

THE CONDON GLOBE.

FRIDAY, JUNE 5, 1896.

NOTICE.

The yearly subscription to the Globe is \$1.50, if paid in advance. If not paid in advance, \$2 will be charged. A blue pencil mark around this notice indicates that your subscription expires with this issue. Please renew promptly.

GLOBOSITIES.

Mr. and Mrs. Andrew Palmer of Ajax visited Condon the first of the week.

The election throughout the county Monday passed off very quietly, so far as we have heard.

T. Fannon and family have moved from Lost Valley to Kelso, Wash., where they formerly lived.

Mr. J. R. Phillips of Rock creek visited Condon yesterday. His wife is recovering from her long sickness.

The initiative and referendum system of making laws is now being considered by the Massachusetts legislature.

As the 4th of July this year comes on Saturday, it is likely the country celebrations will be held on Friday, in order to give the dancers a chance to exert themselves thoroughly.

They say there is from 10 to 30 feet of snow in the mountains at the head of the Columbia, and should extreme warm weather prevail there for a week, there will be a flood equal to that of two years ago.

There will be no assessment in the Woodmen order for June. This makes two assessments passed by in 1896 already and it is expected that one more will be missed yet in this year, making only 9 assessments for the year.

A. D. Stillman of Pendleton, Or., Head Watchman, Pacific Jurisdiction, Woodmen of the World, is billed for a public address on Woodcraft on the occasion of an official visit to Condon Camp No. 58 in the latter part of June.

The election returns show that the populist party has gained wonderfully in the last two years in this state. The gain in this county, however, is very slight. Several of the populist candidates in this county ran ahead of their ticket.

Monday last Wm. Pierce of Idea lost his house and all its contents by fire. There was no insurance and as he is a poor man the loss falls heavily upon him. J. E. Coleman was over to town Tuesday with a subscription paper, and a number of our people responded.

The following ad appears in the Roseburg Review, under the heading "To Exchange," and signed P. Potterton, Fossil, Oregon: "Furniture and undertaking business and other property in Eastern Oregon, value \$6000, for improved farm. Reason for exchange, ill health."

Mr. Hugh Gourlay of The Dalles spoke last Friday evening at Condon to a fair-sized audience. Mr. Gourlay is a very pleasant speaker and the audience gave him close attention while he extolled the sound money side of the money question that is agitating the public mind so much just now.

Our Olex Cor. says: An invitation has been extended to Condon to help us celebrate on the 4th. A very good subscription was secured this week to defray expenses, \$20 of which will go to the ball game. A large platform for dancing will be built on the creek in Ralston's grove.

A terrific cyclone swept over Missouri one day last week, killing about 1000 people and almost ruining the city of St. Louis. Never in the history of the country has there been so much destruction of life and property from cyclones as there has been the last week or two in the middle western states.

Several parties who have recently traveled all over this portion of Eastern Oregon inform us that they never saw better crop prospects than at present. Wheat never looked better at this season of the year, and with the price at 50c a bushel this fall, we can all expect prosperous times again.

The highest number of votes cast in this county Monday for any office was for sheriff, 917 votes being cast—Wilcox receiving 498, Dukek 271, Davidson 150, giving Wilcox a majority over both of 75 votes. The highest number of votes cast two years ago was for State Supt., 891; the highest for any county office, 869, for assessor.

Such weather as this is what makes the farmer feel good. With the mercury at 75 degrees in the shade and plenty of moisture in the ground, his crops are springing up as if by magic, and he can look forward to the future when an abundant yield of yellow grain will be harvested that will bring both silver and gold into his pocket.

Our brass band has had an invitation and offer to furnish music at Olex on the 4th. The members feel thankful for such recognition, but respectfully declines on account of not feeling that they are yet far enough advanced to assume so much responsibility. In about another year, however, they will be able to "tear a bone out."

A dispatch from Goldendale to the Oregonian says: State Senator J. A. Smith, a wheatsraiser of Gilliam county, Or., is here to place stock of the Columbia Portage & Transportation Company. He says that the line will be in operation this summer in time to move this year's crop of wheat, and the company expects to ship from Columbus alone 300,000 bushels of Klickitat wheat.

THE ELECTION.

Almost a Complete Victory for the Republicans.

Rev. Bryan preached at Condon Tuesday evening and on Wednesday evening lectured on "Patriotism" to a large audience. He is an old veteran soldier himself and therefore is better prepared to know the true meaning of patriotism. Among the many interesting things he said was the remark that what is undermining and ruining this country above everything else is the influx of the pauper and criminal element of Europe to our shores. He left today for his home in Portland.

Two farmers on the streets of Pendleton Thursday made a bet of a steer apiece that wheat would open at 50c per bushel when the fall market has shaped itself so that buyers begin to purchase.—E. O.

Election News.

The latest election news is to the effect that Martin Quinn, populist, is in the lead for congress in the 2d district, and will probably win, with Ellis a close second. Bennett and Northup are both considerably behind in the race.

In the 1st district the populist, Vanderburg, is also in the lead for congress and it is very probable that he will defeat Thos. H. Tongue, whose election seemed certain up to the day of election.

R. S. Bean rep, is elected supreme judge by a large majority.

Portland had the hottest political contest in its history. The Mitchell republicans won about everything in sight, except mayor, and that important office will be filled for the next two years by Sylvester Pennoyer, who received more votes than both of his opponents together.

The greatest surprise of all is the defeat of the regular republican nominee for sheriff, Geo. C. Sears (who never was defeated before and has held public office for 20 years) by Wm. Frazier, the Mitchell republican candidate. It was a regular landslide for the Mitchell ticket, which the Oregonian and Telegram have been fighting so bitterly. They captured the entire legislative ticket, which insures Mitchell's reelection to the U. S. senate by the legislature next winter.

A. A. Jayne, for district attorney, ran 25 ahead of his opponent in this county and something over 100 ahead in Wasco county, but Cradlebaugh is over 100 ahead of him in Sherman county, with Crook county yet to hear from, which will likely give Jayne a small majority. The contest will be very close between them.

Dufur, for joint senator, is away ahead of his opponent, Moore, and doubtless is elected.

The democratic sheriff and clerk in Morrow county are both elected, greatly to the surprise of the other two parties.

The people throughout this county will be shocked to learn of the death of L. Parker, the well-known stage man, whose death occurred at Arlington Tuesday, of appendicitis, after an illness of less than a week. He held the office of School Supt. two terms in this county and was as well known as any man in the county. We learn that he carried life insurance, in several different orders, to the amount of \$4,900.

A terrible accident occurred at Victoria, B. C., Tuesday afternoon. A sham fight and review was to take place at Macauley Point near Esquimalt, and crowds were making their way there by every route. Two cars containing over 100 people were upon the Point Ellice bridge over Victoria Arm, when the structure gave way, and all plunged into the water 100 ft. below. Several carriages went down also. About 60 people were drowned.

The election is over and it is a safe bet that 3/4 of the candidates are better satisfied with the result than the other 1/4. There is one thing certain about running for office—all of the candidates cannot win, a fact that they all know before getting into the race, and the best way for the defeated ones to do is to consign themselves to the situation as good-naturedly as possible. Voters seem to be fully "onto their job" as to the old saying that "all is fair in love, politics and war."

R. Searcy Killed.

The trouble among the fishermen down at Astoria is on the increase, as a result of the big strike that has been on there for some time. R. Searcy who was shot and killed there recently was a brother of H. K. Searcy, of this county, and was up here on a visit two years ago. The Skamokawa Eagle, published in that neighborhood, gives the following account of the murder, which doubtless is exaggerated:

"Reports of the trouble are various and confused. Some say that Searcy fired the first shot; that he came down the river looking for trouble; that he was untidy abusive to all union fishermen; that he made a brag that he made several thousand dollars during the last fishing strike, and would make a bigger pile this year; that he and Jewell carried shoguns loaded with buckshot. Searcy was an old soldier; he was a hunter as well as a fisherman, and a crack shot. Phil Jewell, who was wounded in the fracas, was a fisherman. Both men were intent on making a lot of money out of the trouble of their fellow fishermen. They were desperate men, and they sought a collision with men equally desperate, men who doubtless honestly thought they had as much right to the fish of the river as they."
