

THE CONDON GLOBE.

FRIDAY, JULY 17, 1896.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

DEMOCRACY'S CHOICE.

The democratic national convention at Chicago last week named Wm. J. Bryan, the silver tongued orator of Nebraska, as candidate for president. Since silver was given the most prominent feature in the national platform, and is to be made the leading issue of the campaign, no more logical candidate could have been named. His position on the silver question is clearly and well defined. He favors the free and unlimited coinage of the white metal at the ratio of 16 to 1, independent of all other nations. In the fifty-third congress he made a record as a silver advocate not second to that of the patriarch silver agitator Bland, and during his tour of the Pacific coast last year, acquired a reputation as one of the foremost silver orators of the nation. He delivered several speeches at Portland and Salem during the state fair that were considered the most brilliant and powerful ever heard on this coast.

Bryan's nomination, will as a matter of course, not prove satisfactory to the radical gold wing of the democratic party, nor would any pronounced silver man have been, but he will likely be as satisfactory to the silver republicans and populists as any democrat could be, and if they consent to allow silver to be made the one and only issue they will endorse his nomination at St. Louis on the 22d.

Harold A. Sewall of Maine, also a strong free silver advocate, was nominated for vice-president.

All eyes are turned now on little Curry county, where an election contest over the office of county judge bids fair to have far-reaching results, as it may make a change in the legislature and defeat Tongue for congress. Numerous evidences of fraud in counting the votes of that county have been found and there is no doubt but what a recount will develop some astonishing results.

Some miners in Ohio refused to help celebrate the 4th of July because they say they did not want to endorse the Declaration of Independence, which they consider a fraud and a lie. The great trouble with this country is that too many such cattle as these have the right to vote here.

It is now said that Cecil Rhodes and Barney Barnato, the great South African mining kings, will turn their attention to this country and British Columbia. Their experts have already examined the Roseland district and they claim the prospects far surpass anything in Africa.

A Skowhegan, (Me.) woman, becoming indignant with her husband testified that the pension drawn by him was not doing him any good, and the department cut the pension off. The man went on to the poor farm and died there and the widow lost \$12 a month during life.

Our next legislature will be asked to reduce the legal rate of interest from 10 to 6 per cent. Even some of the money lenders are advocating the change.

Old time democracy went to the Atlantic coast for a president and occasionally come out to the middle West for a vice, but this year the system has been reversed.

George H. Love, a Georgia melon planter, has booked an order to ship two carloads of watermelons to Seattle, 3000 miles. The freight charge is \$850 per carload.

China may now proceed to pay an installment to Japan out of what she made by selling freerackers to the United States.

Five hundred republicans at Spokane have signed an agreement to vote and work for free coinage.

Dr. Price's Cream Baking Powder Awarded Gold Medal Midwinter Fair, San Francisco.

A San Francisco woman sent her husband to a gold cure, but it failed to reform him. Then she abandoned gold and plugged four small pieces of led into his system, by means of a pistol, and he hasn't drunk a drop since.

NOTICE.

A number of the people of Gilliam county having demanded that the salary of deputy county clerk be abolished, and being now without pay for a deputy, I will hereafter be unable to attend to the numerous inquiries not pertaining to my official duty as clerk, such as necessitate correspondence—searching the records, etc., without a reasonable compensation for the same.

I am anxious to comply with all reasonable requests and wish to be accommodating to the public, and in order to do so I am compelled to employ help.

I therefore ask that those wishing accommodations from this office, outside of my official duty, such as searching the records, answering correspondence, etc., to enclose with their request a reasonable fee for the work and time necessary to comply with same, and I will give it attention. In this way I hope to be able to employ the necessary help to do the work in the office and accommodate the people as has been done in the past. If a fee sent should be more than the work is worth, I will return the overplus and if not enough, the party will be so informed. Pension work for old soldiers excepted herein.

Very respectfully,
H. N. FRAZER, County Clerk.

Last summer one of our grand-children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredricktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable doses and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. For sale by all druggists.

Mrs. Rhodie Nonh, of this place was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only 4 doses were required to cure him.
