to be divided among the-----?-----of the missing word.

FINDERS is the answer.

Schilling's Best tea is not only pure but it is-----?-----because it is fresh-roasted.

What is the missing word?

Get Schilling's Best tea at your grocer's; take out the Yellow Ticket (there is one in every package); send it with your guess to address below before August 31st.

One word allowed for every yellow ticket. If your ticket (or tickets) reaches us before July 1st, you are entitled to two words for each ticket.

If only one person finds the word, he gets one thousand dollars. If several find it, the money will be divided equally among them.

Every one sending a yellow ticket will get a set of cardboard creeping babies at the end of the contest. Those sending three or more in one envelope will receive a charming 1898 calendar, no advertisement on it.

Besides this thousand dollars, we will pay \$150 each to the two persons who send in the largest number of yellow tickets in one envelope between June 15 and the end of the contest—August 31st.

Cut this out. You won't see it again for two weeks.

Address: SCHILLING'S BEST TEA SAN FRANCISCO.

## Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a congested condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the only remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore, all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

### A New Flying Machine.

A new flying machine, similar in principle to that of Lilienthal, has been devised by Herr Arthur Stenzel of Altona, Germany, says the Popular Science Monthly. It has parabolic wings in imitation of bird's wings, is driven by the power of compressed carbonic acid, and has been made to "go" when attached for safety to a guiding cable. With a force of one horse-power it has advanced three meters at each beating of the wings, of which there are one and three-tenths per second. With a horse-power and a half the machine may be made to fly free from the cable. The wings are remarkably elastic, and the inventor thinks that this is one of the factors of his success. They are made of unsoldered steel tubes and bamboo, and are covered with a specially prepared india-rubber cloth. The apparatus is directed by a rudder which is not unlike a bird's tail. As yet no passengers have been carried on the machine.

## FOR INDIAN WAR VETERANS

Pension Measure Favorably Reported.

### THE SURVIVORS MADE HAPPY

The Bill Provides for Pensioning Survivors of Oregon and Washington Wars of 1847 and 1856.

Washington, June 28.—The senate committee on pensions has reported a general bill for amending an act granting pensions to survivors of Indian wars. The bill was introduced by Senator McBride, and provides for pensioning the survivors of the Oregon and Washington wars of 1847 and 1856. Senator Gallinger, who made the report, said:

"It will be gratifying to the Indian war veterans to receive a message that this bill has been favorably reported, and that this long-delayed act of justice is in process of settlement. These veterans average 15 years older than the veterans of the late civil war, and that statement alone is sufficient to show that at least the bounty of the government can be bestowed upon them for a very brief time."

Of the Cayuse war the report says: There were 682 volunteers and no regular troops engaged.

The estimate as to Cayuse war is based upon the percentage of survivors of the Mexican war and widows of soldiers of that war, who are now alive and have pensionable service, the Cayuse war having occurred while the Mexican war was in progress.

It is shown that 12 per cent of claims filed by Mexican war survivors and 10 per cent filed by soldiers' widows have been rejected on conditions that do not enter into the Indian war act, to wit, a service of less than 60 days and age limit, etc.

Taking this estimate and computing with the American table of mortality, there should be 144 survivors and 82 widows now living.

These veterans were not mustered into the United States service, but under a subsequent act of congress the state of Oregon was reimbursed for their service by the United States.

The following is what the report says of the Oregon and Washington territory wars:

The war department reports that 850 regulars were engaged, and the auditor for the war department 6,397 militia. Of the regulars probably 75 per cent, or 637, served in the Mexican war and other wars, leaving 213, and of the militia 20 per cent, or 1,276, served in other wars or rendered more than one service in the Oregon and Washington territory wars, leaving 5,103 militia; a total of regulars and militia of 5,316. Of this number deduct 6 per cent, or 319, for desertion and casualties, which would leave 4,997 survivors at close of the wars.

From an examination of a number of claims it appears that these survivors should now be 65½ years of age, and from the American table of mortality 48 per cent, or 2,399, are now living.

The number of widows is based upon the percentage of widows of Mexican war soldiers who are living, which would show 1,340 widows of soldiers of Oregon and Washington territory disturbances living.

### THE CUBAN ELECTION.

Cuban Exiles in America May Vote for Representatives.

New York, June 28.—Cubans who live in the United States, and have been contributing toward the expenses of the war, are to have a voice in the direction of affairs of the young republic, whose constitutional assembly is to meet at Camaguey September 2. There will be a general election of members of the assembly before long throughout those parts of Cuba where the insurgents are strong enough to hold one, and it has been decided that representatives may be elected by Cubans in the United States.

Orders will be issued containing all details as to polling the vote, etc. Every Cuban above 16 years old who two months previous to the election has contributed a certain amount to the cause of the patriots will be entitled to vote. As to the nominations, they are not yet made.

The local junta is issuing a fine souvenir coin to commemorate the struggle. It is the same size as the United States dollar, and contains the same amount of silver. This coin will be sent to different bankers in this city who are in sympathy with the cause, and any customer who is willing to accept one for \$1 will get it.

**Killed in a Railroad Mine.**  
Los Angeles, June 28.—Manager Jack Williams, of the Columbia opera company, who is now in this city, received a telegram from Frank Curtis, a member of the company, now at Roseland, B. C., which states that Curtis' wife, who also was a member of the company, and known on the stage as Pauline Williams, was killed in a mine shaft at Roseland. The couple were married in San Francisco two weeks ago, and were on their wedding trip. The identity of the girl is not known, even to her husband, who asks Williams for information.

**Beginnings of a Revolution.**  
Madrid, June 28.—Disturbances have taken place at Oviedo, capital of the Spanish province of that name. The gendarmes who were detailed to suppress the disorders fired upon the rioters, killing two workmen and wounding five others. A renewal of the disturbance is feared.

**Mitchell Sails for Europe.**  
Washington, June 28.—Ex-Senator Mitchell has sailed for France and will return with Mrs. Mitchell.

## WEEKLY MARKET LETTER.

Downing, Hopkins & Company's Review of Trade.

There were a number of considerations in the wheat market to unsettle the ideas of traders. The uneasiness over the July deal on account of the small stocks has been one of the factors. It was started by the discovery that trades in July would not settle with one of the prominent elevator concerns, and the conclusion was at once reached that this concern had bought enough July wheat to develop an interesting situation with local contract stocks of wheat so abnormally low. Not only are local stocks and the American visible away below last year's level, but the recent decreases have each week been greater than expected. On account of the good cash trade the local out inspection has been heavy, and each week a large percentage of the local stock is moved out. The position taken by the board of trade directory on the elevator question was inclined to add to the uneasiness regarding the possibility of a July squeeze.

Among the minor considerations have been the changes in the weather, the reports of locusts in the Northwest, the good spring wheat flour trade. In a general way the market has been unsettled and easily influenced in either direction by a comparatively small volume of trade.

## Power for Electric Cars.

The directors of the Hanover (Germany) tramway system have published an important report, in which they narrate their experiences with accumulators as the source of the power for their cars. In Hanover both overhead wires and accumulators have been used for a considerable time, so that the managers are in a position to institute a reliable comparison. Taking everything into account, they pronounce in favor of the storage cell. The cost of maintenance they say has been determined with the utmost exactitude possible for the year 1896, and the managers reach the conclusion that the additional cost of accumulators does not exceed one groschen, or .3 of a cent per mile. Consequently, it has been decided that the entire system shall, as soon as the requisite arrangements can be made, be driven by secondary batteries.

### A STOUT BACKBONE.

Is as essential to physical health as to political consistency. For weakness of the back, rheumatism, and disorders of the kidneys, the tonic and dietetic action of Hostetter's Stomach Bitters is the one thing needed. The stomach is the mainstay of every other organ, and by invigorating the digestion with this preparation, the spinal column, and all its dependencies, are sympathetically strengthened. The dyspeptic and bilious will find it a pure vegetable stimulant and tonic.

Scientists say that the atmosphere surrounding the globe is gradually diminishing, and that in the course of a few thousand, or perhaps a few hundred of thousands of years, the supply will be exhausted.

### AN OPEN LETTER TO MOTHERS.

We are asserting in the courts our right to the exclusive use of the word "CASTORIA," and "FITCHER'S CASTORIA," as our Trade Mark. I, Dr. Samuel Fitcher, of Hyannis, Massachusetts, was the originator of "FITCHER'S CASTORIA," the same that has borne and does now bear the facsimile signature of CHAS. H. FLETCHER on every wrapper. This is the original "FITCHER'S CASTORIA," which has been used in the homes of the mothers of America for over thirty years. Look carefully at the wrapper and see that it is the kind you have always bought, and that the signature of CHAS. H. FLETCHER on the wrapper. No one has authority from me to use my name except The Centaur Company of which CHAS. H. Fitcher is President.

### DRUNKARDS CAN BE SAVED

The craving for drink is a disease, a marvelous cure for which has been discovered called "Anti-Jac," which makes the inebriate lose all taste for strong drink without knowing why, as it can be given secretly in tea, coffee, soup and the like. If "Anti-Jac" is not kept by your druggist send one dollar to the Renova Chemical Co., 26 Broadway, New York, and it will be sent postpaid, in plain wrapper, with full directions how to use secretly. Information mailed free.

### Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75¢ per bottle. Hall's Family Pills are the best.

## A LETTER TO WOMEN.

A few words from Mrs. Smith, of Philadelphia, will certainly corroborate the claim that Lydia E. Pinkham's Vegetable Compound is woman's ever reliable friend.

"I cannot praise Lydia E. Pinkham's Vegetable Compound too highly."

"For nine weeks I was in bed suffering with inflammation and congestion of the ovaries. I had a discharge all the time. When lying down all the time, I felt quite comfortable; but as soon as I would put my feet on the floor, the pains would come back."

"Every one thought it was impossible for me to get well. I was paying \$1 per day for doctor's visits and 75 cents a day for medicine. I made up my mind to try Mrs. Pinkham's Vegetable Compound. It has effected a complete cure for me, and I have all the faith in the world in it!"—MRS. JENNIE L. SMITH, No. 324 Kauffman St., Philadelphia, Pa.

## Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th Street, St. Louis, was given the usual mercurial treatment for contagious blood poison. He was twice pronounced cured, but the disease returned each time, he was seized with rheumatic pains, and red lumps and sores covered his body.

"I was in a horrible fix," he says, "and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment did me no good."

whatever. I was stiff and full of pains, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I would soon have been a complete wreck but for S. S. S."

S. S. S., (guaranteed purely vegetable)

is the only cure for real blood diseases. The mercurial treatment of the doctors always does more harm than good. Beware of mercury!
