POLICY OF THE POPULISTS.

Outline by Senator Peffer, of Kansas, in an interview.

Washington, Dec. 4.—In an interview last night Senator Peffer said that the Populists will vote as a unit on all party questions. With regard to the reorganization of the senate they will not decide their policy until the matter is presented by the Republicans.

THE REPUBLICAN CONVENTION.

Committeeman Fledged to San Francisco Says It Will Go to Chicago.

Chicago, Dec. 4.—A dispatch from Washington says: "Chicago will undoubtedly get the convention," said one of the best-known members of the national committee.

Washington.

The fall fishing has closed at Cathlamet, and about 100,000 cases of salmon have been packed. North Yakima has joined the rearmament procession by cutting down the salaries of city officials.

Major Armes' Case Argued.

Washington, Dec. 4.—Counsel for Major George A. Armes, whose sensational arrest several months ago for insubordination by order of Major-General Schofield, then acting secretary of war, was followed by his discharge by Judge Bradley, with a scathing denunciation of the arrest, filed their briefs to day in reply to the government's appeal to the court of appeals.

Louisiana's Big Celebration.

New Orleans, Dec. 4.—The New Orleans chamber of commerce has decided to favor the holding in New Orleans in 1903 of an international exposition to commemorate the centennial of the purchase of Louisiana by the United States.

Idaho.

A movement is on foot among the local capitalists to form a company to light by electricity the towns of Gem and Burke. A vein of coal, of an excellent coking quality, has been found on Smith's Fork, near Cokeville. Coking ovens are being constructed.

Montana.

Billings is agitating a complete sewerage system. Bids have been received by Anaconda for the erection of a city hall. The Anaconda mine was located in 1876. It has put in Montana \$72,000,000.

British Columbia.

A telegraph line is to be erected between Northport and Rossland. The Canadian General Electrical Company has secured the contract for the construction of the electric light plant at Nelson. A British Columbia capitalist has conceived the idea of putting traction engines on the Cariboo road from Ashcroft to the Cariboo mining country for hauling its supplies and taking out the product of the mines.

Presidential Possibilities.

Vice-President Stevenson's announcement that he will not be a candidate for the presidential nomination leaves no Democratic candidate of national prominence in the entire West. Mr. Stevenson's further declaration that President Cleveland "will be accorded a nomination if he wants it," while obviously going beyond the speaker's knowledge or authority, indicates a very prevalent feeling that in Mr. Cleveland rests the only hope of his party next year.

PUSHING AHEAD.

DEVELOPMENT AND PROGRESS OF THE NORTHWEST.

New Canneries and Lumber Mills, Factories and Water Works—Mining and Shipping Information Gathered From Many Sources—Oregon News.

Idaho.

A movement is on foot among the local capitalists to form a company to light by electricity the towns of Gem and Burke. A vein of coal, of an excellent coking quality, has been found on Smith's Fork, near Cokeville. Coking ovens are being constructed.

Idaho.

A logging tramway has just been completed at Fishtrap, near Coquille. Another salmon cannery will probably be established at Rogue river in the spring.

Idaho.

A new company of the Third regiment, O. N. G., has been mustered at Pendleton. Grant county, has an abundance of hay and feed for the stock of that neighborhood.

Idaho.

Pendleton is organizing a boys' brass band. The members are to be from 10 to 15 years of age. A sash and door factory is to be built at Coquille City by a stock company formed at a mass meeting of citizens.

Idaho.

T. P. Mendenhall, a pioneer settler of Umatilla county, is dead. He was 65 years of age and resided at Foster. On account of low water, the result of dry weather, few Coquille fishermen made expenses during the season just closed.

Idaho.

The chamber of commerce of Astoria has adopted a memorial asking congress to fortify the mouth of the Columbia and to establish a quarantine station at that place. The re-organization and enlargement of the Oregon and Washington Millers' Association has been announced.

Idaho.

Receiver McNeill, of the O. R. & N. Co., possesses a rare relic, dug from an old Indian grave near Wallula. It is a silver medal, made by the United States government for distribution among prominent Indian chiefs by Lewis and Clarke on their famous trip across the continent nearly 100 years ago.

Idaho.

The fall fishing has closed at Cathlamet, and about 100,000 cases of salmon have been packed. North Yakima has joined the rearmament procession by cutting down the salaries of city officials.

Idaho.

Mrs. Bailey Gatzert has given \$5,000 for a free kindergarten for the children of the poor of Seattle. There is an effort being made to organize a company for the purpose of building a flour mill at Edwall. A capital of \$10,000 is required, a good share of which has been raised.

Idaho.

The new packing house at Seattle, is nearing completion. The machinery has not yet arrived from the East. The second annual show of the Tacoma Poultry Association will be held December 31, January 1, 2, 3, and 4.

Idaho.

The job printing offices of Seattle have formed a company, representing \$500,000, for the purpose of putting prices on a paying basis. A county fair association has been incorporated at Spokane with a capital stock of \$10,000 and with its principal place of business at Cheney.

Idaho.

Dayton decided at her recent city election that there should be no saloon licenses granted in that town. There were thirty-one votes cast by women under the new charter.

Idaho.

The newly proposed salmon cannery at Richardson is fast developing into a reality. A pile driver, preparatory to constructing the company's wharves is being built, the piling for the new net wharf is out, and 40,000 feet of lumber is on the ground.

Idaho.

The outlook for the shipping business at Port Townsend is very bright at the present time. High freight rates are offered and all available vessels have been chartered. There is a big demand for vessels to carry lumber to foreign and domestic ports. Shipping agents report a stronger demand for vessels and a better freight rate than at any time since 1889.

Idaho.

A movement is on foot among the local capitalists to form a company to light by electricity the towns of Gem and Burke. A vein of coal, of an excellent coking quality, has been found on Smith's Fork, near Cokeville. Coking ovens are being constructed.

Idaho.

State Timber Expert C. O. Brown has so far estimated 20,000 acres, containing 820,000,000 feet, divided as follows: White pine, 120,000,000 feet; yellow pine, 8,000,000 feet.

Idaho.

There are half a million acres in the Nez Perce reservation. All are reasonably worth \$10 an acre. From \$5,000,000 to \$10,000,000 will therefore be added to the taxable wealth of the state.

Idaho.

It is reported that a Chicago company will take hold of the Horseshoe Bend placer proposition, on Salmon

river, near Grangeville, and will commence the work this winter. It is estimated that it will cost \$50,000 to cut through the Bend and get water on the property.

Montana.

Billings is agitating a complete sewerage system. Bids have been received by Anaconda for the erection of a city hall. The Anaconda mine was located in 1876. It has put in Montana \$72,000,000.

Montana.

Governor Richards, in speaking of the prospects of the state school of mines, said the matter now rested entirely with the local board, and that it was probably a question with them if a market can be found for the school warrants.

Montana.

A well known stockman, at Glasgow, says, speaking of stock interests: The heavy shipments this year were mainly on account of the large number of steers that had matured. Then the ranges were not in the best of condition, and this prompted cattlemen to ship everything that was available.

Montana.

The average prices of the season have been a great disappointment to the stockmen. A telegraph line is to be erected between Northport and Rossland.

Montana.

The Canadian General Electrical Company has secured the contract for the construction of the electric light plant at Nelson. A British Columbia capitalist has conceived the idea of putting traction engines on the Cariboo road from Ashcroft to the Cariboo mining country for hauling its supplies and taking out the product of the mines.

Montana.

A big gold dredging plant will be put in operation in March in the Queenelle river. Steel-toothed buckets of cast-iron, weighing from 1,000 pounds a ton are operated on a reversible cable stretching from shore to shore. All kinds of dirt, even immense boulders are taken out and dumped into a flume fed by centrifugal pumps for washing.

Montana.

An Ottawa firm is now at work on the machinery. Members of the well-known Barbour thread firm, of Lisburn, Ireland, have been in the province for the past two weeks for the purpose partly of observing the capabilities of British Columbia for flax growing with a view to introducing that industry.

Montana.

SOME WESTERN CASES

DECISIONS BY THE UNITED STATES SUPREME COURT.

The Repeal of the Timber Culture Act Does Not Affect the Price of Desert Lands on Alternate Sections Within Railroad Land Grants.

Washington, Dec. 4.—Justice Harlan rendered the opinion of the supreme court today in the case of Benjamin Healy, involving the price of lands on alternate sections within railroad land grants, filed under the desert-land laws. The court held that the laws providing a price of \$2.50 an acre in such cases had not been repealed by the timber-culture act, as claimed, and that \$2.50 was, under the law, the correct charge on entries within land grants.

In several cases between the Washington & Idaho Railroad Company vs. the Coeur d'Alene Railway & Navigation Company, involving the question of right-of-way at Wallace, Idaho, the court decided in favor of the Coeur d'Alene company. Justice Shiras delivered the opinion. He also incidentally declared that the United States circuit court of Idaho had properly taken jurisdiction in the case.

In the case of Stephen M. Folsom, who, as president of the National bank of New Mexico, has been found guilty by the territorial court of New Mexico, of falsifying the books of the bank, the chief justice delivered the opinion of the court, holding that federal courts did not possess the right to review the judgment of the territorial courts in such a case.

The Southern Pacific case, involving several hundred acres of the "overlap lands" in the vicinity of Los Angeles, was assigned for the first Monday in March.

THE MILITARY BICYCLISTS.

Successful Relay Expedition From Washington to New York.

New York, Dec. 4.—The first military bicycle expedition conducted exclusively by military riders was successfully concluded today. There were ten relays of two men each, and the last two riders, Lieutenant Frank Libby and Private E. A. Pitkin, of the Second separate company, District of Columbia National Guard, dismounted at the barge office at 4:48 A. M., 12 minutes ahead of their schedule time.

Twenty-four hours had been allowed to cover the distance, 249 1/2 miles. Lieutenant Libby was the bearer of a special message from General Nelson A. Miles, at Washington, to General Thomas H. Ruger, on Governor's island. Libby and Pitkin rode all the way from Washington, starting earlier than the others, and arrived at New Brunswick in time to rest before starting on the last relay. Libby said:

"It began to rain as we came out of New Brunswick and the roads were vile all the way here. We came by the plank road from Newark, but the riding was bad. Some policemen stopped us because our lamps were out, but let us proceed when we told them our mission. My left leg is a little stiff, but otherwise I feel all right."

Pitkin looked as fresh as if he had ridden but ten miles instead of 250.

SOCIALISM AND LABOR.

The Expelled Knights Want a Separate Organization.

New York, Dec. 4.—District assembly No. 25, Knights of Labor, has adopted resolutions advocating the formation of a new international organization to be composed of the socialistic element of the Knights of Labor throughout the country.

When the socialists belonging to district assembly 49 bolted from the Knights of Labor, on motion of Patrick Murphy, ex-secretary of district assembly 49, they forfeited all rights and privileges of membership in the general organization. Thomas B. McGuire, a member of the executive board of the Knights of Labor, speaking to a reporter tonight, said:

"The bolt of the socialists is not at all a serious affair. It does not affect either district assembly 49 or the Knights of Labor. By their own act, the socialists have expelled themselves from the Knights of Labor. Under section 21 of our laws, a withdrawal practically amounts to an expulsion."

Boston Wool Merchants Not Alarmed.

Boston, Dec. 4.—It is the general opinion of the Boston wool merchants that the opening of the New York exchange will not affect the wool market in Boston. They say the sales of foreign wool last year were much greater in Boston than in New York, and the sales of domestic were several times as large. They say this fact alone is evidence enough to show that the establishment of the exchange in New York will not harm the wool merchants of Boston. As far as known, there has not been a single Boston wool firm moved to New York for several years, but several New York firms have come to Boston.
