

THE CONDON GLOBE.

FRIDAY, SEPTEMBER 10, 1897.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

Arlington Items.

Miss Effie Fram, formerly in the post-office here, is now assisting in the office work for S. G. Hawson.

We are pleased to state that Charley Ward is getting along nicely since he had his foot amputated, and will be out in a few days.

We notice A. J. Corhan flying 'round with a new hack this week. He seems justly proud of it, and well he may, for it's a la la.

Deputy Sheriff Johnson was in our midst this week. As we are on the very verge of prosperity the sheriff's visit is a quandary to us.

The recent rains have made it very bad for our thrasher men, and a good many of them have broke down on account of the wet grain.

Miss Maud Johnson returned to her home at Blalock last Saturday. She has been spending the summer with her friends here. H— looks very lonely since she left.

We are pleased to announce that Rev. G. W. Barnhart was re-appointed to this place. Rev. Barnhart has many friends here and we are glad to keep him with us.

It makes us smile to look over the "Record." If we only had a few more business firms in Arlington to put a few more locals in its columns we would no doubt have a very spicy paper "nit."

Business at this place is getting better every day. The most important change this week is that of C. S. Wenner & Son, they having sold out their entire stock of general merchandise to Messrs. Sharrard & Toby, of this place. We regret very much to have Mr. Wenner leave us, as we understand that he will go to North Yakima from here next spring, and will take his chances with the Klondike expedition. We wish success to the new firm.

Att'y Dubins, who was here during Att'y Gurley's absence this summer, has decided to locate here. Himself and wife arrived from Portland last week. He will enter into partnership with Att'y Gurley. Both men being well qualified their success is assured.

E. W. Daggett has retired from the principalship of our school here and will be with J. W. Smith. W. R. Neal, an experienced teacher from Goldendale, will fill Mr. Daggett's place. Henry Cress, a graduate of the Normal School at Monmouth, will take the intermediate department, and Miss Mollie Hurlburt will take charge of the primary department. We predict a good school this winter, and parties living in the country should not fail to take advantage of same and send in their children.

Olex Explosions.

Frank Marvel has rented the Redford farm, on Willow creek.

W. J. Kirkland went to Fossil last week where he will embark in the blacksmithing business.

Ernest Taylor is learning the blacksmith trade at Olex, and is getting to be a first-class workman.

W. S. Teesterman lost a valuable horse in Arlington last week. The horse was sick but a few hours and died in great agony.

Too much Condon "bug juice" tangled up some threshing crews in this vicinity last week, and as a result several optics are in mourning.

It is about time that the directors of School Dist. No. 6 took steps for the fall term of school. The children in this district need schooling badly, and, as many of the residents are not able to send their children to Arlington for schooling, it seems a shame to shut them out while there is public money enough in the district for three months' school at least.

The largest and neatest stock of goods ever seen in Olex have just arrived, and the public are invited to call and look them over. A fine and complete line of Children's Gents' and Misses' clothing, and the finest assortment of Dry Goods ever seen in the country. Furnishing Goods for Ladies and Children, and all marked at hard times prices—which is as low as the same goods can be purchased anywhere in the country. Now ladies and gentlemen, while you have plenty of money on hand, do not forget the Olex store—which has stood by you through prosperity and adversity for the past six years; for the time may come when you will again need assistance. You may not know it, but you can now buy many lines of goods at cost to the merchant and it all comes from competition, so drop in at Olex store and inquire for prices just for business.

Good tea, coffee, soda, baking powder, flavoring extracts and spices are within your reach. Get Schilling's Best of your grocer and your money back if you don't like them.

JAMES W. SMITH

Desires to inform the people of Gilliam county that his business is running on full time at the old stand—Union Block, Arlington, Oregon; that the flashy, misleading newspaper advertisements and circular letters that are flooding the country have not affected his trade; but on the contrary, sales have been increasing. His many old friends and customers realize that no business man will give away something for nothing. What he loses on the "bait" he will more than doubly make up on the other goods he sells his customers. Look out for snare. One of our greatest statesmen 40 years ago truthfully said: "You can fool some of the people all of the time, and all of the people some of the time, but you can't fool all of the people all of the time."

James W. Smith's immense stock of goods will speak for him. Call and examine the largest stock of goods ever shown in Gilliam county. His stores are loaded from floor to ceiling, and as regards prices he will endeavor to keep in the "procession."

Many of the lines are bought direct from the East in large quantities for cash, which enables him to give his customers great inducements to favor him with their patronage.

He sells the Oliver Chilled plows and extras, including the New Departure two and three gangs, also the John Deere plows of all kinds, the Studebaker, Bain and Racine wagons, hacks and buggies, the Standard, Acme and McCormack mowers, reapers and hay rakes, the latest improved Pitts threshing machinery, the up-to-date old reliable Hodge steel-frame headers, Holt Bros. Combined Harvesters, Etc., Etc.

Camp and sheepmen's supplies a specialty. Highest prices paid for hides, pelts, etc.

When in Arlington call and get prices before closing deals elsewhere.
