Many orchardists are disposed to take a cheerful view of the situation, and say that with all conditions favorable only a short crop could have been expected, for the trees bore so heavily last year that they needed a rest. WHOLESALE MURDER.

Man Kills Two Women, Two Men, a Child and Shoots Himself.

Howard City, Mich., May 13.—Thos. Harvey last night killed his wife, his uncle, Robert Pierson, and his grandmother, and mortally wounded his 8-month-old child, and his father-in-law, John Loganslayer, and finally shot himself, inflicting a wound which is expected to prove fatal. Harvey's uncle and grandmother live one mile north of town. The murderer went there last evening.

It transpires that Harvey, on reaching the home of his mother-in-law, said nothing about his terrible acts at Pierson's home. He offered to sit up by the corpse of his wife's mother. Accordingly the others retired. It was 4 o'clock in the morning when Harvey went to his wife's room and killed her, and attempted to slay his baby and his father-in-law. He also fired at Miss Labard, but without effect. Harvey's wound is serious, but he is certain to recover. He was employed in a furniture factory, and is only 20 years of age. The cause of his terrible acts has not been determined. He asserted that Pierson, his uncle, was quarreling with his grandmother, and he interfered; that thereupon Pierson stabbed and killed the old lady, aged 70, and that he (Harvey) retaliated by shooting his uncle. After shooting Pierson, Harvey stabbed him three times. Harvey then returned to his home, two miles southwest of town. Arriving there, he shot his wife twice. Pierson's home presents a horrible appearance. Pierson's body was found in a chair, and that of the old lady on the floor clad in her night dress. There are signs of a desperate struggle between Harvey and his grandmother, but no indication of any fight between the two men. Harvey himself today informed the sheriff of the murders at Pierson's house. He was then arrested for murdering his wife. He has nothing to say of the tragedy at his home. There are strong threats of lynching.

Christian Science Healers.
New York, May 13.—The Westchester county grand jury, which will meet at White Plains on May 20, will take up the case of Mrs. Clarence Fowler, the Christian Science healer, Liston Barget, Jr., and Ethel Barget, children of Mrs. Liston Barget, whose death they are charged with hastening. The district attorney says that he will ask the grand jury to make a presentment against the treatment of patients by "silent thought" he stopped effectually. The members of the Christian Science church in Mount Vernon have called a meeting for next Sunday, when a prominent member will address them, and the inquest will be discussed. The Christian Science institute will provide all the money to defend its votaries and will put up a stubborn fight.

Church Crusade Against Caterpillars.
Montreal, May 13.—A remarkable demonstration took place at St. Hilair, Quebec, yesterday. Caterpillars which last year played havoc with apple and sugar orchards seem to be more numerous and vigorous than before. A crusade against them was formally opened in the parish church here, where mass was solemnized, after which a religious procession, headed by the priest and choir boys, followed by 150 or more parishioners, marched through the infected section with fervent prayers asking divine assistance in their battle against the plague.

Tornado Struck Mexican Town.
St. Louis, Mo., May 13.—A special to the Republic from Eagle Pass, Tex., says: A tornado struck the mining town of Hondo, in the Sabins valley, Mexico, last night. The bank of coal refuse, which towered high above, was seen to quiver and collapse, completely burying the workmen.

Set Fire to a Freight Car.
Baltimore, May 13.—Three men who were playing cards on a freight car set it on fire early this morning, and one of them, Clarence Kepler, of this city, was burned to death. REAR-END COLLISION

Many People Killed in a Wreck Near Reading.

LARGE NUMBER WERE INJURED

Four Cars Were Telescoped and the Victims Were Terribly Mangled.

Reading, Pa., May 15.—A collision of passenger trains occurred on the Philadelphia & Reading railroad at Exeter, about six miles south of this city, tonight, and a great number of people were killed and wounded. There is no telegraph office at Exeter, and details are therefore difficult to obtain at this writing. The number killed is variously stated to be from 25 to 30. Many are injured.

The regular express train from Pottsville for Philadelphia connected at the station in Reading with a train from Harrisburg which was crowded with excursionists, who had been to the state capital to witness the ceremonies in connection with the unveiling of the Hartranft monument. Many of the Harrisburg passengers at Reading went aboard the Philadelphia express, but it being found that all could not be accommodated, it was decided to send an extra train to Philadelphia to run as the second section of the express. The extra train left 20 minutes later than the express.

At Exeter, the express stopped for orders, and while standing still the extra train crashed into it while moving at great speed. Three of the rear cars of the express were telescoped, and the first car of the extra train was also wrecked. The passengers in these were terribly mangled, many being killed outright, while others had limbs and bodies mangled.

Word was at once sent to Reading, and a special train with physicians and nurses was sent to the scene as quickly as it could possibly be put in readiness.

The identified killed are: John Leaf, Montgomery county; William S. Talon, Norristown; Colonel George Shaw, Norristown; Chief John Sling-shaw, Norristown; John Johnston, Montclair; William Lewis, Norristown; Harry Hunchentger, Norristown; George H. Annis, Norristown; George Showers, Norristown; Harry Wentz, Norristown; Samuel Batty, Conshohocken; Harry Thompson, Norristown; Hiram Shelby, Hatboro; Benton Silvas, Reading.

The injured number about 13.

BY THE SUEZ CANAL.

Admiral Dewey Selects His Homeward Route.

Washington, May 15.—"Send Olympia mail to B. F. Stevens, No. 4 Trafalgar square, London, England," was the notice given out at the navy department today.

This is the first formal indication that the famous flagship is coming home immediately. Upon inquiry it was ascertained that Secretary Long last evening cabled Admiral Dewey permission to return at once to the United States. He has been relieved of the obligation of remaining at Manila until the Philippine commission completes its work. He is not even required to await the cessation of hostilities, but may start homeward at once. The notice posted at the navy department amounts to the information that the Olympia will not remain long enough to receive the next outward mail. The Mr. Stevens referred to is the navy department's agent at London to distribute all of the mail for United States warships in European waters, so he will see to it that the Olympia receives hers as soon as she passes the Suez canal.

FORTIFYING SAN FRANCISCO.

Defenses Being Strengthened by a Battery of Sixteen Guns.

San Francisco, May 15.—The defenses of this harbor are rapidly being strengthened. The work under way now is the mounting of the second battery of 16 mortars on the bluffs above and back of old Fort Winfield Scott. Eight of the huge pieces of ordnance are already in position, and the other are being mounted by men from the Third artillery. These mortars are considerably larger and more destructive than the battery of 16 that was mounted about three years ago. The new mortars are 12-inch steel, breech-loading weapons, throwing a shell weighing 1,000 pounds, while the others carry 800-pound shells. In addition to the mortars a 12-inch rifle and disappearing carriage of the newest model are ready for shipment from the East. A number of other big guns of modern type are finished or in process of construction, and will be placed in position around the entrance to the bay as soon as they are received here.

A Sash and Door Combine.
Chicago, May 15.—The 34 mills engaged in sash, door and blind manufacture in Chicago have combined and on about August 1 next, it is stated, will be taken over by a corporation, probably to be named the American Sash & Door Company, with a capital of about \$80,000,000.

Caught by a Slide.
Shamokin, Pa., May 15.—Four men were instantly killed today by the slide of a portion of a large bank at Connetquot. Several were badly injured. The four bodies recovered were so badly disfigured it was difficult to identify them. The accident occurred while a large number of Hungarians were screening coal in the Centuria breaker. The bank of coal refuse, which towered high above, was seen to quiver and collapse, completely burying the workmen.

Set Fire to a Freight Car.

William Alders was badly burned. He was a fugitive from the house of correction. The flames spread to the cotton warehouse of the Mount Vernon coal and dock mills, and caused \$50,000 damages.

TAKEN BY LAWTON.

San Ildefonso Falls Into the Hands of the Americans.

Manila, May 15.—General Lawton has captured San Ildefonso, nine miles north of Baliuag, which has been his base of operations. Although tremendously well fortified and defended by a large and desperate body of Filipinos, General Lawton's troops rushed the trenches and routed the enemy completely, with the loss of one American wounded.

Fresh troops are beginning to go to the front. Two battalions of the Seventeenth infantry (regulars), that had been holding the line about the city of Manila, will join General MacArthur's division at San Fernando tomorrow, and one battalion of the same regiment will reinforce General Lawton's division near Bacolor. These troops will be replaced by the Twenty-first infantry regiment, which arrived from the United States on the transport Hancock yesterday.

Captain Grant, of the Utah battery, whose success in managing the army gunboats Laguna de Bay and Cavandonga has won him the sobriquet of "the Dewey of the army," has been put in command of the recently purchased Spanish gunboats, whose arms the insurgents captured. These vessels are now being prepared for operations on the rivers and along the coast. The arming of the gunboats is being pushed with all diligence.

Admiral Dewey will begin his return to America in the cruiser Olympia, via the Suez canal. The Olympia will be docked at Hong Kong.

Captain Barker will command the fleet from the flagship Baltimore. Lieutenant Eberle is flag lieutenant. Captain Wilde, of the Boston, will command the Oregon. Captain Whitling leaves on the Boston for America, but will go to San Francisco.

EXECUTION OF BRANTON.

Hanged at Eugene for the Murder of John Linn.

Eugene, May 15.—Claude Branton was hanged today for the murder of John Linn.

Branton retired last night at 11 o'clock, after writing several letters. He slept well, and got up at the usual time this morning, but would not eat breakfast. Reverends Patterson and Handsaker, of the Christian church, were admitted to the jail at 7 this morning, and remained to the end, praying and singing with the condemned.

At 9:30 his people were admitted to the jail door, and conversed with him a few moments. Sheriff Withers then read the warrant.

Branton left the cell at 10:45 under the charge of the sheriff and two deputies. He walked upon the scaffold unassisted and took his place on the trap. When asked if he had anything to say, he replied he had but little.

In a firm voice he told those present that he did not want them to bear any ill-will against his people on his account. He asked for sympathy and prayers, and urged them to walk in God's way.

Sheriff Withers sprung the trap at 10:50, and 15 minutes later life was extinct, and the body was cut down. Not a hitch occurred in the whole proceedings, everything passing off as smoothly as possible. The body dropped five feet.

Before leaving the cell Branton bid good-bye to all around. He was perfectly calm.

Branton left several letters to be mailed, and gave a white tie to his brother and left a Bible to his mother. All was done without a quiver of a muscle. He assisted the officers in tying his hands, and did all he could to help make a success of the execution.

About 60 people witnessed the execution, while a thousand or more stood in the street around the enclosure, but were quiet and orderly. The body was placed in a coffin and delivered to his people.

The crime for which Claude Branton paid the penalty of death was that of taking the life of John A. Linn, a stockman of Condon, Gilliam county, in June, 1898. Courtland Green is now serving a life sentence in the penitentiary for complicity in the crime.

The Filipino Congress.
London, May 15.—A special dispatch received here from Manila says that the Filipino congress now sitting at San Ildefonso is composed of 56 members, of whom 30 favor peace, and an equal number are irreconcilable. The others, holding the balance of power, are ready to admit that absolute independence is hopeless of attainment, but demand better terms at the hands of the United States.

Fell From a Train.
Tacoma, Wash., May 15.—William Godaby, assistant cook of the west-bound overland Northern Pacific train, miraculously escaped death, falling from the train near Ellensburg, while going 30 miles an hour. He landed in a clump of willows beside the track. His fall was not noticed. He walked to the nearest station and took the next train to this city, being only slightly bruised.

The Bicycle Trust.
Trenton, N. J., May 15.—Articles of incorporation were filed with the secretary of state tonight of the American Bicycle Company, with an authorized capital stock of \$80,000,000.

Destructive Explosion.
London, May 15.—A fearful explosion occurred today at Kurts chemical works at St. Helens, Lancashire county, killing four persons and seriously injuring 20.

Fire broke out in the chlorate-house, and a large quantity of chlorate exploded, causing much destruction. Subsequently the boiler exploded, and the whole works were razed. The two is strewn with debris, and most of the buildings in the place were damaged. The total loss is about \$100,000.

FIGHT IN A JUNGLE

Gunboats Dislodge Rebels on the Rio Grande.

HEAVY VOLLEYS AT SHORT RANGE

Manila, May 16.—The tinclad gunboat Laguna de Bay and Cavandonga and a launch, under Captain Grant, ran into a nest of insurgents concealed in the bushes on both sides of the Rio Grande, three miles above Calumpit, yesterday afternoon, and were received with heavy volleys at short range. A sergeant belonging to the Utah
