GLOBOSITIES.

Mr. B. Kiely of Eightmile is in town visiting his two daughters and son.

Born—On Matney Flat on Nov. 2d, to Mr. and Mrs. W. L. Barker, a daughter.

John Knox and his new bride are expected here today from Salt Lake City.

Mrs. Wm. Stephens has just had a fence built around her residence lot in town.

Alex Hardie and wife were the guests of Mr. and Mrs. L. W. Darling several days this week.

The instruments for our brass band arrived in Arlington several days ago and are expected here today.

Mr. and Mrs. Geo. Rippey visited relatives in the Mayville section several days within the last week.

There was a light fall of snow here Tuesday morning—just enough to remind us that winter is approaching.

Mr. and Mrs. J. H. Morris of Fossil visited the family of Mr. and Mrs. A. J. Moore and other friends at Condon the first of this week.

Cash Stricklin, foreman of L. W. Darling's hay creek ranch, returned home Thursday from a brief visit to his old home at Oregon City.

Anyone in this county having a good second-hand force pump for sale can learn of a chance to dispose of it by applying at the GLOBE office.

W. E. Fowler was in Condon several days this week. He left this week for La Grande, where he will spend the winter with his brother.

E. L. Johnson and family are preparing to move into the Hill residence in town, as soon as it is vacated by Rev. D. M. and family next week.

A disastrous fire occurred at Huntington Monday morning. Ten buildings were consumed, causing a loss of \$20,000 with only \$3000 insurance.

Constable E. D. Huber of Olex was in town Saturday on business and left his measure for a year's worth of GLOBE, as did about a dozen others this week.

A shooting match for beef and turkeys will take place at Condon on Thanksgiving and the day before—Nov. 27th and 28th. Wm. Caldwell will conduct the business.

Miss Mary Marker, who has been very sick with typhoid pneumonia at the home of Mr. and Mrs. Clay on Rock creek, is now on the road to recovery, we are pleased to state.

Mr. J. A. Ward of Eightmile, one of Gilliam's most industrious and prosperous farmers, was up to town Wednesday on business, and made this office a pleasant and profitable call.

We are informed that Fred Douglas of Eightmile, the good-natured old bachelor, has at last concluded to take unto himself a better half and is actively engaged making preparations for the happy event.

Albert Smith and Mrs. Loretta Buell were married at Fix's restaurant in Condon Monday evening by Recorder Dunn. We understand they expect to remain here for the present, in the employ of Mr. Fix.

Frank Palmer and family of Ajax have moved to town to remain until spring. Frank will assist his brother Sylvan in the barber shop. They occupy the Wineland house, just east of the furniture store.

Probably a woman would be a bride to her husband longer if she would continue making company of him. Most women begin to save their jam for visitors when they have been married three months—Exchange.

Four deeds were filed for record Friday as follows: J. W. Clarno and wife to Duncan McRea 320 acres, \$2000; Ida Jones to Duncan McRea 80 acres \$500; Isaac Jenkins to J. W. Clarno 80 acres, \$500.—Dallies Chronicle.

A. T. Colwell, general agent for F. C. Weber & Co. of Portland, dealers in school supplies of all kinds, canvassed this county this week. He took a number of orders for various articles, mostly charts, etc. for the schools.

Wasco county now pays \$1 bounty on wildcats, cougars and coyotes, the Stockmen's Union supplementing it with another \$1 in each case. Let the good work go on. Grant, Morrow and Sherman ought to be the next to fall in line.

Jno. Reisinger, the courteous young man who spent several months at Condon last summer, has secured a position of professor in Latin in St. Michaels college in Portland. His many friends here are pleased to learn of his success.

John Pulliam, who drives the horses for Charlie Little's boring machine, a few days ago got his finger caught in some cog and cut off the first joint "sleek and clean." The doctor dressed the wound and he went right along with his work as though nothing had happened.

T. E. Cruikshank, the popular young doctor, left here this week for South Bend, Ind., where he will be in the hospital for a few days. He will return to this section, arriving here about September.

The Prineville Review mourns the loss of one of its printers, D. C. Boyd by name, who in a moment of inadvertency, "ekipped" for parts unknown, leaving sundry accounts unsettled. Don Carlos Boyd came through here not long since, loaded to the guards with recommendations and certificates of good character.—Mitchell Monitor.

School Supt. Kennedy, assisted by Miss Lillian Stevens and Silas Keeney, is conducting teachers' examination at Condon this week. Miss Edith Young and Mrs. C. W. Burham of Arlington, Misses Grace Frizzell and Emma Harer of Lone Rock, Miss Stella Hastain of Fossil, Miss Belle Foster of Olex, Miss Jessie L. McConnell of Mayville, Mrs. Estella Clark of Condon are in attendance.

A young doctor desiring to make a good impression upon a German farmer, declared he had received a double education. He had studied homeopathy and was also a graduate of a regular medical school. "Oh, dot vas nodding," said the farmer, "I had vance a calf vot sucked two cows, and der more vot he sucked der bigger calf vot he grew, and made nodding but a common scheiter aifer all."

An interesting program was rendered at the school entertainment Friday evening. Maggie Maddock won the prize in the reading contest by six girls. These entertainments prove highly instructive and beneficial to the scholars, and the teachers deserve much credit for having worked up such interest in the school. Mrs. Taylor, the primary teacher, informs us that no more of them will be held until after the holidays.

We learn that Ed Trimble, who clerked a short time for J. H. Miller at Caldwell, Idaho, has left there and was hunting a job of work at Mountain Home a few days ago. Mr. Miller does not openly admit it, but we are inclined to think that he realizes by this time that by leaving Condon has not bettered his condition and prospects to any alarming extent. He says times are frightfully dull over there, with a still duller winter staring them in the face.

G. S. Clark returned home Friday from the Dalles, where he went for the purpose of being examined by a board of physicians with a view to having his pension increased from \$6 to \$30 a month. Mr. Clark informs us that the board recommended that he is fully entitled to the increase and such application has been made to the authorities at Washington. Should he be successful, he will receive about \$700 "back money," which will help him out considerably these close times.

Friday of last week two U. S. deputy marshals were at Lone Rock on the hunt for two fugitives, who robbed a postoffice in Idaho recently. The officers tracked them from Pendleton as far as the hill on this side of Lone Rock, where all trace of them was lost. The robbers had three horses, two of which they rode and the other they used as a pack horse. A note was written to Sheriff Wilcox, asking him to keep an eye out for them, but they never came through this way.

Several weeks ago a resident of Mountain Home, Idaho, while visiting relatives here, gave us some information concerning a number of former Gilliam countyites who are now residing in Idaho and doing well. He also gave us the information about G. L. Strong, formerly of Mitchell, whom he said eloped from Mitchell several months ago with another man's wife and went over to Idaho. Mr. Strong saw the item in question and wrote us a few days ago, saying that the information contained therein is incorrect, and refers to our informant in a manner that is not complimentary by any means. Just why our informant gave us the information as facts, if there is no truth in it, is hard to understand, as he did not appear to have any malicious feeling against Mr. Strong. The GLOBE is glad to learn that the accusations against him have turned out to be without foundation, and also regrets that the injustice was done him by publishing the item, which we simply printed as a matter of general news as it was given us.

Stand By Your Town.

Stand by your town, its business and its business men. Remember that in it you make your home. Stand by it as you would your family or your wife, for the town is your own; therefore, never run it down. Give the town you live in of your best; give it the benefit of your experience in the way of improvement and growth. Chicago does not need you to speculate on her city government, but your own town may need help and sympathy. If you don't like your town, clear out and let someone else in. Don't be afraid of every dollar you invest in the way of improvement; not a 10c piece is spent but there is some good that comes from it. Stand by all things that tend to advance the general good, and bitterly stand against all who run down the town. Stand by your town and let the other fellow sit on the counters and dry goods boxes and whistle, growl, talk and do nothing. Such a fellow is no good to himself or anybody else. Be a thorough advocate of your town and its interests. Stand by it as you would your family or your wife, for the town is your own; therefore, never run it down.
