## GLOBOSITIES.

Ed Portwood and wife visited their relatives at Arlington several days this week.

The cold snap of the last week was knocked in the head yesterday by the appearance of a chinook.

Oscar and Tom Portwood went to Arlington today to visit their sister, Mrs. John Stephens, who is very sick.

Myrtle Downer of Rock creek is staying at the home of her aunt, Mrs. E. A. May, and attending our school this winter.

The Weston Leader says that Jim Braesfield won a valuable gold watch that was raffled off in that place a few days ago.

A large number of young folks enjoyed a pleasant dance at the home of Mr. and Mrs. Arthur Myers in Ferry Canyon Friday night.

Joseph Adams, of England, declared his intention before the clerk last week to become a citizen, and filed on a Hd. near Scott's canyon, below Clem.

Wm. E. Rinehart, oldest son of Mr. and Mrs. G. W. Rinehart of Condon, has moved with his family to Skagway, Alaska, where he will go into business.

Richard and M. L. Tatom, of Polk county, are employed at the great Treadwell mine, near Juneau, Alaska, the first named being fireman.—Dallas Itemizer.

A big 10-lb boy was born to Mr. and Mrs. Frank Downer on Rock creek on Jan. 26th. The little fellow will please excuse us for not noting his arrival sooner.

Miss Grace Fitzwater of Condon, Jas. Larch of Clem and John Hanley of Matney Flat all made final proof on their homesteads Saturday before the county clerk.

George and Harve Blake and their wives purchased about 1000 acres of lieu land, lying 7 or 8 miles east of Condon, last Saturday. The land is to be used for sheep range.

At the special school meeting here Saturday, a 6-mill tax was voted for school purposes. Not a great deal of interest was taken in the meeting, only 15 having attended.

Mrs. Houser, wife of U. S. Marshal Zoeth Houser, died Saturday night at Pendleton, of paralysis. Nelson Jones of Heppner, the wealthy sheepman, died Saturday night also.

We notice the name of Wm. Dyer among the list of passengers who sailed for Alaska from Portland last week. Whether or not this was our Wm. Dyer of Mayville we are unable to say.

Elmer Angell formerly of Eugene, is in Seattle preparing to leave for Skagway, where he already has a position awaiting him.—Guard. [We presume this is a brother of our Geo. Angell.]

Charley Richmond informs us that three families from The Dalles are coming out to locate in this section in the spring. Let them come; there is room here for hundreds of other good citizens.

Elgin Myers and Wayne Grider will give another grand ball in the Armory hall at Condon on Monday evening, Feb. 14th. Good music and order is guaranteed, and a large crowd is expected out.

John Knox last week bought Geo. Tatom's Hd. right, adjoining his place on the north 1/2 mile east of town. John is a rustler, and being always at work, has no occasion to complain of hard times.

Miss Nellie Connolly entertained a number of her friends last Monday evening, the occasion being her birthday. The evening was pleasantly spent in games, music and singing.—Portland Dispatch.

Wm. Meek went over to Morrow county this week to look after his gold mine, fifteen miles south of Heppner, that he filed on last fall. Some old miners think there is lots of the yellow metal in the hills over there.

Billy Colwell of Arlington and his mother, Mrs. A. Harlie, stopped at the home of their friends, Al Henshaw and family, in Condon one night last week while on their way to her home on Trailfork. Mr. Colwell stopped in town again last night, on his return home.

Don't fail to attend the basket social at the Armory hall on Saturday evening of this week. A large crowd will be present, and more fun than you can shake a stick at. The baskets will be sold at 50c each, by G. L. Neale. No coffee will be served.

A large number of their friends and relatives tendered Mr. and Mrs. R. E. Summers a delightful surprise party at their home on Matney Flat on the night of the 10th inst., in honor of their first year's wedding anniversary. Dancing, music and games were the order of the evening.

Tom Johnson's large 8x11-foot well in front of his livery stable was finished, at a depth of 18 feet. Two very strong veins of water were struck, allowing water to run in at the rate of 3000 gallons a day. He will have a windmill erected over it, and perhaps run pipes to his residence.

## ARLINGTON GEMS.

Supt. Daggett will hold teachers' examination at Condon, beginning Feb 9th.

We notice that R T Cox was elected one of the directors of the Pendleton Savings Bank, election of which was held last Wednesday.

George Washington Montague, agent for the Singer sewing machine, made a trip up through Morrow county last week. They say G. W. is a rattling good agent.

The ten-pound guess-candle at Geo. Miller's store in Arlington burned out on Thursday evening, Jan. 20th. The time consumed in burning was 230 hours and 45 minutes. The winning guess, 240 hours, was made by Mrs Clayton Shane, near this place, the prize awarded her being \$5 in mdse. The guesses ranged from 11 1/2 to 720 hours, and much interest was manifested in the contest.

Albert Carnine, who had been in the employ of W L Barker near Condon for several years, arrived here last week with a brand new wife, whose maiden name was Miss Rogers, whom he married at her home in Cowlitz county, Wash., on Jan. 12th. The groom has rented the J W Smith farm of 2000 acres on Shuttler Flat, where they now reside. Their many friends wish them much joy. His brother Robert came up with him also from their old home in Cowlitz county.

Henry W. Hartman, who lives near Condon, met with a considerable loss at this place Saturday night. He was returning from a business trip to California, and on arriving here he immediately took his trunk out of the baggage-room and left it in front of the depot. After carrying his valises to the hotel, he returned with a pushcart for his trunk, but found, to his dismay, that it was missing. City Marshal Carlisle was notified and a vigorous search was instituted, which resulted in the trunk being found about 200 yards west of the depot. It had been broken open, and the thieves, with their booty, had fled. Mr. Hartman says about \$100 worth of new clothing and silverware were in the trunk, all of which was taken. There is no doubt that the thieves were hobos, who will try to pawn the silverware as soon as they deem it safe. City Marshal Carlisle is searching diligently for the thieves, and it is hardly possible that they will make good their escape.

The Bank of Goldendale went out of business last week, and posted conspicuously on the front door the following notice to depositors: "The management of this institution, having decided to retire from the banking business, hereby gives notice to all local depositors to call at the side door and withdraw their deposits in full and without delay. Dated Jan. 20, 1908."

The First National bank was started about ten years ago, and in 1896 went into voluntary liquidation and was succeeded by the Bank of Goldendale. The retiring of the present bank leaves Klickitat county without a bank, which is regretted by many business men. It is sure to increase the business of our Arlington bank. "It is an ill wind that blows no one good."

## FOSSIL FLASHES.

Wm Higgins of Thirtymile is very sick with something like quincy.

Wayne Hamilton and N B Hastain are among the Globe's new subscribers here this week.

Most of the stock in this section are being fed, but hay is scarce and sells at Klondike prices.

Carl N Wagner of Wagner is in town and reports some five inches of snow in the Haystack valley.

Z T Keyes left Wednesday for Crook county to look after his sheep, of which he has several bands.

The noted race horse "Steamboat Bill" is wintering in the Haystack valley preparatory for the early spring races.

Geo. B. Tedrowe, who formerly ran a saloon at Fossil and Heppner, is now in the same business at the new mining town of Sumpter, Baker county.

Jas Morrow of Cottonwood started Tuesday for Dyes, Alaska. He says he doesn't intend going farther than Lake Bennett, where he will build boats.

Charles Colby of Burnt Ranch, Crook county, has just arrived from the mouth of Thirtymile, where he had been trying to make a deal with R E Graham for his fine river ranch.

N B Hastain says no one here is better able to judge the quality of the "tenderloin" he took to Mitchell last week than is the writer who called attention to it in the paper, who sampled a slice of it.

A good many hogs have been butchered in this neighborhood lately. They get so fat over here that they have to be prodded with a sharp stick to hear which end the squeal comes out of, so as to know where to shoot them.

E A Crawford and E I French of Mayville will also join the army of gold hunters in Alaska this spring. They propose to go in by way of Spokane with pack horses and do some prospecting on some of the unprospected streams between there and Klondike.

If all who are talking of going to Alaska this spring go, there will hardly be enough men left to take care of the women and children. And if I don't miss my guess, many of them will return so poor that they will not be able to cross a free bridge, and so thin that they can't tell a backache from a bellyache.

Charley Clarno has leased his place on the John Day river, including the ferry boat, to Frank Malone for one year. If at the end of this time Mr Malone wants to retain it at the price of the first year, \$300, he can do so for two years longer. Then if Mr Malone wants to buy it he has first chance for \$1500. Charley has been there a long time and been a very courteous public servant, and many of his old friends will miss him, but Mr Malone is also a good man and is deserving of success.

## OLEX EXPLOSIONS.

J E Reynolds is in the county looking for cattle to purchase.

Prof. Nott made a business trip up to Gilliam's capital last Saturday.

The dance to have been given at Locust Grove was changed to Feb 1st. Geo Smith floor manager, Jess Lewis supervisor.

There was a very enjoyable surprise party given at the home of C H Reis last week, the occasion being Mrs Peck's birthday.

A lot of Olex bloods and their huxiduxies took a sleigh ride to Geo Smith's last Sunday night. Two sleighs got badly demolished.

Don't forget the sociable at the church this Friday evening. This is for the benefit of our school and should be patronized by all.

Wanted—100 lbs. of good lard. Inquire at Maddock's hotel.

Judge Bradshaw has gone to Portland to visit his father-in-law, Dr. Littlefield, who has just returned from Skagway.

J H Putnam of Fossil has ordered direct from the factory a carload of Mitchell wagons, which will be here for the early spring trade.

Charles McAllister, a prominent wool grower of Croy, was in the city Saturday and has gone to Portland on a business trip.—Times-Mountaineer.

The republicans of Condon and vicinity are billed for a business meeting to be held on Saturday, Jan. 29th, at 2 o'clock p. m. The object of the meeting is the annual election of officers and for the election of delegates to the State Rep. League. The meeting will be held in H. B. Hendricks' law office.

There is no danger of anybody being troubled with dyspepsia, sour stomach, nightmares or ill temper who uses Fossil flour. Nothing ruins the health so quickly and surely as bad bread, and nothing creates so much harmony and cheerfulness in a family as good, light bread and biscuits, "the kind your mother baked." The only way to accomplish this is to use Fossil flour—the best and cheapest in the world.
