

THE CONDON GLOBE.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

FRIDAY, APRIL 17, 1896.

EDUCATIONAL NOTES.

This article will deal entirely with the children's surroundings at school. All of us are unavoidably influenced by our surroundings at all times and everywhere, and as children are more impressionable than older people, how important that good influences of all kinds should encircle them. Too many directors and teachers are utterly unconcerned as to the appearance and condition of the school premises and many an outhouse is a disgrace to those concerned. If the directors are indifferent about it any good and progressive teacher can get the pupils to assist in cleaning and fixing up the school yard. During the noontimes of a single week or less, by grading, trimming, repairing and otherwise the surroundings of many a school could be made doubly convenient and attractive. Now let us step inside the school room. Is the stove rusty or in a tumbledown condition; are any of the window panes out or dirty; are some of the desks out of repair or inconveniently arranged; are the school maps stacked in the corner or hung in a slovenly manner on the walls; is the floor dirty and are the children allowed to spit on it. If any one of these or similar improper conditions exist, the teacher is to blame for it, because it is his duty to have things in different shape. Cheap curtains, pleasingly arranged, pictures, flowers or other ornamental things could be easily obtained and would add greatly to the pleasantness of the room. The insides of some school rooms are as forbidding as a jail and the teacher nearly always cross and disagreeable. No wonder the pupils hate such a school and would prefer to be anywhere else. Even the modest log cabin can be made attractive inside and so can any school room. Many a child coming from a cheerless home loves his school because it is made a pleasant place for him.

A webfoot exchange announces it has no preference as to whom its party shall nominate for office, but when the ticket is named it will support the same from top to bottom. Such a paper has no place in journalism. It is a party organ of the most dangerous sort, and it is the existence of just such organs that encourages corruption in political parties. Whenever aspirants for office are assured of the support of party organs, regardless of their competency, honesty or integrity, bad and designing men will manipulate conventions to secure nominations, and as a result incompetent and dishonest men are elevated to office.—E. O.

Ex-Gov. Campbell, of Ohio, desires the democratic party to "compromise" on the silver question in order to carry the presidential election. He proposes that this country give notice that after three years it will open its mints to the free and unlimited coinage of silver and he declares that if this notice was given the European nations would tumble over each other in their efforts to enter into an international agreement. He advises the democracy to make this original proposition their doctrine in the coming campaign by making a platform out of it at Chicago convention.

Boston Transcript: There is a giant ten and a half feet high in the country above Canton in China, and an American showman has lately been trying in vain to induce him to travel. The big fellow is ashamed of himself for being so unduly long, and does not care to become an exhibit. A seven-foot giant is considered a good deal of a fellow, and they have been few and hard to find on this mundane sphere.

Remember that Liverine is a first-class remedy for the liver, and one of the very best for constipation. Liverine is an Oregon remedy. Patronize home industry by buying a bottle of Liverine at J. W. Darlington.

Olex Explosions.

The song service at M. E. church last Sunday night was well attended and was a decided success, there will be another given in four weeks.

The new road grading machine arrived in Olex last Monday on its way south. It is doing fine work and will put the roads in fine shape if the supervisors will attend their districts at the right time.

Dr. E. L. Irvine has arrived from Albany, Oregon, and has permanently located at Arlington. The doctor is a physician of high reputation, having been assistant to Dr. Lane in the state asylum for 4 years. We wish him the success he deserves.

N. H. Scoggins, his son Clarence and Phil Livingston here started a new ferry across Rock creek at Olex. They had a narrow escape from drowning last Monday, all being in the creek at once. The heavy rains have swollen the creek so it is very dangerous to attempt to ford now.

For Lovers of Figures.

Seventy-two races inhabit the world and use 3,004 different tongues. There are about one thousand religions.

The number of men and women is very nearly equal, the average longevity of both sexes being only thirty-eight years. About 1/2 of the population dies before the age of seventeen.

According to the most careful computation, only one person in 100,000 of both sexes attains the age of 100 years, and six to seven in 100 the age of sixty.

The total population of the earth is estimated at about 1,200,000,000 souls, of whom 35,214,000 die annually, an average of 98,848 a day, 4,020 an hour and 67 a minute.

The annual number of births is estimated at 36,792,000, an average of 100,800 a day, 4,200 an hour and 70 a minute.

Home Comfort Steel Range.

These stoves are made of malleable iron and steel, warranted to not crack or warp, and consumes only about two-thirds as much fuel as other stoves and lasts a life-time with ordinary usage. These are the best and cheapest stoves in the world. The following persons in Gilliam county have been using these ranges for seven years and all are highly pleased with them and can testify to their superiority over other stoves:

- Fossil: Caleb Perrin, John Perrin, B. Mires, C. L. Prindle, F. M. Busby, Silas Keeney, D. Jones, L. C. Hoffman, J. W. Gilman, T. B. Hoover, D. E. Gilman, Alex Hardie.
- Olex: C. Schott, J. A. Cram, Ed Stephens.
- Mayville: W. F. Dyer, J. D. Livingston, A. Greiner.
- Lone Rock: John Madden, W. H. Colwell.
- Clem: C. A. Dannerman.

Olex, Or., April 11, 1896. Wrought Iron Range Co., St Louis Mo.

Gentlemen:—The Home Comfort Range purchased of you has given entire satisfaction and I take great pleasure in recommending it to everyone. It does not require nearly so much wood in cooking and baking as the cast iron stoves do—and the large tank of hot water is a convenience that is indispensable.

Olex, Or., April 11, 1896. Wrought Iron Range Co. Gentlemen:—We have been using one of your Home Comfort Ranges for 7 years; are well pleased with it and cheerfully recommend it to every household for economy, durability, labor-saving, convenience and perfect cooking. It has given the utmost satisfaction and we would not dispose of it at any price if we could not get another.

A magnificent, brand-new \$160 organ, yet in the factory, will be delivered at your nearest R. station for \$75. Inquire at this office.

Those spring tooth harrows do the work and they are cheap. At Shurte Bros.

James W. Smith has the largest line of agricultural implements to select from in Gilliam county. Oliver plows and extras a specialty.

Everybody knows the Mitchell wagon. Look at Shurte Bros. ad; that will tell you where to get it.

Say, have you seen that new improved "Little Giant" gang plow at Shurte Bros.? It is a daisy.

Herbert Stephenson desires to inform the public that they can save many a dollar by trading with him and getting the benefit of his large discount for cash.

H. H. & H. B. HENDRICKS, ATTORNEYS AT LAW.

Fossil - and - Condon, - Oregon.

Notaries Public, Agents for Fireman's Fund and L. & L. and Globe Insurance Cos. Abstracting Collections, U. S. Land Business. Practice in all the courts.

The German-American Insurance Co., of New York, one of the most reliable companies in the world, has established an office at Condon with L. W. Darlington as agent.

During the winter of 1893, F. M. Martin, of Lone Rock, West Va., contracted a severe cold which left him with a cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy, which relieved me almost instantly, and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constantly growing in favor and popularity. For sale at 25 and 50 cents per bottle by druggists.

Notice. To those who are indebted to the following firms, please call at my office at an early date and settle: Smith & Perrin, Kerr & Stephenson, Halseid & Rinehart, G. S. Clark, E. E. Smith, assigned to Geo. Lawrence & Co., Portland. H. B. HENDRICKS, ATTY.
