TERSE TICKS FROM THE WIRES

An Interesting Collection of Items From
the New and the Old World In a
Condensed and Comprehensive Form

Four lives were lost in a tenement
house fire in Brooklyn, N. Y.

The banking firm of Behar, Koch &
Co. failed for \$65,000 in Chicago.

Fire consumed the elevator and other
property of the Iowa Elevator Company
at Peoria, Ill.; loss, \$300,000.

Lieutenant Etloff, grandson of Presi-
dent Kruger, has been acquitted of the
charge of slander against Queen Victoria.

Trainwreckers threw a switch and
wrecked a train on the Houston & Tex-
as Central and killed one man and in-
jured several.

The schooner Annie was crushed in
an ice floe off St. Johns, N. B. The
crew of twenty-five men barely escaped
with their lives.

N. Burris, Son & Co., of Norfolk,
Va., one of the most prominent and
widely known banking firms in the
South, has failed.

The insurgents against Spanish rule
in the Philippine islands are still 25-
000 strong and offering stout resistance
in the mountains.

The Hansard union of printers and
publishers in London, which collapsed
in 1891, has paid a quarter of a million
sterling of its indebtedness.

The mineowners of Leadville, Col.,
met and subscribed \$50,000 toward
draining the mines, and it is estimated
that opening the mines will put 750
men to work.

The Democratic members of the
finance committee object to reporting
the tariff bill direct to the senate.
They rely upon the Nevada senator to
secure amendments in full committee.

The French fishing vessel Valiant,
Captain Pierre, from St. Malo for Mi-
queelon, struck an iceberg on the Grand
banks, near St. John's, N. F., on the
18th inst., and almost immediately
foundered. She had seventy-three
fishermen on board, and all took to the
boats. Only one of these boats has so
far been heard from. When it left the
vessel, its complement was ten men.
Three perished from exposure and hun-
ger. The bodies of the first two were
thrown overboard, but the survivors, in
their desperation, were driven to canni-
balism, and ate the third. The boat
was picked up by a schooner. The sur-
vivors are in a shocking condition, and
are so badly frostbitten that their arms
must be amputated.

It is reported that the Oregon dele-
gation in congress has recommended
Professor H. B. Miller, president of the
state agricultural college at Corvallis,
for a diplomatic appointment to Ger-
many.

Company G, Oregon National Guard,
Allan J. Walker, captain, has been dis-
banded by order of Governor Lord.
The company's headquarters were at
Myrtle Point, Coos county. The re-
signation of Captain Walker, made
necessary by his removal from the
state, was the cause for making the or-
der.

The president has sent to congress the
report of the boundary commission ap-
pointed to locate the boundary line be-
tween Mexico and the United States,
west of the Rio Grande river. The
president's message merely transmits
the papers filed by the commission
with the state department, consisting of
printed volumes and maps.

A dispatch from Council City, Wash.,
says that while Griff Jones, Charles
Deeter and Ray Weston were rounding
up a band of young horses on lower
Crab creek, they undertook to swim the
horses, below Rocky ford, across the
stream. While crossing the horses be-
came entangled and unruly, and Jones
and Weston were thrown into the water
and drowned, while Deeter managed to
reach the shore.

Private John N. Stamm, of Walla
Walla barracks, was accidentally shot
during target practice, and it is not
possible for him to recover. Sergeant
Manes' pistol snapped while aiming
at the target. He returned to where
Stamm was standing, and was explain-
ing to him the reason why the car-
tridge failed to explode. In doing this
he pulled the trigger, and the revolver
was discharged, the bullet striking
Stamm in the groin, and passing entire-
ly through the body, perforating the
intestines, and coming out of the back.

The governors of Oregon and Wash-
ington have received copies of the call
for the annual meeting of the trans-
Mississippi congress, to be held this
year in Salt Lake City, July 14 to 18,
with a request that they designate a
number of citizens to represent the
states, including, "at least one speaker,
who will be prepared to present some
general subject in which the state is in-
terested." The objects of the congress
are to secure closer trade relations and
national legislation of benefit to states
west of the Mississippi. W. J. Bryan
has been made president of the congress.

A CO-OPERATIVE SCHEME.

Chicago Unemployed Propose to March
to Utah.

Chicago, May 3.—The Record says:
Another movement similar to that
which General Coxe organized a few
years ago, and which is designed to take
an army of unemployed men on a long
trip across the country, is being quietly
organized, and it is said that in June
it will "move," having its starting
point in this city.

It differs from that which was pro-
ductive of the famous "keep-off-the-
grass" by-term, in that it does not have
the national capital as its objective
point, and it is not designed to ask the
national government for aid for any
one. If the present plans are carried
out, when the "army" reaches the end
of its destination it will at once go to
work as a co-operative commonwealth,
and the leaders will attempt to prove
that the working people can provide for
themselves out of the abundance of the
earth without dividing the products of
their labor.

It is said that with the adjournment
of the convention of the American
Railway Union, which will meet in
this city in June, the time will have
arrived for the order to march, and it
is further said that President E. V.
Debs and other men prominent in rail-
road organizations are among the prime
movers in the scheme. Utah is to be
the haven of rest, and once there every
man will be on an equal footing with
his neighbor. There will be no city
councils to do business with when pub-
lic improvements are needed and the
people decide to make them. The
people will do this themselves.

It is said that figures have been gathered
which show that there are now
100,000 men and women out of employ-
ment in Chicago. It is not expected
that anywhere near this number will
make the trip to Utah, but it is be-
lieved by men prominent in the move-
ment that the army will move with
several thousand men, and that it will
pick up more on the way.

It is proposed to organize the co-
operative commonwealth along the same
lines as those laid down by the social-
ists, the means of production and dis-
tribution are to be the common prop-
erty of the community, and may be
used by any member thereof.

Whether the proposition will be sub-
mitted to the convention of the railroad
organization has not been decided, but
it is said that it is more than likely it
will be.

SPEED WAS TOO GREAT.

Reason Assigned by Jury for Portland
Street-Car Accident.

Portland, Or., May 3.—The coroner's
jury impaneled Wednesday to hold an
inquest over the bodies of Catherine
Baillie, Newton Hansen, W. W. Blanch-
ard and M. C. Benninger, who died
from the effects of injuries received in
the street-car accident on East Morrison
street last Tuesday, rendered a verdict
yesterday afternoon in which they
found that the accident was mainly due
to the high rate of speed traveled by
car No. 52 at the time of the accident.
An opinion was also expressed in the
verdict that the forward axle of the
front truck was broken at the reverse
curve, where the car showed indica-
tions of having first left the rails.
Much evidence was taken during the
day from both persons on the car at the
time, and from others familiar with
mechanics and the track on East Mor-
rison street.

The majority of those on the car
stated that it was traveling faster than
is permitted by the city ordinances.
One witness, Mr. Philip Flood, who
stood on the front platform with the
motorman, stated that the car was not
going faster than was customary at that
point, and that it was thoroughly un-
der the motorman's control until the
curve was reached.

CONFEDERATE MONUMENT.

Unveiled at Dallas With a Eulogy on
Jefferson Davis.

Dallas, Tex., May 3.—The Confed-
erate monument erected through the
efforts of the Daughters of the Confed-
eracy, at Dallas, was unveiled this
morning. It is of Texas granite, the
shaft being fifty feet high. At the top
of the column stands a private. At
the base on four pedestals are life-sized
statues of Jefferson Davis, R. E. Lee,
Stonewall Jackson and Sidney John-
ston.

Jefferson Davis, jr., pulled the cord
that unveiled the statue of his grand-
father. Lucy Hays did the same for
Robert Lee, and a little granddaughter
of Stonewall Jackson completed the un-
veiling by pulling the cords which re-
moved the veils from the statues of
Jackson and Johnston.

After the young ladies representing
Southern states decorated the monu-
ment with flowers, John H. Reagan,
the only surviving member of the Con-
federate cabinet, delivered a eulogy
upon President Davis.

Went Through a Bridge.

Warrenton, O., May 3.—An engine
and fourteen cars of a freight train, on
the Wheeling & Lake Erie railway,
went through a bridge near here today,
and plunged into a creek. Engineer
James Garleter was scalded to death.
Fireman Edward Munn and Brakeman
C. E. Keyser, both received broken legs
and were otherwise injured severely.

SPANIARDS WERE DEFEATED

Insurgents Won the Battle
of Purgatory Hills.

SPANISH LOSS WAS HEAVY

They Were Drawn Into Ambuscade,
Where a Withering Fire Was
Poured Upon Them From All Sides.

New York, May 3.—A Herald dis-
patch from Havana says:
The engagement which the Spanish
had with General Rodriguez in the
Purgatory hills, and which was reported
as a decisive Spanish victory, turns
out to have been the reverse.

The Spanish columns encountered
the insurgents and attacked sharply,
relying on their superior forces. The
rebels retreated toward their camp, and
succeeded in playing their old trick of
drawing the Spanish into an ambus-
cade. General Castillo arrived with
reinforcements while Rodriguez was
engaging the Spanish and fell on their
flank. The fighting lasted five hours,
and in killed, wounded and prisoners,
the Spanish lost 280 men.

News comes from Santiago de Cuba
that 200 volunteers headed by a priest
and a prominent physician have joined
the insurgents because they were dis-
satisfied with the conduct of the Span-
ish authorities, and believed that Gar-
cia would succeed in retaining his su-
premacy in the eastern province.

The situation at Banos continues to
command attention. Four cruisers and
several gunboats have been ordered
there to land a force to march on the
port in the direction of Holguin. The
rebel force in and near Banos is es-
timated at 3,000.

General Weyler came quietly back
to Havana yesterday morning after a
six week's trip to Santa Clara, during
which, if he accomplished anything
from a military standpoint, the fact has
been most effectually concealed. It
is now reported that he is going to Spain
soon, but the report is probably due to
the fact that his son sailed April 30.

It was reported last night that an in-
surgent chief of importance had been
sent to Pinar del Rio. He is believed
to have been Quintin Bandera, but the
statement lacks confirmation.

From Matanzas and other towns in
Havana, Santa Clara and Pinar del Rio
comes the news that starvation and dis-
ease are on the increase.

A Cuban Officer Captured.

New York, May 3.—A World dis-
patch from Havana says:
Advices from Sagua la Grande say
that Rafael Fernandez, adjutant on the
staff of the insurgent General Roban,
has been captured. He is an American.
He is confined in the military prison
at Sagua. His case is receiving atten-
tion at the hands of Consul Barker.

Cuban Reforms to Be Applied.

Madrid, May 3.—The queen regent,
at the cabinet meeting today, signed a
decree providing for the application of
the agreed-upon reforms for Cuba.
The action was due to the receipt of a
cable message from Captain-General
Weyler announcing the western part of
the island was pacified.

AMERICUS CLUB'S BANQUET.

Decorations Were Burned, but the
Speeches Were Made.

Pittsburg, May 3.—The eleventh an-
nual banquet of the Americus Club, in
memory of General Grant, was held
tonight, in spite of the fire in the ban-
quet hall which destroyed the decora-
tions and threatened for a time to put
a stop to the ceremonies. The club
had made great preparations for the
event, and the decorations had been at
work for several days and had adorned
the ceiling with four rows of inverted
pyramids, constructed of red, white and
blue bunting. The pyramids, several
hundred in number, entirely covered
the ceiling, and the points of them ex-
tended to within about eight feet of the
floor. An electric light was suspended
from the top of each, and a bunch of
smilax festooned from point to point.
The effect was very beautiful. The
windows were artistically draped, and
in the center of the north wall was a
life-size portrait of the hero of Appo-
mattox.

The club management wished to se-
cure a photograph of the decorated hall,
and in the attempt to secure a flash-
light picture an explosion occurred
which was followed by flames which
practically destroyed the entire decora-
tion of the hall. Men were at once put
to work to remove the debris, and the
banquet was delayed only an hour, the
dismantled condition of the room prov-
ing but a slight detraction from the
evening's enjoyment.

There were 324 diners seated at the
table, with U. S. Trent as toastmaster.

Fatal Sawmill Explosion.

Pittsburg, May 3.—A boiler explo-
sion at Alderman's sawmill in the
Kanawha valley, W. Va., last night,
killed two men and seriously injured
five. The killed are: Perry Dovers
and George Conley. The injured are:
W. Hickman, Thomas Hickman, Will-
iam Balton, William Alderman, John
McCauley. The three former will
probably die. The mill was badly
wrecked, and the loss will be heavy.

WOOL GROWERS!

....Haul Your Wool to The Dalles....

THE DALLES IS THE BEST MARKET FOR EASTERN OREGON AND
WASHINGTON WOOLS.

With an open river to the sea, The Dalles now enjoys the distinc-
tion of having the Best Competitive Freight Rates both by
land and water to all the leading markets in the United
States.

THE BUYERS CONGREGATE IN THE DALLES, and during the wool season
all the best markets in the United States are represented.

We have the largest and best equipped brick warehouse in Eastern Oregon with
a storage capacity of 80,000 square feet; consequently we are fully prepared to
handle the entire clip of Eastern Oregon and Washington.

We make liberal cash advances on consignments of wool, enabling the owner to
hold for higher prices.

We pay freight to teamsters, and furnish teamsters' receipt books on application.
We have bought a large consignment of wool sacks and fleece twine for the cur-
rent season's clip. We are prepared to furnish the same to our patrons at
actual cost.

Our brick warehouse located on the railroad track on the outskirts of the city is
not surrounded by wooden buildings and hence is not endangered in case of
fire. Nevertheless we keep all wools insured unless otherwise ordered by the
owner.

We respectfully solicit a continuance of the generous patronage we have hereto-
fore enjoyed, and we assure all those who wish to avail themselves of this
market that we give good clean service at as low a rate as any other ware-
house in this town offering the same facilities.

Mark Your Wool Sacks: Care W. W. Co.

WASCO WAREHOUSE CO.

Wild pigeons are flying along Coos
river, and the gunners are out.

Six carloads of wheat were shipped
from Eugene to Portland last week.

There is much activity in Douglas
county hayrads this year, and few, if
any, yards will go uncultivated.

In digging a well on the Warm
Springs reservation recently, George
Krause found human bones and teeth at
a depth of forty feet.

Six or eight Greeks in Astoria sold
out their nets and other fishing gear
last week, and, with the money, started
back to aid the mother country in her
struggle with Turkey.

The semiannual statement of the
financial condition of Grant county
March 31 last showed that the county's
liabilities amounted to \$138,004, and
the resources to \$87,944.

Two pairs of Mongolian pheasants
from Oregon have been turned loose in
Rockbridge county, Virginia, where
they will be carefully protected in the
effort being made to propagate them.

The firm to secure the government
work of the upper Coquille is arranging
for the commencement of the work.
The improvement will be confined
largely to points between Robert's land-
ing and Rickett's mill, or about one
mile below Myrtle Point.

Hood River has doubled the acreage
of its strawberries this spring. The
new plants will not bear this year, but
next year should have a full crop, and
this next year should furnish 1,500,000
pounds of crimson lusciousness, or 750
tons, says The Dalles Chronicle.

Dairying in Curry county is in full
blast. The number of cows has not
been decreased by the hard winter, but,
owing to the increased demand for cat-
tle and the better prices paid, more
calves will be raised and the output of
butter will probably not equal that of
last year.

The Tillamook Lumbering Company
is operating its water pipe factory night
as well as day, for the purpose of filling
an order for about 2½ miles of pipe,
which is required to extend the water
system at Kalama, in Washington. It
will require about 50,000 feet of lum-
ber. The pipe will be shipped on the
steamer Harrison.

Union county butchers are becoming
somewhat uneasy over the prospect of
securing beef cattle for this season's
business. Heretofore it has been an
easy task to secure all the beefs they
needed at any time, but the unusual de-
mand for cattle this season threatens to
change former conditions. Not only
are buyers purchasing all the salable
steers they can find, but they appear
just as eager to secure dry cows.

....SALEM....

Worsted and Woolen Mill

SALEM, OREGON.
