Hawson, of Arlington was reported dangerously ill last week. James Dunn made a business trip to the Rock creek section last Friday. Mrs. J. F. George Gibbons, of near Mayville, was on our streets last Sunday. Our merchants are getting in new goods almost every day lately. A number of our citizens are preparing to put out fruit trees this spring. G. L. Rinehart has been on the sick list for several days past. Sheriff Wilson transacted business at Arlington last Saturday and Sunday. T. G. Earhart visited relatives and friends in the Lone Rock country this week. Employers who are in need of men, or men seeking employment, should call at the Delmonico restaurant, Condon.

Myron Clarke is having a well sunk on his property. Billy Livingston is doing the work. Boss Monday morning, Feb. 28, 1898, to the wife of E. R. Cornett, of Matney Flat, an 11 pound son. J. M. Cornett, of Matney Flat, informs us that he has already made some garden. Great climate this. Frank White, who lives with his grand father, Wilkinson White, on Trallorf, has been seriously ill lately. G. W. Rinehart took a run down to Arlington Thursday, returning on Saturday. The Delmonico restaurant will not give a midnight supper for the ball Friday evening. Dunn Book has taken advertising space in the Globe which will be well worth watching next week. J. A. Richmond was in town last Saturday and while here had his name placed on the Globe subscription list. Miss Laura Jones has purchased the plant of the North Douglas Watchman and is now proprietor as well as editor of that publication. Fifty-two doses of the Globe—only cost you \$1.50—warranted to cure any case of want-to-leave-the-country fever. Try a year's subscription. Don't forget the ball at Armory hall Friday night, March 4th. Elgin Myers and Wayne Grider are giving it, and they guarantee a good time. Take your partner and enjoy yourself. Today, tomorrow or the very first time you are in town will be a splendid time to subscribe or renew your subscription to the Globe. Only \$1.50 per year if paid in advance.

J. A. Kiser, who has charge of the road work from Thirty Mile creek to the river, started on last Saturday, on his spring campaign. He will begin work in the vicinity of Bialock. The past few days have been so warm and spring-like it has caused the grass on the range to take a sudden start, and soon the town cows will be able to get a charge of diet. Mrs. Jas. Campbell, who spent the winter at Wm. Campbell's place three miles north of town, started this week for her home at Aurora, Ill. Her husband will remain here with his brother. There will be no preaching next Sunday, as the pastor, Roy Burr, will be in the country looking after other needy fields. Preaching one week from Sunday, morning and evening. Everybody invited. The closing exercises of the Condon public school will take place at the school house on Friday evening, March 4th, at seven o'clock. All friends and patrons of the school are invited to the present. Marshal Anderson and wife now occupy the residence just back of the Delmonico restaurant. They will rent another home more conveniently located, as soon as school closes, when there will probably be some vacant houses for rent. Messrs. French, Knox, Stevens, Gilman, Zachary, Bernard and Sancey, well known cattlemen of the Thirty Mile district, have sold their steers to an eastern buyer at \$20, \$25 and \$30, for one, two and three-year-olds. Mr. and Mrs. Van Glarson, who live at August Beckamp's place in Ferry Canyon, brought their little 18 months old boy to town last Thursday to consult a physician. The child was seriously ill from an attack of tonsillitis. Clarence Dapois, an employee of the woollen mill at Pendleton, met with a horrible death Wednesday night by being wound around a rapidly revolving shaft in the mill. He was 22 years old and leaves a wife and one child. F. H. Merrill, of North Dakota was in this vicinity last week buying sheep to ship to his state. He secured about 5000 head of mixed ewes and wethers for which he paid \$3 per head. Geo. Perry of Lone Rock assisted him in buying.

Joseph Frizzell, an administrator of the estate of John Morman, deceased, on last Saturday sold 1450 head of stock sheep, and some other personal property at the A. A. Carother ranch on Rock creek. S. B. Barker of this place bought the sheep, the price paid being \$1.50 per head. A double service was held at the church on Sunday evening. Rev. W. H. Barr dividing his time with Rev. A. B. Moore, of Montana, who is visiting relatives in this neighborhood at present. Both gentlemen spoke entertainingly and held the undivided attention of the congregation. Mr. J. Hartman, who lives a couple of miles out of town, enjoys the distinction of being the first subscriber to deposit the amount of a year's subscription with the new editor. Mr. Hartman is one of

ARLINGTON GEMS.

Frank Aldrich is having one of Parrot's beautiful plants put in at his bowling alley. Presenting Attorney Jayne of this district spent several days here the first of the week on business. R. H. Robinson and Joel Pound have bought a job printing outfit at The Dalles, which they will put in at this place. They may also start a paper here in a few weeks. There are more improvements being made here this spring than for several years. It is only a matter of time when Arlington will be the best town in Eastern Oregon. Our marshal caught a hobo giving whiskey to an Indian last week. It is needless to say that he gathered the hobo in and turned him over to Deputy U. S. Marshal Carlisle, who took him to Portland Monday. The postoffice at Bialock was broken into one night last week and several articles stolen. The next day two men were arrested at Waco charged with the crime, and were brought to this place for a hearing, which was given them Monday. U. S. Marshal Carlisle took them in charge. Ligh Hendricks and Henry Wilkins had a law suit here last week over an old account. Hendricks was plaintiff and had A. A. Jayne of The Dalles to handle his case, Gurley & Tolboys representing the defense. Hendricks won the suit which was tried by a jury before Judge Ehl.

Two men were arrested here Monday charged with cutting the hose that connects the air brakes to the engine on one of the O. R. & N. Co.'s trains while standing at Arlington last Sunday night. It appears that the hobo has taken a menial streak lately. Probably they are mad because this good weather has not so long, as people do not feel like looking them in good weather. The Farmers' Institute held here on Feb. 28th and March 1st was a grand success. Several very fine speeches were made in the interest of good farming. P. S. Fargo told us why he could not always make weather to suit all of us at the same time, and also told us the advantage Oregon has over nearly every state in the Union in regard to its perfect weather conditions. He explained the workings of the Oregon Weather Bureau and the good it was doing the farmers and the state at large. The Arlington Corners Band was in attendance both days and discoursed some fine music for the occasion. The speakers were P. S. Fargo, Prof. H. G. French, Dr. Withercup, Gen. Goodhue and A. B. Cordley.

Our public school will close next Friday. The farmers of this locality are busy plowing and putting in grain, most of the land being in fine condition. Rev. Clark commenced revival meetings at Bialock the first of the week. Some of our people went over to attend the meetings. Jack Frost was quite visible Tuesday morning, but the warm rays of the sun soon sent him off to the Klondike or somewhere else. Last week seems to have been unlucky for a number of our people, all of them on account of their own carelessness. A few days ago Mrs. R. M. Johnson was thrown from her horse by the horse falling down, hurting her very badly, and she is still quite bad off. One Wick was thrown from his horse last Saturday and was badly shaken up. While coming from Fossil last week Miss Emma Wick's horse fell with her, and in the fall in some way the horn of the saddle struck her in the side, injuring her very seriously. Dr. Snow was summoned from Fossil to attend her, and at present she is much better. Rev. Barnhart closed his three weeks' revival meetings last Sunday evening. The several gentlemen present in consideration of his time in the Sunday morning service in rounding up the correspondence for using the word "regenerate" in connection with baptizing last week. He said he wished the Co. to know that there was no regenerate power in baptism, that it was a work of grace, if you please, which the Baptist church puts on its members. His name as people do in their circles. Well, we accept the proposition. We thought it must necessarily be some benefit to those who had already been baptized two or three times before, when they went through the same process again. Seems to me that there is not room for many more brands on some of them. H. N. Fraser left Monday for a visit to Portland. Charley Fix is preparing to build a bowling alley in the stable adjoining his store. He will raise the upper floor 2 feet and put in a new ceiling, slides, and floor, in fact, he will make the whole building a neat sporting resort.

Once more I will ask all those who are indebted to me for harness and saddlery to call and settle immediately and save further costs. T. L. Poirerroom. Republican County Committee Meeting. A meeting of the Republican County Central Committee will be held at Condon, Oregon, on Wednesday, March 9, 1898, at 2 o'clock p. m. for the purpose of calling the Republican Primaries and County Convention. A full attendance is earnestly requested. S. G. HAWSON, Chairman. Populist Primaries. The populists of Gilliam county are requested to meet at the usual voting places in the different precincts on March 14, 1898, at 2 o'clock P. M. and elect delegates to the populist county convention, which is called to meet at Condon on Saturday, March 18, 1898, at 10 o'clock A. M. to elect delegates to the state convention, which meets at Portland on March 22nd, and for any other business that may properly come before the convention. Each precinct is entitled to have delegates as large and one for every voter and one for every section of 2 or over, the opportunity being made from the vote cast two years ago for W. J. Edwards for representative, as follows: Condon.....1 Butte Creek.....5 Lone Rock.....2 Rock Creek.....3 Mayville.....2 Ferry Canyon.....2 Howe Creek.....1 Matney.....2 Trallorf.....2 Arlington.....2 Bialock.....1 Crown Rock.....1 Total.....23 All populists are urged to attend the primaries and take part in the selection of representative delegates as delegates, and all individuals are urged to attend the convention in person. J. H. CLARK, Chairman.

OLEX EXPLOSIONS.

Preparations are being made for an addition to the Olex store. There will be preaching at Olex church this coming Sunday. All are invited. L. O. Ralston sold 10 head of work horses to Mr. Frank Rayburn last week. They will be taken to Portland. Mr. David Bowman, an accomplished blacksmith, has located in Olex. Mr. Bowman is recently from the Valley. Mr. Capen of the Capen Shop Co., has had one of L. O. Ralston's fine teams out for the past week on an interior trip. Ligh Hendricks and Henry Wilkins last Saturday, before Justice Ehl in Arlington and got judgment for \$125 and costs. March has not performed as of yore. She did not come like a lion, but she went out that way and the lamb is sacrificed. John Randall returned from Monmouth last week, where he has been going to school the past winter. John likes this country better than he does Webfoot. Road supervisor Kiser has a force of men plowing the roads around Olex to excellent advantage. The roads up and down Rock creek are in bad condition, but Mr. Kiser will soon have them in fine shape. We learn with regret that Mr. S. P. Shatt has disposed of the Olex plant, and retired from the area of grapefruit and lemons. He is like an old shoe—the longer we know him the better we like him. We wish for the new proprietor the prosperity extended to the plant, and his paper will do the rest if he is a newspaper man. He has a good field to work in and expand. The finest line of dry goods, ladies' furnishings, etc. that has ever been seen in Olex will shortly arrive; also a very large stock of gentlemen's, ladies' and children's everyday and dress clothes, both from Oregon and Eastern factories. Ladies desiring to purchase should call and inspect these goods before purchasing elsewhere, for they will be sold at competitive prices. The dance at Olex last Friday night was a decided success. Olex is there when it comes to giving good entertainments. Many people came from long distances—Mr. Hart, Ora Vining, Leonard Wheeler, Mr. Batcher and quite a number of other Arlingtonites; Mr. Ebert and sister, Mr. Horton, and quite a number whose names we did not learn came from Condon. Come again. J. E. Redmond, who lives four miles southeast of Olex, offers a reward of \$100 for conviction and \$20 for information leading to the arrest of parties tampering with his stock. Mr. Redmond has lost 12 head of horses in the past year. A few days ago he found one horse with a wire around its ankle, and so tightly twisted it could not have got there only with hands and pitchforks. One can hardly think there is any one around Olex that would punish stock to vent their spite against the owner, but Mr. Redmond is positive that many of his horses on the range have been poisoned. Henry Wilkins has also lost about 12 head of horses in a similar manner. We hope the parties will take warning and quit before they get into serious trouble.

A Card.

Bocher Flat, Ore., Feb. 22, '98. Ebron Glenn—It seems that the people have heard a rumor to the effect that I have gone back to the Republican party, and I deem it my duty to set myself straight before the community. I have not gone back to the Republican party, but am ready to welcome that party when it comes back to me. I am just what I have been all along, a 10 to 1 silver man, and an advocate of a great many other reforms that are demanded in the Olex platform. Respectfully, B. S. SIXKOV.

There is no danger of anybody being troubled with dyspepsia, sour stomach, right or left, or any other of those "Painful" ailments which ruin the health so quickly and surely as bad food, and nothing creates so much harmony and cheerfulness in a family as good, light food and hearts.
