Meant Confederates. One of Lincoln's little stories has just

come to light. It was told by Dr. Walker at the Long Island church club. He says: "One week before the assassination pital at City Point. I was stationed there as a member of the sanitary commission. was then a boy of eighteen. Imagine my pride at being assigned to convey the President around the hospital. I felt very big. We came to one part of the hospital where we had several tents of what were then called rebel prisoners. With all the pride of a Northern boy I said: 'Mr. Lincoln, do you want to go into all those tents? There are only rebels in there.' Laying his big. generous hand on my shoulder he answered in his quiet way: 'You must mean Confederates.' And I have meant Confederates ever since." That is the true spirit of Decoration day. We should bury all animosities, all hard feelings in the graves of our dead soldiers. We should twine with the olive branch of peace, the woodbine of fraternal love and the honor to the brave compassed by the nasturtium.

Fight for Time. Manila, May 23 .- The United States Philippine commission has submitted to the Filipino commissioners a draft of the form of government the president is to establish. According to this plan a governor-general will be appointed for the islands by the president, as will also a cabinet, and later an advisory council will be elected by the people.

Ready to Give Up. Manila, May 23,-Judge-Advocate Alberto Barretto, one of the Filipino commissioners, conferred today with the American Philippine commission. The primary object of the conference was to ascertain the kind of government that the United States proposes to establish here. The Filipine commissioners have no power to effect a settlement, but must refer all matters to Aguinaldo.

In an interview, General Gregorio Pilar, one of the peace envoys, said: "The insurgents are anxious to surrender, but want the assurance first that there will be no putting to death of the leaders in the rebellion, and some proof that the Americans will

carry out the generous statements in their proclamation. "We have been acquainted with the Americans only a short time. If they are sincere, we will agree to unconditional surrender.
