

Suffering Women.

Alas! women do suffer. Why, we often cannot tell, but we know there is one great cause, and that is weakness. The headaches, the depressed feelings, the pains, the discouragements, indeed, almost all the misery has a common cause—weakness. At such times a woman always needs a friend that can be relied upon, and such a friend, for more than twenty years, has been that greatest of all remedies,

Safe Cure

By its purity and its power it furnishes a prompt relief for women in their hours of need, and if the grateful expressions which come up from the homes of the land about what **SAFE CURE** has done were printed, they would fill volumes. If you, reader, are a sufferer, can you not take hope from this suggestion?

TOO MUCH BARK.

It is not the best watchdog that barks the most. The old watchdog lays low and seizes the burglar before he knows it. In the treatment of rheumatism many sufferers talk too much and do too little. If they want to find out what is best for it, let them get St. Jacob's Oil and use it. It is a good watchdog against the intrusion of pain. It goes to work quickly and surely, and seizes hold of rheumatism for the purpose of driving it out, and holds on until its purpose is accomplished. It is, therefore, the best remedy, because it takes the best means to accomplish its end, as many who have suffered for years with the ailment will testify. The cure is the same in chronic or inflammatory cases. With patience and a free use of it, the worst cases of long-standing have been finally cured by it.

Imperfect teeth are a sure sign of civilization. Perfect teeth are found, as a rule, only among savages.

DON'T GIVE WAY TO DESPAIR.

Although you have suffered for a long time from malaria, dyspepsia, kidney troubles, nervousness or biliousness. Know that Hostetter's Stomach Bitters has cured worse cases than yours, and is potent to help you as it has helped hosts of others. But always remember that trite saying, "Delays are dangerous." Mole hills grow to be mountains in consequence of disregarding it. Check disease at the outset with this inimitable defensive medicine.

SESSION BROUGHT TO A CLOSE

Review of Business Transacted at the Capital.

SUMMARY OF BILLS PASSED

The Fifth Session of the Washington Legislature Adjourns Saturday After Sixty Days' Continuous Session.

The fifth session of the Washington legislature adjourned sine die early Friday morning. The closing scenes were unusually interesting and at times exciting. Both branches of the legislature worked hard all day Thursday. The lobbies were packed with spectators, and the sergeant-at-arms was often ordered to clear the floor space of lobbyists within the bar of each house, to give room to move about.

Conference committees were the order of the day, and accomplished important work in bringing the houses to agreement. The most important were those having on hand the freight-rate reduction bill and the general appropriation bill. The former finally effected an agreement during the afternoon, and the freight-rate bill soon went to the governor. The appropriations bill was not so easily settled, and it was long after midnight when any kind of an agreement was reached.

The clock was stopped at midnight, and it was near sunrise when final adjournment was effected. The cause of delay was the contest over the appropriation bill, and the time given enrolling clerks to prepare the bills for the signatures of the presiding officers of each body. Some members protested against continuing after midnight, but to no avail.

The resolution to investigate the penitentiary was lost in the senate.

Proprietor (nervously)—"I was waiting on the ministers' wife."

"But you don't take counterfeit money from women just because they happen to be ministers' wives, do you?"

"No, of course not."

"Didn't you see that was counterfeit?"

"Consarn it! young man, if you must know, that's the dollar I dropped into the contribution box last Sunday."

Papa—"Lend you my knife? I lent a week since I bought you a new knife. What have you done with it? Lost it?"

"You said I should take good care of it, and I want to take up tacks."

A Second Experience.

There Will Be No Doubt as to What Physicians Will Be Called in Future

By Mrs. Hurlburt.

From the Republican, Fresno, Cal.

An interesting case comes from Kingsburg, in Fresno county, California. Mrs. Mattie Hurlburt tells her own story, and as she is a lady who is well and favorably known and well worthy of credence, it will be found interesting:

"While I was living in Fresno City in 1893," Mrs. Hurlburt said, "shortly after the birth of what was then my youngest child, I began to lose all strength and vitality, and was in a very serious condition. Dr. Hayden of Fresno, had been attending me, but his efforts to help me proved unavailing, and I was gradually growing worse, though I tried all the doctors and remedies within reach. One day I heard of Dr. Williams' Pink Pills for Pale People, and I also read an advertisement about these pills in a newspaper, and made up my mind to give them a trial as a dernier resort. I at once procured a supply, and took them according to rule until I had used four boxes. By that time I was so much improved in every way that I could do my own housework and was in exuberant spirits at my returned health. I felt splendidly until one year and a half ago when another baby was born, and I was taken just as before, and brought very low again. The attending physician feared that my illness this time would result seriously, but he was not able to help me, so I again turned to Dr. Williams' remedy, and after taking two boxes was up and about my work again. I shall always keep Pink Pills in my house from this time on, and shall turn to them alone for medical comfort in the time of illness. (Signed)

"MATTIE HURLBURT."

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

ITS MARVELOUS POWER.

Paine's Celery Compound Better Than Years of Doctoring.

There never was a remedy so eminently successful, so far above and beyond all competition, as Paine's celery compound.

Paine's celery compound effects marvelous cures.

Where other remedies miserably fail, and where doctors do not succeed, there Paine's celery compound is found curing disease, making people well and happy.

Here is the case of Mrs. Haff, who lives at 140 Summer ave., Newark, N. J., and whose portrait is printed here.

"My doctor," she says, "called my disease liver complaint, stomach trouble, nervous dyspepsia, and almost every other name you could think of. When I was in Portland, Ore., I had enlargement of the liver, and the doctor thought all the troubles came from that severe spell of illness. That was twelve years ago, and I have done nothing but doctor ever since. I have had the best physicians examine me, and see if they could do anything for me. For months at a time my stomach and liver have been so sore that I could only lie in bed in misery, and with such severe pain in my back, and so weak that I could hardly talk."

"After I had a bad night I would send for the doctor, and he would leave me a small box of powders and one or two other medicines, and it would cost me \$4 every time I had one of these spells. I believe I have taken more medicine than any other living woman."

"Last March I had a call from a lady friend of mine, who asked me, 'What is the matter with you?' I replied by saying, 'How well you look!' 'Yes,' she said, 'I never felt so well in my life.' She is a woman of 45."

"And now," she said, "I want to give a little advice. I have been almost at death's door with liver trouble. After the doctor had done all that he could for me I told him not to come again. I showed him a bottle of Paine's celery compound and told him I was going to give that a fair trial. As a result I am strong and well."

"I sent right over to the drug store and got a bottle of Paine's celery compound, and when I had taken two bottles the soreness had left my stomach and my side felt much better. After I had taken four bottles my side was much stronger, and I was in better spirits and felt as though I might live and not be in such misery. Working people nowadays work like vitality all out every week, and all I ask is to be able to earn the money I have to every week."

"Paine's celery compound has enabled me to do this, and has done me more good than all the doctors put together."

"Why, my nervous system is so entirely strengthened that I feel like a new being, and what is more, I look the good the medicine has done me, right in my face and eyes. Just tell all the poor women for me that for a medicine to build one up, give Paine's celery compound a fair trial, and if it does not do it, then they might as well die. I have recommended it to several and it has helped in every case. I have a great deal to worry me, and a dose of the compound gives me quiet sleep and then I can work. If any one wishes to write me they can do so."

Why should a sick person do anything else but try a bottle of Paine's celery compound?
