TERSE TICKS FROM THE WIRES

An Interesting Collection of Items From the New and the Old World In a Condensed and Comprehensive Form.

The fireman was killed and another
trainman injured by a collision of two
fast freight trains near Langtry, Tex.

The Yreka stage was robbed near
Yreka, Cal., by a lone highwayman.
The passengers were not molested, and
the express box which was broken open
by the highwayman, contained only \$50.

The members of the Washington
state board of horticulture which met
in Tacoma recently say that the reports
of damage to fruit trees by the severe
cold weather last winter are greatly ex-
aggerated. An abundant yield is now
predicted.

Answering a question regarding the
prospects of the government sending
out invitations for a bimetallic confer-
ence, Mr. Balfour reiterated, in the
house of commons, that there was
nothing in the situation which would
lead him to suppose that anything
could be gained by Great Britain tak-
ing the initiative in promoting an in-
ternational bimetallic conference.

The steamer Edith, chartered by the
Alaska Steamship Company to take
passengers and freight from the wrecked
Willapa to Juneau and Dyea, has re-
turned to Port Townsend. The Will-
apa is reported as being a total wreck.
Her hull broke on the rocks and sank to
the bottom of the sea. The loss on the
Willapa and cargo is estimated at
\$60,000; insurance on the boat, \$25,000.

Representative Tongue of Oregon is
making an effort to have anthracite
coal placed on the dutiable list, because
it comes in competition with the coal
produced in Oregon and Washington.
He prepared and had circulated a peti-
tion to the finance committee of the
senate, asking that this be done, and
setting forth the reasons. This peti-
tion was signed by nearly all the Pa-
cific coast senators.

The following proclamation has been
issued by the Greek irregulars, who
have begun the invasion of Macedonia
at Balino: "Brothers and Soldiers of
Christ and Liberty: We hoist the flag
of liberty, the Greek flag. Under its
shadows let us unite, with the watch-
word, 'Liberty or Death.' The justice
of our cause is recognized by all free
people blessed by God. Let us push
onward, brother Greeks; God is with
us."

By a collision between two passenger
trains at Harrisburg, N. C., three men
were killed outright and several others
seriously injured.

C. B. Bellinger, United States dis-
trict judge for Oregon, has been ap-
pointed by Governor Lord a member of
the board of regents of the state Uni-
versity at Eugene.

The Heldageblatt, the Dutch news-
paper of Cape Town, declares that lead-
ing officials of the Transvaal speak
openly of war with England as inevit-
able, and aver that it will be carried
right up to Table bay.

A dispatch from Montevideo states
that a serious engagement has occurred
between the federal troops under Colonel
Casalia and the insurgents near Minas.
The federalists are said to have been de-
feated. The insurgents have captured
the town of Sarandi del Yi.

Hot winds have taken the snow from
the mountains above Pendleton, Or.,
and the Umatilla river is up to as high
a stage as at any time this spring.
Part of the railroad bridge above town
has gone out, compelling the abandon-
ment of the branch line between there
and Walla Walla. The water is still
rising, and promises to do more damage.

Fire greatly damaged the dwelling
house occupied by James Jackson, a re-
lative of President Andrew Jackson, and
inheritor of the relics of the deceased
president, at Clifton, O. Among the
relics was General Jackson's carriage,
the wheels of which were made of tim-
ber from the old war frigate Constitution.
The carriage was destroyed along
with many other relics, valued at \$10,000.

The Turkish porte, in a protest to
the powers against Greek invasion, says
that the regular Greek army occupied
Turkish territory near Grevena and com-
mitted acts of hostility by destroying
three posts. The protest further de-
clares that these acts virtually consti-
tute an act of aggression and a casus
belli, and denounces Greece as an ag-
gressor in the war.

A Salt Lake paper prints what is
claimed to be a confession by J. W.
Fetzer, who is under arrest at Dillon,
Mont., in which he says he killed Dr.
C. H. Nichols, superintendent of the
insane asylum at Washington in 1873.
He says he has ten or fifteen other vic-
tims, but will not plead guilty unless
he can get a death sentence. Fetzer
was arrested last week in Salt Lake and
turned over to Montana authorities,
charged with swindling the state.

ACCIDENT ON THE YANTIC.

A Gunner Blown to Atoms and Two
Others Injured.

New York, April 19.—The Herald
publishes the following special corre-
spondence from Montevideo, Uruguay:
When the United States steamship
Yantic was at stationary target prac-
tice at Chico bank, La Plata river,
about seventy-five miles southwest
from Montevideo, a sickening accident
occurred. The required shots had
been fired from the 60-pound rifle on
the forecable and the eight-inch rifle
forward. Three shots had been fired
from the nine-inch smoothbore muzzle-
loader, and only one more shot was re-
quired from this last gun to complete
a very successful target practice.

The nine-inch gun was then loaded.
On account of the narrowness of the
Yantic and the smallness of the gun
ports it is necessary for a man loading
the gun to lean out of the port, clasp-
ing one arm about the muzzle of the
gun and work the sponge and rammer
with the other arm, partly exposing
his body in front of the muzzle. The
bore had been sponged out with the
sponge, freshly dampened in the divi-
sion tub, and the charge of eleven
pounds of black powder had been ram-
med home by P. Murphy, a seaman,
assisted by O. Gormansen, another seaman,
on the other side. C. Hayden, the
coxswain, was holding his thumb on
the vent in order to prevent the air
from reaching any lighted fragments of
the previously exploded cartridge that
might have remained in the chamber.

Apparently none of the precautions
extinguished the burning bits of cloth,
for the cartridge exploded while Mur-
phy was withdrawing the rammer and
he was blown off the boat. No trace
of him was found, although boats were
instantly lowered and search made.
Gormansen lost an eye and was seri-
ously injured and one arm was broken.
Hayden's hand was badly burned, and
the upper half of the port was shat-
tered. After the accident the Yantic
returned to Montevideo.

GRANT MONUMENT.

Work on the Structure Is Practically
Completed.

New York, April 19.—Speculators
are actively canvassing the houses
along the line of the Grant monument
parade, endeavoring to secure window
privileges. In many cases entire
houses have been secured and permits
for erecting stands in front of them ob-
tained. It is estimated that the stands
to be constructed will seat at least 75,000 persons.

The Grant monument is now com-
pleted, the only work remaining to be
done being the polishing of the marble
and the brushing of the bronze doors.
The armored steel case containing Gen-
eral Grant's body will be opened so
that the coffin can be taken out.

It is officially denied that any of
the rivets which fastened the covering
of this casing were sold by workmen as
souvenirs.

The rivets were not removed, as the
workmen simply drilled through the
top of them, which was all that was
necessary to open the case. The steel
case is to be disposed of at the will of
Colonel Grant. It will probably be
destroyed.

Carlessness Caused a Death.

Chicago, April 16.—Policeman
Krafts accidentally shot and killed his
sweetheart, Miss Lottie E. Jacobs, last
night while cleaning a revolver. The
bullet entered Miss Jacobs' left arm
near the elbow, followed the bone up-
wards and pierced the heart. The woman
fell to the floor dead and Krafts, not
waiting to learn the extent of her
injuries, rushed from the house in
search of a physician. In the mean-
time the police had been notified, and
when Krafts was confronted by Captain
Barr, then for the first time he learned
that the woman was dead, and it was
all that Captain Barr could do to
prevent the man from killing him-
self. The couple were to have been
married soon.

Hit by a Spent Bullet.

Santa Fe, N. M., April 19.—Francisco
Navarro, 10 years old, is dying at a
United States Indian school from a
gunshot wound inflicted under extra-
ordinary conditions. Two miles down
the valley from the Indian school De-
puty Sheriff Alexander Allan and a
party were rabbit shooting and a stray
bullet from Allan's rifle, after cover-
ing all this distance, passed over the
three-story school building and fell
among sixty school children who were
playing on the campus. It struck the
boy Navarro below the heart.

A Priest Asphyxiated.

Reading, Penn., April 19.—Father
Phillip Berseford, rector of St. Jo-
seph's (Catholic) parish, was found
dead in bed in the parsonage adjoining
the edifice this morning. Death was
due to suffocation from illuminating
gas. His age was about 50 years. The
gas was discovered pouring from a jet
partly turned off. The supposition is
that death was the result of an acci-
dent.

Gasoline Stove Exploded.

Riverside, Cal., April 19.—Word
was received today from Corona that a
young child of a family named Fran-
cisco burned to death there through
the explosion of a gasoline stove.

JUNO SANDOVAL'S MISSION

Cubans Will Take Steps to Frustrate It.

M'KINLEY'S CUBAN POLICY.

An American Flag Was Destroyed by Spanish Soldiers in Santa Clara—Gen. Weyler's Latest Order.

Philadelphia, April 19.—A private
meeting of Cubans and Cuban sym-
patizers was held in this city today, at
which it was decided to take steps to
frustrate what the Cubans claim is the
real object of Major Luno Sandoval's
visit to this city. This is said to be
the arrest of the members of the Cuban
junta in this country. It has been
stated that Major Sandoval came to
Philadelphia to purchase munitions of
war to be shipped in the general way to
General Weyler in Cuba. Leading
Cubans, however, assert that it is to
gather information that will culminate
in the arrest of General Estrada Palma
and General Quesada in Washington.
The former is the minister of the Cuban
republic, and the latter charge d'affaires
at the capital. It is asserted that Major
Sandoval has been commissioned by
General Weyler for this express pur-
pose, and is known to have in his pos-
session documents found on the steamer
Laura on one of her trips to Cuba,
showing the parts played by Generals
Palma and Quesada in her movements.
Should the arrest of the junta lead-
ers result, and the issue be made in
court as to the liability of such a policy,
there will be a question of juris-
diction that will not only involve the
interstate commerce laws, but also ques-
tions of belligerency and the customs
comity of nations.

M'KINLEY'S CUBAN POLICY.

The War Must Be Fought on Civil- ized Lines.

New York, April 19.—A Tribune
dispatch from Washington says:
The policy of the administration in
reference to Cuba is not likely to be
criticized as was that of its predecessor
on the score of indifference to the
rights of American citizens. Secretary
Sherman will see to it that imprison-
ment of suspects entitled to the pro-
tection of the United States for an in-
definite period is no longer indulged in
by Spanish officials in Cuba. He will
even go further and make it plain to
the Spanish authorities that they can-
not, in the closing of the 19th century,
be permitted to carry on war on prin-
ciples widely divergent from modern civil-
ization. In short, notice has been
served on the Spanish government—
informally as yet, but still in unmis-
takable terms—that this government
recognizes a state of civil war on the
island of Cuba which demands a treat-
ment of prisoners taken in action by
either side somewhat different from
that which seems to have been accorded
them thus far.

The immediate cause of this notice
being served on the Spanish govern-
ment was, of course, the capture of
Cuban General Rivera and the rumor
that he would be forthwith tried by
drumhead court-martial and shot.

The president, immediately after the
news of the fate in store for the pris-
oner was received, ordered the secretary
to draw up a protest against the con-
templated action of General Weyler.
Upon second consideration, however,
the protest took a less formal shape.
Instead of being diverted to the Spanish
minister in writing, Senor de Lome was
sent for by the secretary of state and
informed as to the views of the admin-
istration in the matter. This protest,
it is assumed, was no less explicit than
that which Secretary Sherman had pre-
viously drafted. At any rate it had its
effect, for General Rivera is still living.

TORE UP AN AMERICAN FLAG.

An Outrage by Spanish Soldiers in
Santa Clara.

New York, April 19.—A Herald dis-
patch from Sagua Grande via Key West
says a report has just reached there of
an outrage perpetrated near the town
of Encircujada, by Spanish troops, who
destroyed the property owned by the
wife of the British vice-consul, Mr.
Harris, of Sagua Grande, and tore up
an American flag which the manager
of the estate, George Harris, who is an
American citizen, had draped over his
bed.

The estate of Mrs. Harris, called La
Palma, is about two miles from En-
cricujada. The troops broke open the
doors and removed articles of value.
Finding the flag in the manager's bed-
room, the soldiers carried it out with
many epithets and tore it into bits.
Being satisfied with their vengeance on
the bit of bunting, in the absence of
its owner, they departed.

The matter was reported to Mr. Har-
ris on his return, and he promptly laid
it before the British and American
consular officials in Sagua, who will
cause a thorough investigation.

It is said the Spanish assert that
they had seen insurgents leaving the
estate, but this is denied by the man-
ager. The American consul at Sagua,
his friends say, will make a full report
on the flag incident. He is Mr. Bar-
ker, one of the most vigorous American
representatives on the island.

engaged in secret revolutionary work,
passed through that town last week.

The firemen of Baker City have al-

A weekly shipment of sturgeon is be-
ing made from Huntington, and some
good-sized fish have been brought in
lately. Fish weighing between 200
and 300 pounds are not an uncommon
thing there. They are taken from
Snake river, near Old's Ferry.

A farmer of Yamhill county last
year raised four or five tons of flaxseed,
which he ground into feed after a great
deal of experimenting and adjusting of
his self-made grinder. He sold his
product at a good profit to produce
dealers and druggists of McMinnville.
The ground flaxseed sells for feed at 3
cents a pound, which is about an av-
erage return of \$40 per acre.
