

THE GONDON GLOBE.

FRIDAY, MAY 21, 1897.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

Olex Explosions.

Guy Boyd slipped in and made a short visit at J W Phillips last week.

The boys are all out gathering cattle preparatory for delivery on the 23d inst.

Fred Hanna and Tobey killed over 1200 squirrels last week when finishing up pawning.

We had a delightful rain on the creek Sunday, but not as heavy as further south in the county.

There was quite a large attendance at Sunday school at Olex last Sunday. Sunday school every Sunday at 10:30 p. m.

The Rock creek dams have all got to be raised, as the creek is falling so rapidly the irrigation ditches are about all dry.

The diseased band of horses near Olex were dipped last week. Some 23 were shot, which is really the most effective way to cure them.

A pink ice cream sociable will be held in the Olex church on Friday evening of next week. All are invited to come out and have a good time.

J A Cram is putting in a fine new dam at his mill and will soon be better than ever prepared to furnish his many customers with first-class flour.

Earn Taylor has resigned his position as foreman for Wm Phillips and accepted a position with Chas Martin. John Randall is filling the vacancy at Phillips.

"Doctor" Scoggins is erecting a new blacksmith shop in Olex, and ere long a whistle will tell our people what time to get up in the morning, instead of Ayer's almanac.

Wester & Dodson started to the valley last week with a band of horses to sell. Frank Stricklin is preparing to start in a few days with some horses, also for the valley.

Grasshoppers are thicker than hops and are jeopardizing (a good word) the crops around Olex. We are pained to use the language, but there are actually enough of them to "damn" the creek.

Another car of Peacock flour arrived at Olex last week, which shows the people have not quit eating, nor do they propose to, for reports from all directions around Olex say the crop prospect is fine.

We are sorry to learn that the Moody bank of The Dalles closed. People of Gilliam county had better stay with Gilliam county's bank and help build up home institutions and business. If they get caught at home it is not so bad as away, for then they have no friends in either place.

Olex has been deluged with cattle buyers and drummers the past week. Messrs Cameron and Stubblefield of Walla Walla we understand have purchased cattle of T C Mobley, Chas Martin, Grant Wade, T Geirget and C M Walker, they received the 18th inst. The way they are being gobbled up here there will soon be no cattle left—even for seed.

Lone Rock Rumbings.

George Perry marked 80 per cent increase of his lambs.

There will be an immense crop of all kinds of fruit up here this season.

A county road machine from Fossil was headed this way last week, but has not shown up yet.

R M Johnson marked 100 per cent of his lambs, which is as good as anyone up here has done.

J W Blake delivered 7000 head of sheep here this week—3000 wethers to Harry Clay and 4000 ewes to other parties.

1/2-inch of rain fell here Sunday, doing much good to the crops, which are growing so fast that one can almost hear it.

There were several small waterspouts along the mountains last Sunday, causing streams and grass to come up with a jump.

A Heppner shearing crew is fleecing the sheep in this section at a rapid rate. The sheep are lucky if they get off with a whole skin.

Charley Frazer's team ran off the other day, causing a "compound fracture" of his wagon-tongue and scaring Charley so that none his clothes will fit him.

Wm Matlock received 225 head of cattle here last week, to be shipped from Arlington to Wyoming. Mr. Matlock will ship about 1000 head from Arlington this week.

Fishing season is once more upon us and the fish liar is again abroad in the land worse than ever. Billy Colwell caused quite a commotion among the trout the other day. He fell in.

Montana has 3,000,000 head of sheep that yield an average of 27 lbs of wool per head, says the Arlington paper. A peculiar feature about this is that there is no trash in it. The printer's foot must have slipped a few notches.

George Shields, a former resident of this place, moved back again last week with his family from the Willamette valley. He says a man can make a living here easier than anywhere in the world and that this is the best country he ever saw or expects to see.

Twenty men passed through here the other day on their way to Prineville to receive 50,000 head of sheep, which they will drive East. About the same number has been bought in this and Morrow counties to go over the trail. The price paid was \$1.50 and \$2 per head.

Look your machines over and tell Shorte Bros. your troubles. They will save you money on extras of all kinds.

The Wasco Warehouse Co. has wool sacks, fleece twine and sack twine for sale at Arlington.

JAMES W. SMITH

Desires to inform the people of Gilliam county that his business is running on full time at the old stand—Union Block, Arlington, Oregon; that the flashy, misleading newspaper advertisements and circular letters that are flooding the country have not affected his trade; but on the contrary, sales have been increasing. His many old friends and customers realize that no business man will give away something for nothing. What he loses on the "baits" he will more than doubly make up on the other goods he sells his customers. Look out for snares. One of our greatest statesmen 40 years ago truthfully said: "You can fool some of the people all of the time, and all of the people some of the time, but you can't fool all of the people all of the time."

James W. Smith's immense stock of goods will speak for him. Call and examine the largest stock of goods ever shown in Gilliam county. His stores are loaded from floor to ceiling, and as regards prices he will endeavor to keep in the "procession."

Many of the lines are bought direct from the East in large quantities for cash, which enables him to give his customers great inducements to favor him with their patronage.

He sells the Oliver Chilled plows and extras, including the New Departure two and three gangs, also the John Deere plows of all kinds, the Studebaker, Bain and Racine wagons, hacks and buggies, the Standard, Acme and McCormack mowers, reapers and hay rakes, the latest improved Pitts threshing machinery, the up-to-date old reliable Hodge steel-frame headers, Holt Bros. Combined Harvesters, Etc., Etc.

Camp and sheepmen's supplies a specialty. Highest prices paid for hides, pelts, etc.

When in Arlington call and get prices before closing deals elsewhere.

JAMES W. SMITH, ARLINGTON, - - OREGON.
