Among the interesting features of our celebration on the 4th will be the marriage of several handsome young couples. Look out for them.

Edward Smith of Arlington, son of one of the wealthiest merchants of Eastern Oregon, is a guest at the Holton. —Portland Telegram.

Dr. John Joseph Hogan is open for the position of Goddess of Beauty on the 4th. If he fails in that, he is willing to sing the opening ode, entitled "Sweet Memories of Hollingsworth."

From all over the country comes the report that everybody intends to celebrate at Condon on the 4th. Come right along; it will be the best celebration ever held in the county.

A farmer near Salem had no money to get wire so he stretched some twine on the posts and the cattle respect it just as much as a real fence. They are just like a political party. —Salem Journal.

Atty. T. R. and John Lyons are expected at Condon tomorrow, Saturday. They will remain here a couple of days and then visit their home at Walla Walla, where they will remain until after the Fourth.

One of the prettiest features of our celebration will be a Liberty Car containing 44 pretty little girls to represent each state in the Union. The children of the Liberty Car will meet at the school house at 9 o'clock, sharp.

Mrs. Frank Stricklin of Rock creek was in town Saturday with a load of those large delicious Royal Ann cherries, which she sold readily at 10c a pound. The Globe force thankfully acknowledges receipt of a box of the finest ones as a present.

Misses Daisy and Dora Downing, who have been attending the Pacific University at Forest Grove, arrived home Saturday for a vacation until Sept. 20th. Their cousin, Miss Stella Downing (sister of Miss Mattie Downing) came up with them on a visit to her relatives.

J. F. Potter, Arlington's popular jeweler is gradually working up a good business. He also takes orders for all kinds of jewelry, and anyone needing anything of that kind cannot do better than to patronize Joe. His prices are very reasonable.

Miss Louella Maddock returned home Saturday from a month's visit in Portland. Her friend, Miss Nellie Connelly of Portland accompanied her and will visit here about six weeks or longer. Her mother arrived here Wednesday and will assist Mrs. Maddock for awhile in the hotel.

Our citizens had some fun Wednesday when the stage from Arlington drove up and two large boxes of dynamite was dumped off for Pat Skelly, to be used in "building" a well. Pat was led to believe that if it was not removed at once it would explode, and he lost no time in totting it off at breakneck speed.

Doc Brown and E. B. Barker sold their wool last week, the former at The Dalles for 8c a pound and the latter at Arlington for 9c a pound. We are surprised to note the difference in the price paid in favor of Arlington. This does not strengthen the Fossil paper's argument to any great extent in its fight against Arlington.

County court meets at Condon next week. Remember that the probate court business by the county judge is always held on Mondays and Tuesdays of court week. Commissioners court commences on Wednesdays, which attends to all the road business, allowing of bills etc, etc.

A Nevada exchange says: "If cattle get bloated put a handful of pepper in the nostrils. The violent sneezing that ensues will enable the animal to get rid of the gas in the stomach, and all will be well." Remember this and give it a trial the next time an animal gets an overdose of anything.

A Roseburg lady knocked an insolent sewing-machine agent down and killed him full of lead from his own pistol the other day. Folks aren't surprised at anything in a woman nowadays, but it was funny that the bullets penetrated the agent's skin. He must have been new at the business. —Ex.

There is some talk at Condon of raising a subsidy as an inducement for the editor of this paper to ride his bicycle on a rope stretched from the top of the Armory hall to the top of Maddock's hotel on the Fourth. We have not yet decided to perform the feat, it depending largely upon the size of the subsidy.

Nearly all the sheepmen who sold their wool have received the cash for it, which is a big item. In former years they usually had to wait six months for their money. Now they can pay their help and pay cash for their supplies, which helps the merchants and consequently helps the whole county to a certain extent.

The Lakeview Examiner boasts a show as follows: "Ruggles circus (?) gave a performance to a small audience Tuesday night. This is the fifth time he has showed in this town and there has not been a single change in the program during that time, other than it is getting worse. They ought to be run out of town the next time they come."

Wm. Black, who owns a good ranch between Mayville and Fossil, left last week with a 6-horse team and wagon on the lookout for a new location. It appears that he did not tell his family or anyone where he was going, and the supposition is that he is bound for Alberta, Canada, to which country he has been thinking of going for some time.

A man over in Lone Rock went to his cow-stable the other night and by mistake fixed her up a nice wash in a box of sawdust instead of bran. The cow merely supposed that hard times had come and they were all going to economize so she meekly ate her supper and the man never discovered his mistake until the next morning when he milked the cow and got half a gallon of turpentine.

Billy Barr has a fine \$75 Victor bicycle, which he will raffle off at his saloon this week, commencing tomorrow, for \$50. The cost of the numbers will run from about 10c to \$1, and there will be about 75 numbers in all. It will be raffled on July 4th by high dice (3 dice 3 times). This is an excellent chance to win a good bicycle for a few cents. Call around and try your luck before the numbers are all sold.

A young woman at Astoria whose husband had been missing five days, hearing that the body of a man had been found in the river, at once decided that it was that of her spouse. She immediately went to town and without troubling herself to identify the remains, spent \$15 buying crape and material for a mourning dress. When she reached home she found her husband making a pot of tea at the kitchen fire.

The Scio, Linn county, Press says: "Some days ago E. P. Weir and son, 'Chub' came in from Gilliam county via W. V. & C. M. wagon road. They report quite a rough trip, having to pass over ten or twelve miles of snow. It snowed upon them the whole of one day as they came over. On Wednesday they and A. J. Shelton started with a large bunch of young cattle for the home of Mr. Weir, and near whom A. J. owns a large ranch, and where they propose to engage in the cattle business extensively.

John Riesinger, a bright young Austrian, who has been going to school in this country for the last five years and who has just graduated in the Portland Business College, came up from Portland this week and expects to stay at Condon the next two months. His health is not very good and a physician advised him to come to our high and healthful climate for a change. We understand his parents in Austria are very wealthy, and that they desire to start him up in business in America. He is a guest at Maddock's hotel.

A good old Methodist lady attending services in an Episcopal church at The Dalles recently became happy under the preaching of the word and ejaculated "Glory!" She was admonished to keep quiet by two of the brethren and nodded assent, but soon becoming forgetful responded "Hallelujah!" The brethren again called her attention to the annoyance and told her that if she did not keep quiet they would be compelled to remove her. The sermon proceeded and the old lady became very happy and forgetful of her surroundings shouted out "Glory to God!" This was too much for the brethren and they tried to lead her out; but she refused to walk, so they carried her. On the way she said: "I am honored above my Master, for while he was carried by an ass, I am carried by two."

Exchange: There is a mistaken idea that "culture" means to paint a little, to sing a little, to dance a little, and to quote passages from late popular books. As a matter of fact, culture means nothing of the kind. Culture means mastery over self, politeness, charity, fairness, good temper and good conduct. Culture is not a thing to make a display of; it is something to use so modestly that people do not discover all at once that you have it.

Mayville Mutterings.

Mrs. Geo. Rippey has been very sick with rheumatism of the stomach, but is now improving.

The Stockmen's Protective Union met Saturday and several new members joined. This is a worthy union and all who own stock should become members.

Mr. Schomp, who is in the employ of Wm. Keys, was kicked on the breast last Sunday by a horse and badly hurt. It will be several days before he is able to leave his bed.

A lively revival meeting is in progress at Mayville, conducted by Rev. Lawson, of the Baptist persuasion. Meetings have been held every evening since Saturday. Rev. Bramblet, who was on his way to Mitchell, stopped here last Wednesday and delivered a very interesting sermon.

Charley E. Golden and family expect to leave Mayville next Monday for Grand Ronde valley, near La Grande, where they will reside, and where Mrs. Golden's folks reside. His niece, Miss Maud Golden, will accompany them and remain about six weeks on a visit. They will go across the country via the Meacham road. They will stop and spend the Fourth at Pendleton. I. D.
