LOCAL NEWS.

Mrs. T. G. Johnson is at Portland this week. Richard Campbell, of Lost Valley, was in town yesterday. Clarence Branton was in town from Eugene last week. Geo. Gibbons and son are painting the new Masonic building. There has been an epidemic of woodshed building in town lately. Mrs. John Magee was in town from their ranch on Thirty-mile Saturday. Charlie Earhart returned last Friday from a two weeks' visit to Portland. J. W. Miller, of Linn county, is teaching school in Dist. No. 30, near Mayville. The District Silver Advocate, formerly published at Vale, has been moved to Ontario. George Angell has accepted a position as night bar tender at Jean Leboos' saloon. Deputy Sheriff Pinkham was in the south end of the county this week on official business. Arthur Harlow has returned from the mountains, and will spend the winter in or near Condon. President McKinley and Gov. Lord have each designated Thursday, Nov. 24th as Thanksgiving day. The Z. F. Moody Warehouse at this place has been sold to Balfour, Garthrie & Co., of Portland.—Arlington Record. Drs. Heyman, the German specialists, left Saturday morning for Heppner. They will visit Condon again in December. A reward of \$1,000 is offered for the arrest, dead or alive, of Frank Forrester who killed Phillip Brogan at Antelope on the 8th inst. The well-known law firm of Gurley & Dobyns, of Arlington, has been dissolved by mutual consent. Mr. Gurley will continue the business at Arlington, and Mr. Dobyns will probably locate elsewhere. Earhart & Moore are putting in their new Acetylene gas machine this week and will soon have the best lighted place in town. Syl Palmer will also have the new light in his barber shop in the adjoining room. The first kiln of brick ever burned in the Condon brick yard has cooled and the brick are of first-class quality. It will now be in order for some of our enterprising business men to put up a good brick business building next summer. Through a mistake on the part of somebody the piping and other material for the Condon water works were unloaded at The Dalles last week, instead of at Arlington, thereby causing some delay in the commencement of the work of pipe laying. Auctioneer G. L. Neale reports that at the sale of personal property at Frank Springton's place last Friday, everything sold away up. Cows brought all the way from \$28 to \$46, and horses from \$7 to \$42. The household and kitchen furniture and farming implements also sold well. New subscribers received since last issue are: R. Campbell, Lost Valley; Al McConnell, Mayville; T. L. Stewart, Fossil; S. C. Thompson, Central Point, Oregon; C. L. Flint, Havelock, Iowa. Renewals: J. A. Kiser, S. S. Grider, J. F. Cooke, J. O. Fortwood and Pat Connolly, Condon; H. R. Ramsay, Mayville; John Magee, Lone Rock. The team attached to H. G. Jordan's butcher wagon ran away on Sunday near D. B. Trimble's place and took a lively sprint through town. Four quarters of beef were in the wagon when they started and the meat was scattered from the church to the postoffice. At that point the tugs gave way and the wagon was left, while the team disappeared in the dense fog. The damage done was slight. Miss May Wallace, a teacher in the Pendleton academy, was shot through the body while standing by a window at the home of her parents in that city one evening last week. The shot was fired through the window glass by some person who stood on the outside of the house. Suspicion rest upon a young Chinese named Gion as the perpetrator of the crime. It is believed the wound will prove fatal. There is no scarcity of dogs in Condon this winter. This announcement is made for the benefit of any one who may be considering the proposition of shipping in a few hundred canines to supply an imaginary deficiency. We have dogs, good, bad and indifferent; big dogs and little dogs, lame dogs and active dogs, hounds, curs, poodles and pups; valuable dogs, and dogs that are not worth a dog-gone, and a goodly number of thoroughbred, "valiant" dogs that nature probably intended for a sausage factory, which, so far, have escaped the executioner. Town killers are classified into eight separate branches, as follows: First, those who go out of town to do their shopping; second, those who are opposed to improvements; third, those who prefer a quiet town to one of push and enterprise; fourth, those who imagine they own the town; fifth, those who deride public-spirited men; sixth, those who oppose every movement that does not originate with them; seventh, those who oppose every movement that does not appear to benefit them; eighth, those who seek to injure the credit or reputation of individuals.—Watchman.

Oregon at Omaha.

Oregon people can point with pride at the record made by the exhibits from their state at the Omaha Exposition. To this state—an empire within itself—was awarded 123 medals, three more than was given to any other state, and five diplomas of the highest award of merit. A summary of the awards shows that Oregon agricultural displays led, with 18 medals; mining and minerals, 37; educational, 5; horticultural, 50; fishery, 2; forestry, 9; and miscellaneous, 7. Twenty-two medals are gold, 27 are silver, and 37 bronze. There are 41 honorable mentions. In the agricultural display there are three first prizes, 10 gold medals and five silver and bronze medals. In this the highest award is made. In the mining display there is a first prize, one gold medal, two silver and 23 bronze medals. In education, the award is four gold medals, and one silver. This decision is especially gratifying on account of the limited display. In horticulture, five gold medals are awarded, 11 silver medals, and 16 bronze medals and 18 honorable mentions of highest merit are given. One gold and one silver medal is given for the fishery display. In the forestry display, seven gold medals, one silver medal and one bronze medal are given. The trophies and medals secured for Oregon exceed those won by any other three states represented at the exposition.

Teachers' Examination.

Superintendent W. W. Kennedy, assisted by Misses Grace Cooke and Mabel Halstead, held the regular quarterly examination of teachers here last week. Miss Mollie Harburt, of Arlington, Mr. R. M. Rodgers, of Ferry Canyon, and Mrs. O. B. Miles, of Fossil, took the examination. Miss Harburt received a first grade certificate, Mr. Rodgers a second grade, and Mrs. Miles a third grade. The last named lady passed high enough to entitle her to a second grade only for the reason that she had not taught the required length of time to receive higher than a third grade certificate.

Cables—West.

On Sunday evening, Nov. 6, 1898, Mr. Elgin Cables and Miss Nettie West were united in marriage at the home of the bride's parents on Rock creek, Judge H. D. Randall performing the ceremony. About 40 guests were present to witness the ceremony and to join in congratulations to the popular young couple, who are highly respected, and deservedly so by all who know them. The wedding ceremony was performed promptly at 6:30 p. m., and shortly afterward an elegant wedding dinner was served. The Globe extends best wishes.

Canyon City Destroyed.

The entire business portion of Canyon City was destroyed by fire on the night of the 11th inst. Only a few residences, the court house, News office and the bowling alley remain. The origin of the fire is supposed to be from a lamp explosion in the Elkhorn Hotel. There was no insurance on any of the property with the exception of the Masonic hall and the loss will leave many of the business men bankrupt.

MAYVILLE.

David Gibson's family, of Hoover creek, are all down with a gripe. Miss Mary Keys and father are expected home from The Dalles next week. Abner Cantwell, and invalid mother moved into the Stinchfield residence last week. Mrs. Anna Maxey (nee Anna Fortas) is visiting her relatives on Keys' Flat. She is a resident of Ellensburg. Miss Louie Frieze, who has been working at the hotel, was called home Monday on account of her mother's illness. Wm. Sarey will take a trip to the Valley next week for the benefit of his health, which has been very poor the last year. The Fitzmaurice family, of Fossil, will move into the parsonage here in a few days. They will be a welcome addition to our town. Rev. Lindsey, one of the greatest Evangelists that has ever been on this coast, will hold a revival at Fossil in January. From appearance, one young man of Badger will not live in single blessedness very long, as he hauled out a load of furniture from Arlington last week. Mrs. M. E. Weir and children, of Arlington, are visiting friends in Mayville this week. Gladys, the youngest child, has been quite sick with symptoms of pneumonia. Most Reverend William H. Gross, third Archbishop of Oregon, died at Baltimore, on the 14 inst. of heart disease. F. C. Hindle, the efficient and obliging agent of the O. R. & N. Co., at Arlington has been promoted and has been succeeded by J. E. Crane. Dr. Bonham, The Dalles dentist, will be in Mayville Nov. 10th, and in Condon Nov. 15th. Do not have students practice on you, but wait for Dr. Bonham, who is a graduate of a reputable dental college and has had years of experience in the profession. If Frank Springton, and family, left yesterday for Santa Anna, California, where they will spend the winter. They will probably locate permanently there if that climate succeeds in ridding Frank of his anatomic trouble. The many friends of this estimable family will regret to lose them as neighbors but all wish them health and prosperity wherever they may go. The Globe is reliably informed that parties purchasing forfeited railroad lands to the extent of \$200 acre, are not deprived of their homestead right, by so doing, provided the railroad land was settled upon and improved prior to August 30, 1890, such initiated claims being excepted in the law of August 30, 1890, restricting persons to only 320 acres thereafter. They were spooning in the orchard. She was romantic and dilated to overflowing with the ecstasy of love, but he, prosaic brute, saw and felt naught but the realistic. "All nature is in sympathy with lovers, even the apple trees are moaning and sighing," she said. "So would you, if you were as full of green apples as those trees are," he replied. And then the silence that ensued was absolutely painful.—Ex.
