

WOULDN'T THIS KILL YOU?

Extract from English history. When the Revolutionary War had continued some years, the British felt that it would be cruelty to the colonists to maintain it any longer.

Joseph F. Johnston, just elected governor of Alabama by 60,000 majority, says: I have distinctly made the issue that a large majority cast for our ticket would strengthen Bryan in the November election and rid the country of a domination of its finances by millionaires and syndicates and restore the control of the government to the men who are the producers of the wealth in peace and the defenders of the flag in war.

Wm. J. Bryan says: "I don't want any man to vote for me because he thinks that if I am elected I will help him to put his hand in somebody else's pocket. All I expect to do is to prevent somebody else from putting his hand in your pocket."

The last catalogue of the University of Oregon shows a remarkable growth. The State University is laboring wisely and successfully to fulfill its high mission to the people of the state.

The San Francisco Examiner is authority for the statement that Wall street has pledged \$12,000,000 to defeat Bryan. The occupants of the Mills building alone subscribed \$1,000,000.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. However, the best efforts of the most skilled physicians have failed to check its ravages. This remedy, however, has eradicated the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by druggists. My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as strong and strong as ever. I never can praise the remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs. Lina S. Hinton, Grahamsville, Marion county, Florida. For sale by druggists.
