A DESPERATE MOB

Fired Upon While Trying to Lynch a Negro Fiend.

HE HAD RAPED AN OLD LADY

The Mob Threatens to Blow up the Courthouse and Additional Troops Have Been Sent—Negro Pleads Guilty to Outraging a White Woman.

WASHINGTON COURTHOUSE, O., October 19.—Although Jasper Dolby (colored) pleaded guilty to outraging Mrs. Mary C. Boyd in order to be rushed off to the penitentiary for protection, he did not start in advance of the indignant mob. People were warning into the town all day. The Sheriff could not go from the jail to the depot after the prisoner had been sentenced.

Before the firing Colonel Coit made a speech, asking the crowd to disperse, but it was received with jeers. The prisoner was prostrated with fear, and lay crying and moaning. Up to this time Dolby and his guards had been kept prisoners in the courtyard by the mob, who now made an attack. The militia replied to them without firing at first; but another onslaught was made, and the south door was forced open.

Killed—Smith Welsh, aged 18, son of a prominent grocer, shot through the head; Jesse Juddy, aged 25, a mechanic, shot through the heart; G. W. Johnson, shot through the stomach.

It is believed many others were wounded, and a diligent search is in progress to find them. Upon the firing the mob dispersed in all directions, but soon gathered again. Immediately all the places of business in the city were shut up.

The feeling against the military is bitter, vicious and vehement. It pervades all classes. As time passed the mob grew in size and fury. All over the country by telephone, courier and telegraph wire the news was spread.

"Down with the military!" "Blow up the dogs with the black fiend!" These shouts but feebly expressed the pent-up passion of everybody, for everybody was in the street, and all were members of the mob as far as personal feeling was concerned.

Dolby's crime was committed one week ago at Parrott's station. Mrs. Mary C. Boyd, aged 55, was his victim. He was brought into court at 4 o'clock this afternoon, pleaded guilty and was sentenced to twenty years in the penitentiary. An angry mob gathered about the jail yard yesterday afternoon after Dolby had been identified by his victim, and Sheriff Cook called to his assistance the local militia company.

Henry Kirk, a brother-in-law of the assaulted woman, was thrown down the steps of the courthouse and badly

bruised. Another was bayoneted through the finger, while a bayonet was thrust through the clothing of another. Deputies guarded their prisoner in the courtroom. Dolby cried like a baby, and kept looking around for help. Soldiers were marched in to keep the crowd quiet. After the sentence the prisoner was taken to the grand jury room. A mob gathered about the courthouse, and the officers were powerless to take him from the courthouse, either to the jail or to the train, and Sheriff Cook wired the Governor to send more troops.

WOMAN IN POLITICS. A Large Registration Recorded in the City of Chicago.

CHICAGO, October 19.—"Pshaw; it's simple enough. We were treated as Queens. The men were awfully nice everywhere." This was the verdict of nearly all of the courageous thousands of women who registered at the various booths in Chicago yesterday. For the first time they will vote in November for the trustees of the university under the new State law.

In certain wards, which embrace many of the wealthy and fashionable districts of the North and South Sides, the registration lists showed the names of the most prominent women in Chicago. The same is true of the other wards of the city, where the women are well-to-do, educated and thoughtful.

Another noteworthy thing is the enthusiasm of the colored sisters. In the West Side of the Second Ward, where the colored vote is most numerous, the women registered freely. There are several ways of accounting for this, but the best one perhaps is that the colored male voter seldom fails to turn up on registration days.

The social prominence of many of the women who registered may not be recognized, since they were obliged to discard the Christian names of their husbands. This was something they had not counted upon and almost invariably they had to be requested to give their own Christian names.

CENTRAL PACIFIC DEBT.

English Stockholders to Send a Representative to This Country.

NEW YORK, October 19.—President C. P. Huntington of the Central Pacific Railway Company on being interviewed on the action of the meeting in London, which appointed a committee to protect the interests of English stockholders of the company, said:

"There are a good many shareholders in Europe, and they have been making many inquiries as to what is to be done with the first mortgage and the claim of the government, a small portion of which comes due in 1895. I suggested to them that they had better send a committee or some one over to represent the European shareholders. I understand they have appointed Sir Rivers Wilson for that purpose. He is a gentleman I do not know personally, but I understand he is a very able man, who will thoroughly comprehend what is for the best interests of the company, and will assist materially in making terms with the government and in securing a new loan on the issue of a new sheet of coupons, secured by the old first mortgage, which the present stockholders or to others, the old bondholders having the preference. This much has been under discussion, and seems now to have assumed a definite shape."

Cheap Whisky Coming.

PEORIA, Ill., October 18.—The Whisky Trust to-day reduced prices on alcohol 2 cents per gallon, equivalent to 4 cents per wine gallon. This is regarded as the beginning of a war in prices between the trust and competitors which will collapse any previous war, and that goods will be sold regardless of cost to manufacture.

TRIUMPHANT JAPS

They Capture Port Arthur, the Chinese Stronghold.

AN IMPORTANT NAVAL POINT

The Two Opposing Forces Still Continue to Face Each Other on the Banks of the Yalu River—Emperor's Father-in-Law Takes the Chief Command.

SHANGHAI, October 18.—A report is in circulation here that Port Arthur has been captured by the Japanese. This port is one of the most important of the Chinese strongholds, and was the place of refuge of the Chinese fleet after the battle of the Yalu river, the disabled ships having been repaired and refitted there. It commands the entrance to the Gulf of Pe Chi Li on the north.

THE EMPEROR'S FATHER-IN-LAW.

NEW YORK, October 18.—A special from Shanghai says: Fifteen thousand troops under Field Marshal Oyama are encamped across Regent's Sword Promontory to the north of Port Arthur and within sight of that naval stronghold. They are waiting for a favorable moment to move forward, while outside of the port the Japanese cruisers are ready to intercept all retreat southward.

STILL FACING EACH OTHER.

LONDON, October 18.—A dispatch to the Central News from Wiju, dated Monday, says: The two opposing armies still face each other on the banks of the Yalu river. The Chinese have not fired a shot, but are night and day strengthening their defenses. Count Yamagata, the Japanese commander-in-chief, is awaiting the arrival of heavier artillery before attacking the Chinese position. Japanese scouts estimate that the Chinese force altogether numbers 35,000 men.

DID NOT CARE TO FIGHT.

LONDON, October 18.—The Japanese legation has received advices to the effect that the Japanese transport steamer Ariaki Maru has arrived at Yokohama from Hong Kong. A Chinese gunboat left Hong Kong a few hours before the Ariaki Maru, but contrary to expectations made no attempt to engage the transport.

BOYCOTTING ILLEGAL.

A Decision to That Effect by a Rhode Island Court.

PROVIDENCE, R. I., October 18.—Judge Tillinghast of the Supreme Court to-day handed down a rescript of national importance to trades people. The National Association of Master Plumbers has a branch in this State, which recently issued circulars to the wholesale dealers in plumbers' supplies warning them not to sell supplies to plumbers who were not members of the association.

Southern Pacific Reducing Expenses.

SAN FRANCISCO, October 18.—It is reported that G. W. Luce, local general freight agent of the Union Pacific, will November 1 succeed A. D. Shepard as assistant general freight agent of the Southern Pacific. Rumors of other changes in the Southern Pacific offices are current. It is stated that since the policy of retrenchment went into effect 400 clerks have been dismissed, and that more dismissals are to follow.

Baltimore Signs of Improvement.

BALTIMORE, October 18.—The agreement reached yesterday between the Pennsylvania and Maryland Steel Companies' directors will, it is announced, result in the early reopening of the Maryland Company's big mill at Sparrow Point. The works, which employ 3,000 men, have been virtually closed for eight months.

GENERAL MILES' REPORT.

How the Troops Acted in a Critical Period.

WASHINGTON, October 18.—The annual report of Major-General Miles, commanding the department of the Missouri, has been received, showing the condition of affairs in that department in a remarkably short document, considering the stormy period of internal strife covered by it. But notwithstanding its brevity it contains some very terse and significant statements relative to the troops. On this point it says after reciting the work the military was required to do:

"All of these difficult duties have been performed in a manner which shows good judgment and discretion on the part of officers and a good state of discipline and faithful service on the part of the troops, and it is believed that but for their prompt intervention much bloodshed would have resulted. "The conduct of the troops in restoring order and confidence where mob violence and a reign of terror existed in Chicago was marked by great forbearance, fortitude and discipline, and their presence and action have very greatly contributed to the maintenance of civil laws, and in my opinion saved the country from serious rebellion in a State where one had been publicly declared to exist by one most responsible for its existence."

NATURALIZED AMERICAN.

His Death in a Russian Prison Recalls a Diplomatic Controversy.

WASHINGTON, October 18.—A dispatch received at the State Department yesterday from Consul-General Jones announced the death of Stanislaus Krzminski, a naturalized American citizen, in a Russian prison at Warsaw October 14. This death terminates a diplomatic incident which marked a new phase in the diplomatic relations of the United States and Russia, in which Secretary Gresham is understood to have impressed upon the government of the Czar the advantages of our statute of limitations, which is unknown in Russian law.

SATOLLI AND THE A. P. A.

He Believes That the Movement Will be Short-Lived.

MONTREAL, October 18.—Monsignore Satolli, who arrived here yesterday, said in an interview: "I have no official mission here. My jurisdiction is confined to the United States, and I have quite enough to do as it is. Even now I have business waiting on me in Washington. Quebec is well known throughout the Catholic world for the devotion of the people to the Holy See and to the Church. But you have other provinces, where the Protestant element predominates. You have the province of Ontario, which has taken up the idea of the American Protective Association to a large extent. I do not think that the association which so ostracizes the Catholics from every position of profit and honor constitutes a permanent or a serious danger. Like the Know-Nothing movement it is founded on ignorance and prejudice, which will be dispelled, and they will pass away. They will have a beneficial effect in this way—that they will make Catholics more zealous for the defense and propagation of their faith; but such movements also indicate the necessity on our part of being prudent and moderate and the danger to all which appeals to sectarianism may cause in a mixed country like America."

TO SUE FOR MILLIONS.

Judge Jenkins Petitioned to So Instruct the Receivers.

MILWAUKEE, October 18.—It has developed in the proceedings of the United States Court that the Northern Pacific Company through Brayton Ives has made good its threat and petitioned Judge Jenkins to instruct the receivers to bring suits against Henry Villard, Colgate Hoyt and Charles L. Colby to recover nearly \$2,600,000 alleged to have been made unlawfully through Northern Pacific deals. The petition refers to the report of Master Carey, and charges Hoyt and Colby were associated with Villard in the alleged illegal deals. Be sides \$695,191 alleged to have been made out of the Northern Pacific and Manitoba deal, \$224,800 is alleged to have been made out of transactions in the Oregon and Transcontinental Company in connection with the Chicago Terminal deal; about \$400,000 is alleged to have been made out of the Chicago, Harlem and Batavia, and \$670,000 from the purchase of Bridgeport and South Chicago property; from the bond distribution of the Oregon and Transcontinental defendants are said to have made \$40,900 and from the sale of the Chicago and Northern Pacific bonds by the same company \$1,060,000. Still another bond sale is alleged to have netted \$128,600.
