

HOUSEKEEPERS who are wise will not be persuaded into the purchase of the unreliable baking powders which some dealers wish to sell for the sake of the additional profit derived therefrom. Crudely mixed from low-grade, impure ingredients, such powders cost but half as much to make as the highly refined, absolutely pure Royal Baking Powder, although retailed at the same price. They are unwholesome and lacking in leavening strength.

Royal Baking Powder gives the greatest value for its cost, and there is no other powder or preparation that will give such satisfaction, or make such pure, wholesome and delicious food, or which in practical use will be found so economical.

A MOVING MOUNTAIN.

It Is Traveling Slowly but Surely Down the Columbia River.

A traveling mountain is found at the Cascades of the Columbia. It is a triple peaked mass of dark brown basalt, six or eight miles in length where it fronts the river, and rises to the height of almost 2,000 feet above the water. That it is in motion is the last thought that would be likely to suggest itself to the mind of any one passing it, yet it is a well established fact that this entire mountain is moving slowly but steadily down to the river, as if it had a deliberate purpose some time in the future to dam the Columbia and form a great lake from the Cascades to the Dalles. In its forward and downward movement the forest along the base of the ridge has become submerged in the river. Large tree stumps can be seen standing dead in the water on this shore.

The railway engineers and brakemen find that the line of railway which skirts the foot of the mountain is being continually forced out of place. At certain points the permanent way and rails have been pushed eight or ten feet out of line in a few years. Geologists attribute this strange phenomenon to the fact that the basalt, which constitutes the bulk of the mountain, rests on a substratum of conglomerate or of soft sandstone, which the deep, swift current of the mighty river is constantly wearing away, or that this softer sub-rock is of itself yielding at great depths to the enormous weight of the harder mineral above. —Goldthwaite's Geographical Magazine.

"The Conduct of Life."

Under this head Ralph Waldo Emerson wrote: "Tis an estimable hint I owe to a few persons of fine manners that they make behavior the very first sign of force—behavior, not performance, or talent, or much less, wealth. While almost everybody has a supple eye turned on events and things and other persons, a few natures are central and forever unfold, and these alone charm us. He whose word or deed you cannot predict, who answers you without any supplication in his eye, who draws his determination from within, that man rules."

London pays 42 per cent of the income tax of England and Wales, and its government and management cost about \$11,000,000 a year.

LEAVES ITS MARK

—every one of the painful irregularities and weaknesses that prey upon women. They fade the face, waste the figure, ruin the temper, wither you up, make you old before your time.

Get well: That's the way to look well. Cure the disorders and ailments that beset you, with Dr. Pierce's Favorite Prescription.

It regulates and promotes all the proper functions, improves digestion, enriches the blood, dispels aches and pains, melancholy and nervousness, brings refreshing sleep, and restores health and strength. It's a powerful general, as well as uterine, tonic and nerve, imparting vigor and strength to the entire system.

Mrs. Anna Ulrich, of Elm Creek, Buffalo Co., Neb., writes: "I enjoy good health thanks to Dr. Pierce's Favorite Prescription, and Golden Medical Discovery."

I was under doctors' care for two years with womb disease, and gradually wasting in strength all the time. I was so weak that I could sit up in bed only a few moments, for two years. I commenced taking Dr. Pierce's Favorite Prescription, and his Golden Medical Discovery, and by the time I had taken one-half dozen bottles I was up and going wherever I pleased, and have had good health and been very strong ever since—that was two years and a half ago.

ELECTRIC WIRES.

Some writer very aptly likens the nerves to electric wires, and the general working of their system to that of electric cars. A man who "slips his trolley" like Mr. Jeremiah Ensey, 1812 W. Lombard St., Baltimore, Md., will need something better than even a galvanic battery to set him all right. Mr. Ensey found that something in the following way: "I suffered," he says, "a long time with neuralgia in the head. I gave St. Jacobs Oil a fair trial, and am entirely cured." In this way the great remedy acts as a motor to restore broken wires and set the system to perfect action.

Vegetable Drops.

Some experiments at Cornell university have aroused much interest on account of the development of what appears to be a form of plant dropsy. Tomatoes grown in the warm, moist air of the forcing houses had leaves that were swollen and semitransparent. The swelling continued until the veins of the leaves burst and considerable liquid flowed out. This was caused by too much water at the roots and an over supply in the air. The leaves were not able to give off the water supplied from the roots and stalks, and the congested condition of the leaves and subsequent bursting of the veins was a true type of a dropsical condition. —New York Ledger.

Flannels.

A Scotch housewife says that her flannels never shrink, and it is because she washes them in cold water. She puts them in clean cold soap suds and washes them directly, then she puts them through a second suds and rinses them in cold water and hangs them out to dry without wringing them at all. She never washes flannels on a rainy or cloudy day, but always waits for sunshine.

An Economical Father.

Smith—No, I never take the newspapers home. I've a family of grownup daughters, you know. Jones—Papers too full of crimes, eh? Smith—No. Too full of bargain sales. No man or woman is altogether advertisement proof. —Art in Advertising.

The land of Mexico is held in feudal tenure by about 7,000 families. Patents are issued to all who ask for them, and the government leaves the question of priority to be fought out in the courts.

BEFORE A FULL HEAD OF STEAM

It is gathered by that tremendously destructive engine, malaria, put on the brakes with Hostetter's Stomach Bitters, which will check its progress and avert disaster. Chills and fever, bilious remittent, dumb ague and ague cake are promptly relieved and ultimately cured by this genial specific, which is also a comprehensive family medicine, speedily useful in cases of dyspepsia, biliousness, constipation, sick headache, nervousness, rheumatism and neuralgia. Against the harmful effects of sudden changes of temperature, exposure in wet weather, close application to laborious mental pursuits and other influences prejudicial to health it is a most trustworthy safeguard. It fortifies the system against disease, promotes appetite and sleep, and hastens convalescence after debility and flesh-wasting diseases.

HAVE NO EQUAL.

ALCOCK'S POROUS PLASTERS have attained a world-wide reputation solely upon their superlative merits. They have many would-be rivals, but have never been equaled or even approached in curative properties and rapidity of action. Their value has been attested by the highest medical authorities, as well as by unimpeachable testimonials from those who have used them, and they are recommended as the best external remedy for weak back, rheumatism, sciatica, colds, coughs, sore throat, chest and stomach affections, kidney difficulties, weak muscles, neuritis, aches and pains of every description. Do not be deceived by misrepresentation. Ask for and insist upon having ALCOCK'S BRANDRETH'S PILLS assist nature.

Helpless Ten Weeks

"I was attacked with acute rheumatism and was laid up in the house ten weeks. My right arm was withered away to skin and bone, and I had almost lost the use of it. A friend advised me to try Hood's Sarsaparilla, which I did, and by the time the first bottle was used I was feeling a little better. I could see and feel a great change. The flesh was returning to my arm, and the soreness was leaving my body and limbs. Every spring and fall since we have used three to six bottles in our family. I find to use Hood's Sarsaparilla is cheaper than to pay doctors' bills. I am thankful that I have found a medicine which will help a man who has rheumatism. It keeps me in good health." —RICHARD FORRESTALL, Oelwein, Iowa.

The World's Tribute to Dr. Price's Cream Baking Powder Highest Honors Awarded by the World's Columbian Exposition, Chicago, 1893.

World's Fair Medal and Diploma awarded to Dr. Price's Cream Baking Powder

The highest award was given on every claim, comprising superiority in leavening power, keeping properties, purity and excellence. This verdict has been given by the best jury ever assembled for such a purpose, backed by the recommendation of the Chief Chemist of the United States Department of Agriculture, Washington, D. C., who made an elaborate examination and test of all the baking powders. This is pre-eminently the highest authority on such matters in America.

This verdict conclusively settles the question and proves that Dr. Price's Cream Baking Powder is superior in every way to any other brand.

NOTE.—The Chief Chemist rejected the Alum baking powders, stating to the World's Fair jury that he considered them unwholesome.

Odorless Flowers.

One who has taken a walk through Shaw's garden will hardly believe the assertion that the majority of the flowers of the world are without odor, but such is the case. Take the flora of Europe as an illustration. Four thousand and two hundred species and varieties of flowers have been named and classified by the botanists of that country, and it has been found that less than 10 per cent of the whole give forth distinguishable odors or have perceptible colors. The very commonest flowers of the world are white, colorless varieties predominating by at least one-third, and only one-sixth of that class are odoriferous. In Europe there are 1,194 species of white flowers, only 200 of which are fragrant. In the same country they have 951 kinds of yellow flowers, of which number only 77 are odoriferous. Out of 823 varieties of red flowers they only have 84 that give forth odor, and in 9 of these "the smell is far from being fragrant." Of the 594 blue species only 34 are fragrant and of the 308 violet blues only 13. Next week we will give a "note" entitled "The Odor of Flowers," which will give many curious points in that branch of botanical knowledge. —St. Louis Republic.

Three Suns and an Inverted Rainbow.

The following is taken literally word for word from a rare copy of the Brighton (England) Advertiser of June 1, 1797: "A rare phenomenon is reported from St. Malo. Recently during the afternoon, between the hours of 4 and 5, three perfect suns were seen all in a row above the western horizon. The sky was very clear at the time, and there was no one who saw the unusual sight that believes it to have been a mirage or other atmospheric illusion. The central seemed more brilliant than his two luminous attendants, and between the three there seemed to be a communication in the shape of waves of light composed of all the prismatic colors. At about the same time a rainbow made its appearance at a short distance above the central sun, upside down—that is to say, the two ends pointed toward the zenith and the bow's neck toward the horizon."

Prunes or Wheat.

Ten thousand pounds of green prunes per acre, or 3,200 pounds of dried, is a conservative estimate. Twenty bushels of wheat, or 1,200 pounds, is a large estimate per acre. The farm value of the prunes this year is \$330; the farm value of the wheat is \$15. Our California peach orchards will show as many pounds green as of dried prunes, with half the dried product of prunes worth this year \$200 per acre. We have low prices for fruit at times, but never down to cost of production. There never has been a time when good fruit well handled and cured did not bring a good profit. —General Chipman's Paper.
