

# THE GLOUCE

FRIDAY, APRIL 16, 1897.

## NOTICE.

The yearly subscription to the Globe is \$1.50, 12 paid in advance. If not paid in advance \$2 will be charged. A pencil mark around this notice indicates that your subscription has expired. Please renew promptly.

## GLOBOSITIES.

The Globe man will pay you more than anyone else in town for your county scrip. Don't sell until you see him.

Dr. Hogan is treating D. S. Brown for a bad case of tonsillitis.

Charley Royse will begin teaching the idea school next Monday.

J. W. Blake arrived home Monday from a business trip to Chicago and Salt Lake.

Martin Gillihan, formerly of Lost Valley, now of Sauvie Island, is in town this week on court business.

N. T. Booth of Salem, agent for the Massachusetts Mutual Life Insurance Co., has been in town all week.

Chas. Keightly, a young man from Hardman, was here last week under Dr. Hogan's treatment for tonsillitis.

"Uncle Tommy" Watson of Fossil came over today to pay his taxes and see the "justice mill" grind awhile.

J. G. Stevenson has purchased the Dunn place in Ferry Canyon and he will move his family to their new home next week.

A good many thousand head of lambs will soon add their voices to the music made by the larks and robins on Gilliam county's hillsides.

F. M. Lacey, the well-known sheep and cattle buyer, is in this section again. He expects to ship a train-load of sheep to the East in June.

Durrant, the notorious murderer, has been sentenced to hang June 11th. But will he hang? "There's many a slip 'twixt the cup and the lip."

Geo. Schott and Ray Henson, whose cattle are ranging in Malheur county, are over to Gilliam for a brief stay. They are both in town this week.

A Condon philosopher says that the hard times have made him feel like a boy again, because he experiences such joy when he gets a nickel to spend.

C. R. Brougham of Mt. Angel, owner of the diseased horses near Clem, is in town. He intends to make a large vat and dip all of the horses, just like sheep.

Wiley Miller of Looking Glass, Douglas county, arrived here several days ago and will remain for a while looking after the needs of his fine farm north of town.

Charley Shurte, the rustling machinery man, has been in town all week trying to trade farming machinery for horses, with what success we have not learned.

Miss Naomi Strickland, who has been visiting the family of her brother, J. H. Miller, of this city, returned to her home at Roseburg last Sunday night.—Medford Monitor.

Brown Bros. (Bill and Jim) have sold all of their cattle except one and 2-year-old heifers, at very fair prices—but not at an average of \$19.50 per head, as stated in the Journal.

Harry Carratt, formerly a photographer in this city, will in about three weeks move to Arlington, where he contemplates permanently locating.—Goldendale Agriculturist.

T. J. Cartwright, Gilliam county's first assessor, died at Spokane on the 8th of this month, of heart trouble. He had many friends in this county who will be grieved to learn of his untimely death.

We learn that Herman Whipper has sold his ranch near Mayville and that he will soon move with his family to Marion county, near Salem. He is a good honest citizen and we regret to see him go.

Crook county is in a muddle. The stock inspector has been arrested for issuing a permit to move diseased sheep and though discharged by the committing magistrate, will be interviewed by the grand jury next May.

In renewing his subscription this week, Ed F. McConnell of Sylvan Grove, Kansas, (formerly of Mayville) says that it would be an utter impossibility for him to get along without the Globe. Millions of others find it the same way.

E. A. Crawford and son Bert of Mayville are prepared to furnish first-class dry wood to the people of Condon from now until May 1st at \$5 per cord for 4-ft and \$6 for 16-inch wood. From that date until winter the price will be 50c less.

A small family can find a good home by applying at once to Mr. and Mrs. H. Billing, 3 miles south of town. They are old and helpless and need some one to look after them and their ranch and will give a man with a small family a good layout if applied for soon.

J. McFarland done a neat job of painting last week on Rinehart's restaurant. He is trying to talk the Army Hall Co. into the notion of having the hall painted, and we hope he will succeed, as a building that size without paint is an eye-sore to any town.

Miss Pearl Fitzwater began teaching last Monday in the Springfield district on Trailfork. Miss Grace Fitzwater has been engaged to teach in the Lost Valley district, commencing next month, and Miss Mabel Halstead the upper 39-mile school, commencing about May 1st.

Mrs. J. R. Clark, whose health has been very poor for some time with lung trouble, appears to be gradually growing weaker, and her husband has concluded to place her in the St. Vincent hospital in Portland for treatment awhile. She will probably be taken down next week.

Little Ora Blake has been very sick for several days from the effects of a decayed tooth, which almost resulted in blood poisoning. Her jaw and throat were frightfully swollen, but we are pleased to note that she is now on the road to recovery. Dr. Howard of Fossil has been over to see her several times.

John Lyons has just received official notice from Congressman Ellis that he has been appointed postmaster at Condon by President McKinley. His appointment will give general satisfaction to the patrons of the office, and it is hoped that he will appoint a deputy postmaster who will also be satisfactory to the patrons.

We learn that School Supt. Daggett of Arlington is dangerously sick with a case of blood poisoning, caused by a rusty nail penetrating his hand several days ago. It was thought for awhile that in order to save his life one arm would have to be amputated, but we are glad to state that it will not have to be done and that he is improving.

W. C. Stillwell has traded his residence property, barn, etc., at Mayville to A. J. Shelton for the Jas. Moar farm near Mayville, giving \$100 to boot. Bill says he doesn't want to live in a place where he can't even keep a pet goat without having it painted in such a manner that the more he scrubs and washes it the brighter the colors show.

Mrs. C. B. Sears and Mrs. W. J. Edwards were in town Monday circulating a subscription paper for the new Union church at Mayville. Within a few hours they received \$49.25 here, making in all about \$450 that is already subscribed in cash, besides over \$50 in work. The good people over there need a church and it will be a welcome addition to the place.

Otis Patterson, editor of the Heppner Gazette, is one of the applicants for the position of internal revenue collector at Portland, a snap worth \$10,000 or \$15,000 a year. Otis has done lots of hard and faithful work for the party and deserves recognition at the hands of the administration. We hope he will get the appointment, as he is "one of the boys" in every sense of the term.

S. I. Stratton returned Monday from Monmouth, where he and his wife have been attending the state normal school a couple of years. Mr. Stratton graduated from that school last February, but his wife does not hope to be so fortunate for another year at least. She is still attending the school and there will be no vacation before next June. Mr. Stratton is now on the lookout for a school to teach. Later. He has just secured the Keys Flat school, commencing next Monday.

Dr. Lannerberg, the eye specialist of The Dalles, arrived here Sunday evening and has been kept quite busy attending to many of our people. He certainly comes well recommended and his work gives satisfaction. The doctor will remain with us until Saturday or possibly Monday, when he leaves for Fossil, to remain there about one week. The people of Fossil who need the doctor's service should have no hesitancy to call on him and have their eyes examined. The doctor will again visit us next fall.

## Olex Explosions.

Lonner Ralston, Jr., has started to school in the Woodland district.

Elijah Hendrix was in Olex Monday on his way to Condon. He is still court-ing.

W W Weatherford and B Kiley met the Judge at Olex Sunday and were excused from attendance at court.

G S Smith is going sheepshearing the latter part of the week, commencing at McCreebys, across the Columbia.

Supervisor Maguire is working the Cunningham hill and bridge this week. They finished up on 8-mile last week.

The Judge and attorneys have been passing through Olex thicker'n hops, on their way to Condon to attend circuit court.

A J Coe, one of Arlington's popular young business men, paid Olex a visit Monday while on his way to attend court at Condon.

Harry Clay and family have returned to Olex, Harry from St. Paul and Mrs. Clay from Portland. Miss Boyle, a cousin of Harry, came with them.

The grain in this section of Gilliam never looked more promising for a crop. The usual acreage is in and if the June winds do not scorch too hard, Gilliam county will be all right again this year.

Work was commenced last week on the railroad from Biggs to Wasco. Why not start one from Arlington to Olex or get the Biggs line to come down Grand Valley canyon to mouth of same on John Day, thence up Rock creek to Olex? This would be a profitable and easy route.

The entertainment given last Saturday evening by Locust Grove school at the close of a six months' term with Miss Grace Cooke as teacher was a decided success. The program was delightfully rendered. Competent judges declared the performance would have done credit to any school in the state, which speaks volumes for the teacher and pupils of Locust Grove school.

Get your county scrip cashed at the Globe office. We have made arrangements to pay the highest cash price for it.

Hon. A. S. Bennett is in North Yakima this week attending court. He is attorney in several important criminal and civil cases, one of the latter in which nearly half a million dollars are involved. His old stenographer, Fred D. Hill of The Dalles, who is in town this week, informs us that Mr. Bennett has the largest law practice of any attorney in the state, averaging something like \$20,000 a year or more.

## Lone Rock Rumblings.

Mrs. A Sprows and Mrs. Coleman visited the county seat the first of the week.

Planting garden seeds, spuds, etc., seems to be the order of the day up here just now.

W H Colwell came up from Arlington last week and took his teams down for the purpose of moving his outfit up here this week.

The Sheepshearers Union of Lone Rock met last Saturday. The boys all seem anxious for shearing to commence, and feel very sure that the sheepmen will have to dig up a cent more on the head this year than last for shearing.

Last Friday while Ervie Bennett was coming from Heppner with a load of flour for P L Ham he got to Rock creek about dark and found the stream unfordable. In a short time three women came along on their way to Lone Rock and as it was very dark the four remained there by a camp fire all night. As none of the outfit had any bedding it was a pretty chilly roost. The ford there is washed out so badly that it is almost impossible to cross with wagons, thus showing the great need of a county bridge. It is a very dangerous crossing in winter.

Don't sell your county scrip until you see the Globe man, who is prepared to pay the highest cash price for warrants.

## BAKER'S SHEEP BILL.

Declared in Force by Commissioners of Klickitat County.

Representative Herbert Baker's sheep bill, recently passed by the Washington legislature, was declared in force on the 9th instant by the county board. Quarantine has been placed on all counties in Oregon opposite Klickitat county. The result will be that 75,000 Oregon sheep will be deprived of regular summer range in and about Mount Adams. Also the revenue, in the way of assessments, of Klickitat county from these migratory sheep will be cut down more than \$1500. Goldendale merchants will find a falling off in spring and summer trade because of the absence of Oregon visitors. On the other hand the friends of the bill contend that the protection given local wool-growers will be an inducement to them to increase their flocks. By so doing their profits would be spent at home, and thereby Klickitat would be gainer in the end. Rumor is current that the sheepmen of Sheaman and Wasco counties will test the validity of the act.

## A Dangerous Practice.

Ed. Globe:  
If the gentleman in charge of the drug store at Condon will explain through your paper by what right he has to fill physicians' prescriptions (other than his own) when he has never complied with the law in regard to securing a druggist's license he will relieve the anxiety of a great many people in this county. Only registered druggists can legally fill prescriptions, and the question is, why does he persist in openly violating the law in this matter?

## Self-Explanatory.

WALDRON, O., April 7, 1897.  
Mr. H. N. Frazer, County Clerk, Condon, Oregon.  
Dear Sir: Will you please send me the two dollars I left for marriage license. I can not get my girl just now and don't know when I will.  
Yours truly,  
JOHN H. TILLY.

Dr. J. T. Tate, one of the leading dentists of Portland and the Pacific coast, expects to make a tour of Eastern Oregon this spring and will be in Condon some time in April to remain a few days. This will be pleasing news to those needing first-class dental work. Dr. Tate is a graduate of the New York College of Dentistry and has held high positions in the Portland Dental Society and the Oregon State Dental Association.

## For Sale at a Bargain.

The imported Clydesdale Stallion "Bute," No. 4273, weight about 1900 pounds. Address me at Olex, Oregon, or call at my ranch on Eightmile.

## Notice to Sheepmen.

I am prepared to receive and care for bucks during the summer of 1897 on my excellent range at the forks of Unkham and Bonverdan creeks. My separating corral will be at Geo. Knox's ranch. I will make one delivery of bucks at Condon on the 18th of October and the remainder at Lone Rock on the 25th of October, 1897. I will charge one dollar per head for all bucks placed in my care.  
Ed Comoros, Lone Rock.
