there for 50 cents in the local market, oats for 30 cents and corn for 50. There is comparative comfort in the homes of the farmers of that state on account of the diversified farming methods employed. It ought to be practiced more in this state.

Albany Democrat: "I know all about it," says Jim Westfall, referring to the Chinese war. "China all light, Japanese too little soldiers let 'em come in; Chinamen don't care. I get him letter. You see. Papers heap liars. One Chinamen get killed, papers say one hundred tousand killed."

The South Omaha Stockman reports the sale of 500 head of Oregon cattle at that place last week. The greatest part of the steers sold at $3.20 per cwt., though a few only brought $2.25, and a lot sold at $3.45. Cows sold at from $1.85 to $2.20, mostly at the latter price.

Those who raised potatoes this year may yet have something for which to be thankful. Advices from the East and abroad indicate that the potato market is advancing. Fortunately Oregon this year has an immense crop of as fine spuds as ever tickled a palate.

The editor of a neighboring paper, says an exchange, has gone crazy. In his delirium he chewed up half the type in the office. He had written the "ladies of the bicycle club now wear divided skirts," and the fool compositor got an "h" in the last word.

Liquor-cure institutions are dying out as rapidly as they came. It is a question whether they have done more good than harm. The only way to quit the liquor habit is to quit.

Congressman Ellis and family have arrived at their home at Heppner from Washington, and the local paper, in giving an account of their stay at Washington, says: "Master Eddie returned with his father, Hon. W. R. Ellis, from Washington, and was so big that his old friends scarcely recognized him. While at the nation's capital Master Eddie was everybody's friend and everybody was his friend. He became so notorious that his bright sayings were quoted by New York papers." But if Master Eddie's father does not keep Master Eddie's fame out of the newspapers and keep the praise of his brilliancy from Master Eddie's ears, Master Eddie will not be worth the powder that it would take to make an angel out of him. When a boy gets gone on himself from everybody's adulation of him he usually goes as straight to the devil as he can go.—East Oregonian.

Arlington Items.

Our marshal had a man in the city refrigerator last week.

Dentist Studevant has established his office with Dr. J. A. Geisendorfer.

Mr. D. C. Downer, one of Condon's solid farmers, was in Arlington on business last week.

W. W. Kennedy of Fossil came to town last Saturday. He visited the school here Monday.

J. R. Phillips and daughter, Mrs. Henderson, of Olex were in town on Wednesday of last week.

Chas. Hatch has returned from the sandy plains of Umatilla county to bask in the salubrious atmosphere of Arlington.

Harry Cook's team became frightened last Monday afternoon and ran away, breaking his wagon and destroying his harness.

F. M. Munkers has rented John Cunningham's livery stable for one year. He and his family have taken up their residence with us.

T. B. Hoover of Fossil passed through here last Saturday en route for home. S. B. Barker also returned home to Condon Saturday from Portland.

Last Friday the team of W. G. Flett of Olex ran away near the Junction house, running against John Brown's team and demolished a wagon or two.

The boiler, which was sent to Portland for repairs, has arrived. It has grown some since it left here and looks as though it would be able to quench the thirst of all.

Geo. Hanna's smiling face was eclipsed by the beauty of his better half as they drove out of town last week to begin the voyage o'er the sea of matrimony. May their joys be many.

Chas. Ebi was at work repairing the windmill when some one about fourteen feet above him dropped a monkey-wrench, which struck him just beneath the left eye cutting and bruising his face terribly.

R. E. Lindsay returned home to Mayville Sunday. His wife died at the Womans' hospital in Portland last Wednesday, after a long and painful illness. Mr. Lindsay's devotion to his wife during her long illness proves that he is a man worthy of esteem.

Lone Rock Riplets.

Stock are in fine condition and will go into the winter in good flesh.

We need some more rain just now to start the grass and get the ground in shape to plow. Some are sowing rye in this part of the county but no wheat yet has been sown.

W. H. Colwell made a business trip to Heppner last week and reports lots of sheep dying from poison. One of the Rhea boys lost 800 head out of one band. Chas. Cunningham also lost about 200 head of his fine bucks while bringing them from the mountains to Heppner. Ed Day lost about 20 out of his fine band of bucks. It is supposed to be a kind of poisonous weed which the sheep eats. It has never been proven to a certainty as to the kind of poison that the sheep eats. If someone would find the cause and remedy, it would be a great thing for the sheepmen.

Don't commit suicide on account of your "incurable" blood disease. The sensible thing for you to do is to take Ayer's Sarsaparilla. If that fails, why, then—keep on trying, and it will not fail. The trouble is, people get discouraged too soon. "Try, try, try again."

Between disease and the many cheap preparations which are palmed off under the name of blood purifiers, take your chances with disease, until you can procure Ayer's Sarsaparilla—the only reliable blood purifier. Sold by all druggists and dealers in medicine.

Bids for the New Road.

Notice is hereby given that sealed bids will be received at the office of the county clerk, at Condon, Oregon, for the construction of the proposed county road, No. 83, running from the bridge on Thirtymile (the Byrne's bridge) to Condon. Said bids will be opened on the 7th day of Nov., 1894, at 1 o'clock p. m. The grade work on said road to be divided into five sections, and bids to be made on each section separately, also the work on bridges and culverts to be let in separate contracts, the contractors to furnish lumber and other material for bridges. Work to be completed by the 1st of April, 1895. Bonds will be required of contractors, and the county will reserve the right to reject any or all bids. Specifications will be furnished by county clerk.

Dated at Condon Or., Sept. 25, 1894.
JAY P. LUCAS, County Clerk.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflamation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by all druggists.

Every mother should know that croup can be prevented. The first symptom of true croup is hoarseness. This is followed by a peculiar rough cough. If Chamberlain's Cough Remedy is given freely as soon as the child becomes hoarse or even after the cough has developed it will prevent the attack. Fifty cent bottles for sale by all druggists.

"I would rather trust that medicine than any doctor I know of," says Mrs. Hattie Mason of Chilton, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

Stock Inspector's Deputies.

I have appointed as my deputies the following persons: Alex Duthie, Condon; J. K. Fitzwater, Ferry Canyon; H. M. Clay, Olex; Wm. Rettie, Mayville; F. A. Hale, Fossil; W. H. Colwell, Lone Rock; John Cunningham, Arlington.

"When I was a Boy,"

Writes Postmaster J. C. WOODSON, Forest Hill, W. Va., "I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary medicines, and advised me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take

A Bad Cold,

and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."

"I have been using Ayer's Cherry Pectoral in my family for 30 years, with the most satisfactory results, and can cheerfully recommend it as being especially adapted to all pulmonary complaints. I have, for many years, made pulmonary and other medicines a special study, and I have come to the conclusion that Ayer's Cherry Pectoral occupies a position pre-eminent over other medicines of the class."—Chas. Davenport, Dover, N. J.
