

THE GCONDON GLOBE.

FRIDAY, AUGUST 7, 1896.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

The haughty Castilians, confident of their prowess and ability, are anxious to go to war with this country. The Spanish government, however, wisely hesitates. The unwelcome truth is that the nation is practically bankrupt. She already owes, including the Cuban debt, for which she is responsible, \$1,400,000,000, and is constantly running behind. The great bankers of the world have declined to lend her any more funds except at exorbitant rates of interest, and even so the accommodation will be limited. It is said the terms are \$100 for every \$60 loaned. To go to war on a financial basis of this kind would be the sheerest folly, and the Spanish government, more gravely depressed with a sense of responsibility than are its hot-headed subjects anxious for a war with the United States, prudently hesitates.—Oregonian.

The London Globe publishes a long article headed, "American Communism," concluding as follows: "There is a clear issue between the gold standard allied to extreme protection and free coinage coupled with confiscatory socialism. Whether McKinley or Bryan is elected, British interests are bound to suffer. While the victory of McKinley is certain to harass our trade with the United States, that of Bryan could not fail to produce a financial convulsion which might shake the Old world to its very foundation." Come to think about it, this country isn't bothering itself much whether our legislation suits England or not.

It is very possible that a senatorial deadlock will deprive Oregon of any legislation next year. The republicans will have about 60 members, and the majority of the remaining 30 will be populist. The republican strength will be about equally divided, and unless they can get together it will be impossible to elect. Verily, it begins to look as though the halls of the senate will be depopulated through inability of legislatures to elect. It, however, will have the good effect of hastening the time when senators will be elected by the people.

Shortly after his nomination at Chicago, Candidate Bryan told Secretary Thomas Maloney, of the Washington state democratic committee, that he intended making a campaign tour that would include every state in the Union. It was his desire, he said, to come through the Southern states to the coast, speaking at Los Angeles, San Francisco, Portland, Tacoma Seattle and Spokane. It is not yet known whether he will visit Condon or not.

Twenty-one saloons have quit business in Portland during the last three months, as a result of hard times. Financial depression has at least one beneficial effect. It causes temperance. However, any one having the price of a drink, need not go dry, as there are 236 saloons still doing business there.

Some mathematician has figured out that in 37,000 years the Niagara falls will cease to exist. We would advise our readers who are desirous of seeing the falls to go to Niagara as soon as possible, so as not to miss this grand sight before it disappears forever.

In at least one respect Mr. Cleveland has made the best record of any American president. When he first went to the white house he was a bachelor; he will leave it with a wife and at least three daughters. Who could ask a man to do more for his country?

Turner and R. Emma Turner and all persons claiming by, through or under be forever barred of all right, claim or interest, except as redemptioners under the statute, and for such other and further relief as the court may seem just and equitable.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages. This remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by druggists.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I never can praise the remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs. Lina S. Hinton, Grahamsville, Marion county, Florida. For sale by druggists.
