I Was Completely Helpless With Rheumatism

Could not move, the least bit of a jar would make me shudder with pain. I was afraid I should be a cripple for life, as prescriptions did me no good. Finally I sent for a bottle of Hood's Sarsaparilla which helped me much and two bottles more put me on my feet so that I could walk without crutches. I was soon well enough to work on my farm.—W. H. RHEUMATISM, SCIATICA AND CATARRH

Cured by "5 DROPS" Three Years Ago.

DOCTORS PRONOUNCED HIM INCURABLE

He is still well and writes, on Oct. 10, 1906: "I feel it a duty that I owe to God and suffering humanity to announce to you and all the world what '5 DROPS' has done for me."

SIBERIA, PERRY CO., IND., JAN. 20, 1906.
SWANSON RHEUMATIC CURE COMPANY—I would like to thank you for your great remedy, "5 DROPS," and tell you what it has done for me. I had Rheumatism in every joint in the body, and I had Catarrh of the Head for 30 years, and was so poorly that I lost the use of my legs and arms, and could not move without pain. I was so crippled that I had done but little work for seven long years, and our family physician, a good doctor, told me that my Rheumatism and Catarrh were incurable, and I believed him. But now, AFTER USING "5 DROPS" ONLY TWO MONTHS, I can truly say I HAVE NOT FELT SO WELL FOR SEVEN YEARS. This medicine does more than is claimed for it. At this time my Catarrh is much better and I have scarcely any Rheumatism at all, and the heart weakness and pain are gone. My hearing is now good and my eyesight is much better. I have gained more than 10 pounds of flesh and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child, for it has the same effect on the child as on the mother. It wards off Croup and cures the illness of the child, and causes sweet and refreshing sleep to both young and old. W. M. M. KELLEMS.

SIX TESTIFY TO ITS TRUTH.

In a letter of October 15, 1888, from Mr. Kellems, he says: "I feel it a duty that I owe to God and suffering humanity to announce to you and all the world that I am yet in the ring with untold thousands of others, to testify to the merit of your valuable remedy called '5 DROPS.' I believe I was the first sufferer in this part of the earth to learn of the existence of '5 DROPS,' some three years ago. I was then badly afflicted with Rheumatism in every joint of my body, and I was so poorly that I lost the use of my legs and arms, and could not move without pain. I was so crippled that I had done but little work for seven long years, and our family physician, a good doctor, told me that my Rheumatism and Catarrh were incurable, and I believed him. But now, AFTER USING '5 DROPS' ONLY TWO MONTHS, I can truly say I HAVE NOT FELT SO WELL FOR SEVEN YEARS. This medicine does more than is claimed for it. At this time my Catarrh is much better and I have scarcely any Rheumatism at all, and the heart weakness and pain are gone. My hearing is now good and my eyesight is much better. I have gained more than 10 pounds of flesh and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child, for it has the same effect on the child as on the mother. Aged Woman Rides a Bicycle. Probably the oldest living bicyclist is a woman in County Essex, England, aged 82, who is an adept rider and whose sprightliness is amazing. Her feet could only be kept healthy until very old age if they took proper precautions to prevent diseases of the digestive organs by taking an occasional dose of Hostetter's Stomach Bitters. Even after dyspepsia, indigestion, biliousness and constipation have secured a foothold and become chronic, the Bitters will afford speedy relief.

Cow on the Track. A tourist, who has just returned from South Africa, tells the following anecdote: "On one of the railways—slower than those of Spain—the train crawling along at the rate of six miles an hour, was suddenly brought to a standstill. 'What's the matter, guard?' was the anxious query of a passenger. 'Oh, sir, only a cow on the track.' The obstruction having been removed, the train steamed on, and at the end of an hour the train once more stopped. 'What's up now, guard?' the passenger again asked. 'Is it another cow?' 'No, sir, no,' was the prompt reply; 'some cow, sir.'"—Chicago Journal.

Investigate Miles' Charges. President McKinley Appoints a Court of Inquiry.

Washington, Feb. 11.—The president has appointed a court of inquiry to examine into the charges touching the meat furnished during the war with Spain and other matters involved in the charges made by General Miles against the administration of war affairs. The court will consist of Major-General Wade, Colonel George W. Davis, Ninth infantry, and Colonel Gillespie, corps of engineers.

The court will meet in this city February 15, to investigate the allegations of Miles as to the meat furnished the army. The court will also submit an opinion upon the merits of the case, and Miles' charges, together with such recommendations of further proceedings as may be warranted by the facts developed in the course of the inquiry.

Miles declined to discuss the appointment of the court.

To Succed Eagan. Colonel John F. Weston to Be Commissary-General.

New York, Feb. 11.—A dispatch to the Tribune from Washington says: General Eagan is to be placed on the retired list of the army in a few days on his own application, after 30 years' service, and Colonel John F. Weston, the senior officer of the subsistence department is to be nominated by the president as commissary-general of subsistence.

The arrangement for General Eagan's retirement was made before the president commuted the sentence of dismissal imposed upon him by the court-martial.

By his retirement General Eagan will forfeit \$1,375 from the annual pay to which he would have been entitled for the next six years under the sentence of suspension.

To Bury Its Dead. Olympia, Wash., Feb. 11.—Governor Rogers has received a letter from the father of a young man killed in the recent engagement at Manila, asking the governor what, if any, provision would be made by the state for burial, in the event that the bodies were brought home by the United States. The governor referred the matter to the legislature in a special message, giving his opinion that the state would honor itself by providing suitable burial for its soldiers killed in a foreign engagement.

Another Rich Strike. Skagway, via Victoria, B. C., Feb. 11.—The richest gold strike made for months is reported from McDonald creek, Northwest Territory. The strike is close to the boundary line of British Columbia and the Northwest Territory. The creek drains a natural basin that slopes down toward Lake Marsh and the Upper Yukon. The creek is five miles long.

Surface gravel gave from \$1 to \$2 a pan. In the country adjacent to McDonald creek there are innumerable creeks not yet prospected. The gold is coarse and assays high.

east snow storm has prevailed in the bay and along Massachusetts coast during the past 24 hours. A three-masted schooner, name unknown, is reported wrecked off Nantasket beach. The Hull lifesaving crew has sent out a boat. At present writing it is not known whether or not the vessel's crew are still alive.

Boston harbor was a fury of driven snow and scattered spray. The ferry-boats were under water, and passengers had to wade for it.

The storm played havoc with property along the Lynn and Swampscott shores. The exceptionally high tides swept away all buildings and demolished yachts and other small craft lying upon the shore at Kings Beach in Swampscott.

At Lynn, at high tide, the water went a considerable distance up New Washington street, flooding the cellars of several residences and making car and foot traffic difficult. The sea demolished \$5,000 worth of stone break-water on the front. Down on Cap-Cod a howling northeast blizzard, such as prevailed last November on the awful night when the steamer Portland went down with all on board, raged all day.

None of the lightships could be seen and it was impossible to learn whether the Pollock Rip Lightship was holding its moorings or not.

BY TREMENDOUS SEAS.
Six Men Lost Overboard From the Kinshu Maru.

Vancouver, B. C., Feb. 11.—The steamer Empress of Japan arrived yesterday from Hong Kong and Yokohama. Mail advices say that the steamer Kinshu Maru, which sailed from Seattle December 28, lost six men overboard on her trip across. When two days out the wind blew a gale from the northeast with mountainous seas. Some of the crew, led by Mr. Lapack, chief officer, were securing hatch covers and all movable fittings on the after deck, when a very heavy sea broke over board, completely filling the after deck and washing overboard the spotter, officer and four sailors. Captain Brady at once put about in search of the men, but could not find them. Several companions-ways of the Kinshu were carried away, besides large pieces of bulwarks.

Enterprise. The moving spirit now behind the scheme is Stewart M. Brice. The matter includes valuable concessions for the American-China Development Company in the name of the China Railroad Company. The survey of the road is already in progress. The office of the new company is at Tacoma.

New Portland-Round Line. W. H. Llewellyn and George Tiffany two New York capitalists are at San Francisco. They are said to have come west on an important railroad deal. They have in view the building of a railroad from Portland to Tacoma and Seattle, a distance of 140 miles. Bonds have already been placed in New York to raise the necessary money for the construction of this road. It is common gossip that Llewellyn and Tiffany are agents for the Vanderbilts.

Cutting the Time. The time between Chicago and Omaha has been reduced to 12 hours on the Chicago & Northwestern railway. This is part of the overland limited, which is to reduce the time between Chicago and Portland to three days. The fastest time previously made between Chicago and Omaha on the Chicago & Northwestern was 13 hours and 35 minutes.

A Curious Accident. A curious accident occurred in an Albina, Or., home recently by which a little girl was dangerously wounded by a revolver. The mother found the revolver which she imagined was unloaded. For some reason or other she placed it in an old slipper. The little girl came in and gave this kick causing the discharge of the revolver.

Demand for Our Goods in Mexico. A member of a prominent clay manufacturing company of Kansas City, recently returned from Mexican business tour, states that Mexicans want our goods, "and never hesitate to spend the money for them, and they have got the money, too. Take farm machinery for instance. One ranch man will buy a carload at a time for his own use. They need plows and pumps and windmills and ice plants, and, in fact, all kinds of modern machinery. The trade is there and has long been neglected. We can get it by studying the needs of the republic and catering to its people."

Society Women
and, in fact, nearly all women who undergo a nervous strain, are compelled to regretfully watch the growing pallor of their cheeks, the coming wrinkles and thinness that become more distressing every day.

Every woman knows that ill-health is a fatal enemy to beauty and that good health gives to the plainest face an enduring attractiveness. Pure blood and strong nerves—these are the secret of health and beauty.

Dr. Williams' Pink Pills for Pale People build up and purify the blood and strengthen the nerves. To the young girl they are invaluable, to the mother they are a necessity, to the woman approaching fifty they are the best remedy that science has devised for this crisis of her life.

Mrs. Jacob Weaver, of Bushnell, Ill., is fifty-six years old. She says: "I suffered five or six years with the trouble that comes to women at this time of life. I was much weakened, was unable, much of the time, to do my own work, and suffered beyond my power to describe. I was down-hearted and melancholy. Nothing seemed to do me any good. Then I made up my mind to try Dr. Williams' Pink Pills for Pale People. I bought the first box in March, 1897, and was benefited from the start. A box and a half cured me completely, and I am now rugged and strong."—Bushnell (Ill.) Record.

YOUNG MEN!

For thousands and thousands of young men, it is the only safe and reliable method. No case known in which it has ever failed to cure. It is a scientific remedy, and its use will result in a permanent cure. It is a scientific remedy, and its use will result in a permanent cure. Pink's Cure for Consumption is the only cough medicine used in my house.—D. O. Albright, Millburg, Pa., Dec. 11, 1895.

Mrs. Bragg, in the following letter, tells a familiar story of weakness and suffering, and thanks Mrs. Pinkham for complete relief:
"DEAR MRS. PINKHAM—I think it is my duty to write to you and tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I feel like another woman. I had such dreadful headaches through my temples and on top of my head, that I nearly went crazy; was also troubled with chills, was very weak; my left side from my shoulders to my waist pained me terribly. I could not sleep for the pain. Plasters would help for a while, but as soon as taken off, the pain would be just as bad as ever. Doctors prescribed medicine, but it gave me no relief.
"Now I feel so well and strong, have no more headaches, and no pain in side, and it is all owing to your Compound. I cannot praise it enough. It is a wonderful medicine. I recommend it to every woman I know."
The Sandwich Islanders estimate the beauty of women by their weight.
