

THE CONDON GLOBE.

FRIDAY, NOVEMBER 5, 1897.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

It is a fact known the world over that all successful newspapers have enemies. In fact, it wouldn't be much of a paper that didn't have. Even the GLOBE is no exception. And it is also a well-known fact that no successful business man or man of principle is ever found fighting his home paper. A successful business man usually has all he can do in attending to his own business. In 99 cases out of 100, those who go out of their way to try to injure their home paper are complete wrecks and failures themselves, and it is an eye-sore for them to see any one else succeed in business. Nothing in the world is more contemptible than such envy and jealousy. And nothing is more fatal to a town's interests than for such a condition to exist. We regret, for the town's sake, that there are several parties in Condon who, instead of trying to build up business for themselves and thus become useful citizens to the town, appear to have lost all ambition for anything but to try to injure the GLOBE and other old enterprises here—that were here and doing all in their power to build up the town and county before these sore-heads came to the town, and before some of them even came over to this country. If these parties (it would hardly be proper to call some of them citizens) would devote even 1/2 the energy to trying to build up the town that they do in denouncing their home paper and other old and useful enterprises that have assisted in building up the town, the town would be double the size it is. Very few, if any, of these parties alluded to have any property interests in the town or pay any taxes. We leave it to the public to judge if the same can be said of the GLOBE. Yet these are the same parties who, in their mad desire to try to injure this paper, are trying to encourage another paper to be established here—in a field that they know is not large enough for one paper, let alone two. As proof of this we call attention to the Condon advertisements in the GLOBE, and all of the business men here who have or do any business are now represented in its columns. But the GLOBE was here first, and it is here to stay—and that is no josh "eyether." If another paper can stand it, so can the GLOBE. As a rule, any business founded on petty spite work is short-lived. But we do not believe that any man capable of running a paper successfully would be foolish enough to establish another paper here, when there are already three papers in the county, with a population of only 3000. It is considerable satisfaction to us to know that the GLOBE's patrons and all those whose opinions are worth anything, are perfectly satisfied with the GLOBE as a newspaper. Generally the class of fellows who are small enough to try to injure their home paper, belong to an element that have no influence with the better class of citizens, and the more they work against a paper the better it pays. That has been our experience.

Lone Rock Rumbblings.

Mr Ham's fine new veranda and wood shed is a great improvement to his residence property.

Sunday school and prayer meeting was resumed last week, after a suspension of several months.

The erection of a county bridge across Rock creek will begin next week. The lumber is being hauled this week.

Mrs Kate Russell of Matney was in our burg the first of the week and purchased 430 head of wether lambs, for which she paid \$710.

The gentle rain shower of Tuesday was gladly welcomed by the stock owners of this section, as the grass had become so dry and short that cattle have begun to fall off in flesh at a rapid rate.

Our church people have a new preacher, Rev Clark, who has been appointed to this place for the ensuing year. Already about \$300 has been subscribed with which to build a parsonage.

The pleasure-loving people about here are arranging for a big blowout at Lone Rock on Thanksgiving, which is only right, as it looks unreasonable to leave the home town and go long distances to gatherings when they can have a great deal better time at home, and besides it keeps the money at home where it does the most good.

Dr. E. H. Griffin, a life-long reader of the GLOBE, passed through town this week on his way home to Arlington from a couple of months' stay with friends in the Lone Rock country. He brought along for exhibit a few of the finest and largest potatoes, raised on Abe Luelling's ranch on Matney Flat without irrigation, that we have ever seen. The aged dentist is afflicted a little also with the gold fever and may conclude to go to Alaska next spring. His health is remarkably good for a man of his age (past 78) and appears to have more vitality than most men of 50 years. He did several days' dental work here before leaving.

NON-ALCOHOLIC.

No man who lives on meat was ever known to lick his wife, or ask for a divorce. A vegetable diet woman is as cold and clammy as a turnip. If you want your girl to have rosy cheeks and vitality in her motion, feed her on beef steak with occasional doses of Dr. Hawson's Tonic Bitters. Sold everywhere.

The Place to Get It Fixed.

If your clock, watch or jewelry needs cleaning or repairing, the best and cheapest place in Eastern Oregon to have the work done is at Bob Watkins' shop at Arlington, one door above the postoffice. He is a thorough, competent jeweler and guarantees all his work. Give him a trial and be convinced.

J. P. Thomas, the Olex blacksmith, has a number of extra good new wheat racks which he will sell very cheap if applied for soon.

The present managers of the Butte Creek saw mill (Messrs. Hendricks & Steiwer, with T. L. Stewart foreman at the mill) are endeavoring to get out 500,000 feet of lumber this fall for the coming spring trade. They now have most all kinds of seasoned lumber for the fall trade. Their prices and quality of lumber, and good roads, are bringing them an immense trade. The mill is running at its full capacity, averaging about 15,000 feet daily.

There is no danger of anybody being troubled with dyspepsia, sour stomach, nightmares or ill temper who uses Fossil flour. Nothing ruins the health so quickly and surely as bad bread, and nothing creates so much harmony and cheerfulness in a family as good, light bread and biscuits, "the kind your mother baked." The only way to accomplish this is to use Fossil flour—the best and cheapest in the world.

FOR SALE.—I have for sale several well-improved ranches, situated in Gilliam county, Or. Parties wishing to purchase a good ranch on reasonable terms, are respectfully invited to call at the National Bank in Arlington and see me before purchasing elsewhere. F. T. Hurlbert, Arlington, Or.

Look your machines over and tell Shurtz Bros. your troubles. They will save you money on extras of all kinds.

A fine pool and billiard parlor in connection. Drop in and see for yourselves. The finest line of "wet goods" in the city.

To The Public.

I have taken charge of the old Dodson livery stables in Arlington and hope my friends from everywhere will remember me when they come to town. My rates are very moderate and the very best care is taken of stock left in my care. Give me a chance. J. F. THOMAS.

CONDON BLACKSMITH SHOP

G. S. CLARK, Proprietor.

GENERAL BLACKSMITHING AND WOOD WORK.

The Only First-class Blacksmith and Horseshoer in the County. MAIN STREET, CONDON, OREGON.

JAMES W. SMITH

Desires to inform the people of Gilliam county that his business is running on full time at the old stand—Union Block, Arlington, Oregon; that the flashy, misleading newspaper advertisements and circular letters that are flooding the country have not affected his trade; but on the contrary, sales have been increasing. His many old friends and customers realize that no business man will give away something for nothing. What he loses on the "baits" he will more than doubly make up on the other goods he sells his customers. Look out for snares. One of our greatest statesmen 40 years ago truthfully said: "You can fool some of the people all of the time, and all of the people some of the time, but you can't fool all of the people all of the time."

James W. Smith's immense stock of goods will speak for him. Call and examine the largest stock of goods ever shown in Gilliam county. His stores are loaded from floor to ceiling, and as regards prices he will endeavor to keep in the "procession."

Many of the lines are bought direct from the East in large quantities for cash, which enables him to give his customers great inducements to favor him with their patronage.

He sells the Oliver Chilled plows and extras, including the New Departure two and three gangs, also the John Deere plows of all kinds, the Studebaker, Bain and Racine wagons, hacks and buggies, the Standard, Acme and McCormack mowers, reapers and hay rakes, the latest improved Pitts thrashing machinery, the up-to-date old reliable Hodge steel-frame headers, Holt Bros. Combined Harvesters, Etc., Etc.

Camp and sheepmen's supplies a specialty. Highest prices paid for hides, pelts, etc.

When in Arlington call and get prices before closing deals elsewhere.
