

# THE CONDON GLOBE.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

FRIDAY, MAY 8, 1896.

The trouble commissioner Senner is having at New York with the horde of Italian paupers and criminals that are seeking refuge on our shores from military conscription at home may be productive of good if it lead immediately to the passage of severe restrictive immigration laws. During the past week over 9,500 of the most undesirable immigrants have been landed at New York, and these are but a small installment of the multitude that wait for steamers in which to follow.

Consumption, diphtheria and typhoid fever are the latest triumphs reported for the Roentgen rays. The cry of "wolf" has been heard so often and proved unfounded that these heralded cures for dread consumption occasion little belief among incredulous people. Still, in the light of the wonderful discoveries science is making the door may yet be opened for discoveries which shall make the pale cheek of the wasted sufferer glow with hope.

England closes the fiscal year with a surplus of about \$20,000,000, while the United States is struggling under a still larger deficit. And the worst of it all is that both are due largely to the same cause, the increased imports which the very generous free traders have enabled England to sell in the markets of this country.

### Olex Explosions.

Major Rims has his irrigating canal about completed.

J. O. McKinny has a new daughter at his home instead of a son, as was reported last week.

Fruit is not so badly hurt on the creek as was supposed. There will be a fair yield. The gardens are all looking nice.

Don't forget the song service to be given this Sunday evening at M. E. church in Olex. The program will be interesting.

Mr. Lobinger joined the choir last week. He sang a very sweet solo to J. A. Crum and a duet to H. D. Randall and E. O. Tobey.

You ought to see me ride a bicycle.—J. P. Thomas. Me too.—Thos. Sylvester. I use an emergency brake. Olex sports two bicycles.

The weather has been exceedingly moist during the past week and the crops are beginning to show its beneficial effects. We predict that much of supposed killed wheat will yet make a good crop.

This coming Friday there is to be a setto for blood, between the Blalock base ball team and the Olex nine, known as the "Rain Bows." They play on the hill east of Olex. We predict that Olex will be victorious this time and then we want some other club to try to do us up on the 4th, as we expect to have a lively celebration at Olex this time.

### How to Treat a Wife.

(From Pacific Health Journal.)

First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be hard for her to bear. A kind word, a tender look, will do wonders in chasing from her brow all clouds of gloom.—To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best and is sure to be needed sooner or later. Your wife will then know that you really care for her and wish to protect her health. For sale by druggist.
