

THE CONDON GLOBE.

FRIDAY, OCTOBER 2, 1896.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

Arthur Sewall, democratic nominee for vice-president, tells why he became a silver man as follows: "If Mr. McKinley is elected there will be a bond issue within thirty days. Nothing can prevent it. Talk about trusts and monopolies—the greatest monopoly in the world is the gold monopoly. It is crushing the nation. Senator Lodge, in his last speech, declared that the gold standard was a good thing because the country has been growing richer under it. 'Tis true that the wealth of the United States has increased, but who is getting it? The trusts and corporations and syndicates. They alone have profited by the present monetary system. The poor have been growing poorer. The debtor class increases. Prices have fallen and fallen and fallen. I say it cannot last. I became a free-silver man by looking at the matter as a business man, and the more I study it the more I am convinced that there is no other salvation possible for the people."

Those cheerful idiots who are about to crawl from San Francisco to New York on hands and knees should be thrown into the ocean, with a mill-stone tied to their necks, before they start.

In Canada they say "We don't take American money any more." We wish Great Britain would follow her province in this matter. She has taken about all the money we have had lately.

The 36 electoral votes of the state of New York equals the electoral vote of the states of Washington, Oregon, California, Idaho, Nevada, Utah, Montana, Wyoming and Colorado.

Oregon is one of a very few states that have their state election at a different time from the national election, and the number is gradually growing less, we are glad to note.

The Sacramento Bee runs this unique ad at the head of its editorial column: "Bryan, Bread and Butter! McKinley, Mush and Miserie! Take your choice."

The question is frequently asked, "Has money appreciated?" Whether it has or not, it never was more appreciated at this office than at present.

Miss Estelle Real wants to be the next governor of Wyoming, but we advise her to accept a position as governess if she can get one.

Edward Murphy, one of New York's two United States senators, predicts that Bryan will surely carry New York state.

Because Prince Bismark of Germany favors free silver, the Oregonian calls him a "bunco-steerer."

Farmers should consult their own interests by getting Shurte Bros. prices on machinery of all kinds.
