LOCAL NEWS.

1899. Winter weather. Goodbye Holidays. The next is St. Valentine's day. Attend the entertainment tomorrow night. The first load of pipe for the water main arrived yesterday. Will Snell and family, of Olex, visited relatives and friends here last week. Above The Clouds tomorrow night at Armory hall. Admission 25 cents. Commissioners Dyer and Pitter are here this week attending county court. Dr. Hudson will move his stock of drugs, etc. into the new building in a week or so. E. P. Weir, of Arlington, spent Sunday in Condon and left for home on Monday's stage. Judge Martner came in on the stage Monday to attend the regular term of county court, in session this week. Misses Maude and Clara Hanna, of Trail, B. C., are visiting at the home of their uncle, John Palmer, near this place. Harry Keys, who got mixed up in a runaway scrape with S. B. Barker's team some time ago, is getting all right again. Frank Maddock has returned from his visit to Michigan and is glad to be at home again. Gilliam county is all right says Frank. John Grisham, of Mayville, died suddenly at that place Saturday and was buried Sunday. He was about 45 years of age and left one son. John M. Chase, an avowed socialist, has been elected mayor of Haverhill, Massachusetts, a city of 40,000 population. The socialists also elected a majority of the city council. A pleasant dance was given at the hall Friday evening by Fred Wilson and Elgin Myers. A pleasant evening was spent by the participants. Senator Matt Quay, of Pennsylvania, is having a hard fight for re-election. Many republican members of the legislature object to again sending an alleged bank wrecker to the U. S. senate. Frank Palmer's little daughter, Elsie, suffered an attack of pneumonia last week while on a visit at Steve Couture's in Ferry Canyon, but is now better. J. F. Reischer has moved his harness and saddle establishment into the new Masonic building. The post office has also been moved into the same building. Randle Palmer's baby was dangerously ill with pneumonia last week but is now better. Mr. Palmer's mother, and sister Annie are over from Fossil helping take care of the little one. J. W. Blake came up from The Dalles last week and is the guest of the Barr brothers and Mr. and Mrs. Burroughs. Since coming here he has been confined to the house with an attack of the mumps. Miss Nellie Brown entertained a number of her friends Saturday evening at a "watch party." The old year was dismissed and the new one ushered in under most favorable auspices. A jolly evening was spent. Don't forget the benefit entertainment at Armory hall tomorrow evening. "Above The Clouds" will be reproduced, the proceeds to be used in assisting to rebuild Frank Moore's house, recently burned. Admission 25 cents. New Year's Day in Condon was fearful. A cold, frosty, frigid fog, and the citizen who poked his nose outside his own door was out of luck unless he poked it inside some neighbor's dining-room and helped discuss a big fat turkey. Miss Sadie Russell returned last week from The Dalles, where she was the guest for a week or so, of Mrs. H. Bour, and Miss Mattie Hannagan. Mrs. Bour accompanied her home and will spend a couple of weeks visiting relatives and friends here. Mr. Wilkinson White, of Trail Fork, visited in town for a few days this week, returning to his home Tuesday. After reaching home the old gentleman had the misfortune to fall on the icy walk, thereby dislocating his shoulder. Dr. Hudson was called to attend him. John Jackson and Fred Monroe attended the dance given at Alex Dathie's ranch last Friday evening and report a splendid evening's enjoyment. First-class music and an elegant supper were a part of the good things of the evening, and the large crowd present enjoyed themselves to the utmost. D. F. Stricklin came up from his Rock creek ranch through the bitter storm Sunday, bringing with him his step-daughter, Miss Nora Miller, who is attending school here, and Mrs. True, who has just finished teaching a successful five months' term in Dist. No. 5. Mr. Stricklin returned Monday. In stating that Mr. Snyder had just returned from Condon, after completing the Masonic building here, the Arlington Record hit about 400 miles from the mark. Mr. J. A. McMorris had the contract for that building, and his help was all found in the Condon and Mayville countries. Mr. Snyder had the contract for that building at one time but, for reasons best known to himself, threw it up. The building is a fine one and would do credit to any town in the county, and Mr. McMorris is entitled to the credit of building it.

This Should Be Remembered.

At the request of County Clerk Frazer, we call attention to the following matters for the information of the public: ALL LOCAL TAX LEVIES MUST BE MADE IN JANUARY. Sec. 4. Session Laws of 1893 read as follows: "It shall be the duty of each school district and of each incorporated town and city to notify, in writing, the clerk of the county court within which the school district, town or city is respectively situated, of the rate per cent of the tax levy made by it, on or before the first day in February in each year, which notice shall be kept on file by the several clerks and remain a part of the records of the office." Localities interested in a tax levy for their respective school districts and towns should post notices if required, meet and vote their tax if desired, and report the same on or before February 1st to the county clerk. RULINGS BY INTERNAL REVENUE DEPARTMENT CONCERNING REVENUE STAMPS ON OFFICIAL AND OTHER BONDS. "Bonds given by persons appointed by the court, conditional for the faithful performance of the duties of their office, such as Receivers, Assignees, Executors, Administrators, Guardians, etc., are not exempt, and the Stamp tax must be paid thereon." "Bonds required in legal proceedings, such as prosecution bonds, injunction bonds, bonds to stay proceedings, bonds on appeal, bonds for costs, bond for appearance, bail bond, etc., are excepted from the Stamp tax." The following is the law as to Bond tax: "Indemnifying bond of any kind, and all other bonds, except those required in legal proceedings, and not otherwise provided for, 50 cents for each bond is required." Persons having executed or filed such bonds since July 1st last, should proceed to stamp them each with 50c Revenue Stamps and avoid trouble with the Revenue officers. There are a number of bonds in the clerk's office at this time without proper stamps.

Bloody Tragedy at Seaside.

A fearful tragedy occurred at Seaside, Clatsop county, on Friday last week, whereby Sheriff J. W. Williams, Deputy Sheriff James Lamers and Deperado Charles Willard lost their lives, and Deputy Sheriff A. E. Miller was seriously wounded. Senator C. W. Fulton was also with the sheriff's posse and took a hand in the fierce battle. The posse started to arrest Willard, who was charged with burglary and arson, and the fight took place with the above results. After Willard had killed the sheriff and deputy he started to escape and Senator Fulton "winged" him with a well-aimed shot from his Winchester. The desperado fell and was thought to be dead, but after Mr. Fulton started for help he drew a pistol and began shooting at Deputy Sheriff Miller, who responded with a rifle shot which finally dispatched him. Willard was known as a Texas desperado. Senator Fulton will be remembered by Condon people as one of the Republican speakers at this place during the late campaign.

Immigration Convention.

J. C. Cooper, Henry L. Pitcock and Wm. Goslin have been appointed by Gov. Lord as a state board of immigration, and these gentlemen have called a convention, to meet in the city of Portland on Saturday, Jan. 21, 1899, at which time the subject of securing the immigration of a desirable class of citizens to our state will be considered in all its numerous phases. The convention is to be composed of mayors, county judges, county commissioners, members of the legislature and newspaper men, and such representative citizens as may be appointed by mayors and county judges or commissioners. The subject is an important one to the state, and it is the earnest wish of the board that every county should be represented.

K. P. Installation.

The regular semi-annual installation exercises of Etnymion Lodge No. 66 will be held in the lodge room on Tuesday evening, Jan. 10th. All officers and members of the order are urged to be present on that occasion. C. O. Postwood, C. C.

If you don't get a letter or paper on the day you expect it, have the postmaster look through all the boxes and down the cellar aisle. It ought to be there somewhere and he likes to hunt for it just to please you. If your friend don't write, cuss the postmaster. He is to blame. If he tells you there is no mail for you, put on a grieved expression and say, "There ought to be some." He is probably hiding your mail for the pleasure of having you call for it two or three times a day. Ask him to look again.

No; Schilling's Best tea, coffee, baking powder, soda, flavoring extracts and spices are not "just as good" as other brands—they are better. For sale by Dunn Brothers.

LONE ROCK.

The school children have had a week's vacation. Xmas times for 1898 have come and gone. Everything was very quiet about our burg. The election of officers and teachers for the Lone Rock Sunday school was held on Xmas day. All the stock in this locality are being fed in good shape and look fairly well, and feed seems to be plentiful. Rev. Clark, of this place, was over to Wallton, previous to the holidays, assisting the preacher of that place for several days during a revival meeting. The weather has been very changeable for the past week. Considerable snow has fallen, but the warm winds have kept it from remaining long in the low grounds. About three inches more snow fell last Monday with favorable indications for a big lot more. The youngest child of Mr. and Mrs. C. L. Cason, a boy of 3 years, died on the 27th of last month and was buried on the 28th. Mrs. Cason's mother and brothers, of Lone, were summoned and were present when the little fellow died. The bereaved parents have the heartfelt sympathy of all in their time of sorrow and affliction.

LOST VALLEY.

Six inches of snow in our locality at present. A. A. Anderson was here this week on business. Mrs. Jos. Brennan, of Backhorn, was visiting here this week. Herbert Halstead and family have returned from Condon, having spent the holidays at that place. Harry Halstead returned the first of the month from Condon, where he had been enjoying the holiday festivities. Mr. Brown, the violinist, returned from Lone Rock to Fossil, after playing for the Christmas dance at that place. Mr. E. Reed, of near Olex, was in our midst the 28th and 29th ult. looking at some horses with a view of purchasing. Joseph Frizzell and F. W. Constrict have been gathering some horses that had strayed away during the last election. They report outside range horses so poor that this last storm will relieve a great many of them from their suffering. The business men of Canyon City have sensibly decided to increase the width of the main business streets before rebuilding the town. The town will be rebuilt in the spring. Mrs. Cordelia Botkin, who has lately been on trial at San Francisco on the charge of sending poisoned candy by mail to Mrs. Dunning, at Dover, Del., thereby causing her death, was on Friday found guilty of murder in the first degree and sentenced to life imprisonment. At high noon, on New Year's day, the Spanish flag was hauled down from the flagstaff on the governor's place, at Havana, and the stars and stripes was raised in its place. Cuba is now a dependency of this government, and Spanish rule on the western hemisphere has ended forever. Let us return thanks. The Baker City Republican vouchers for the truthfulness of the following: Mr. Frank Porter, of Baker City, reared a hen, and during her short life time she laid eggs which are valued at about \$10. Mr. Porter fattened the hen and killed her for a part of a Christmas dinner, and upon examining the gizzard there were found five pieces of pure gold, the value of which is 50 cents. These gold pieces are about 1/4 of an inch long and resemble pieces of small brass tacks.

This is a Kansas Story.

The horrible news has just reached us from Kansas that during the latter part of the summer a young man climbed a cornstalk to see how the ears were getting along. A shower of rain fell while he was up the stalk, and the corn began growing faster than he could slide down. Three men undertook to cut the stalk down, but owing to its rapid growth it was feared they would not succeed in time to prevent the young man's death by starvation. He was subsisting on raw corn and had already thrown down four bushels of cobs, and it was feared his supply was almost exhausted.
